(b) This subsection shall not apply to any cemetery company established prior to June 15, 1959, so long as said cemetery is in actual operation and has conducted at least one burial. All established cemeteries not in actual opera-

tion as provided herein must submit their charter to the board of county commissioners wherein said cemeteries plan to locate their burial plots for review and approval.

(6) No cemetery company shall be permitted to establish, or operate if already established, a public cemetery for private gain or profit without providing for the future care and maintenance of such cemetery, for which a trust fund shall be established with a trust company operating under the provisions of chapter 660, or a state or national bank holding trust powers under the provisions of chapter 660, provided, that the cemetery company may appoint an individual or a committee of two or more prominent people and lot owners to act in an advisory capacity with the trustee in the investment of the trust fund, and provided further, that a cemetery company, with the consent of the department of banking and finance, may change trustee of trust fund in event of dissatisfaction of service rendered by the trustee. And if any cemetery company heretofore established and operating under the general law governing corporations for profit has refused or otherwise failed to provide adequate future maintenance trust fund in accordance with existing regulations by the department of banking and finance, the department after reasonable notice shall proceed to enforce compliance under the powers vested in it under this section.

(7) When accepting care funds the cemetery company shall deliver to the source from which received an instrument in writing which shall specifically state:

(a) The nature and extent of the care and maintenance to be furnished in detail whether or not set forth heretofore or hereafter in this section;

(b) Care and maintenance offered, promised or stipulated shall be provided to the extent of the entire income derived from trust investments, less reasonable costs of administering the trust.

(c) The following amounts must be set aside and deposited in trust for all rights sold (applicable to all sums received from deferred payment sales until the future maintenance fund amounts to a minimum of fifteen thousand dollars and to all sums received from completed sales irrespective of the amount of the future maintenance fund):

1. For graves, not less than ten per cent of the sale price.

2. For crypts, not less than ten per cent of the sale price.

3. For niches, not less than ten per cent of the sale price.

4. For special care of any lot, grave, crypt, or niche or of a family mausoleum, memorial, marker, or monument, the full amount of endowment received.

(d) The fund so set aside must be invested and reinvested by the trust only as provided in chapter 518 for fiduciary funds;

(e) Deposits required shall be made not later than sixty days after the close of the month in which payment was received.

(8) Within one hundred and five days after the end of the calendar year, and on form provided by the department of banking and finance, the trustee(s) shall furnish financial report with respect to its care fund that clearly indicates the true conditions of such funds.

(9) The department of banking and finance shall require each cemetery company to submit a report, on form provided by the department, of its condition as of such date as it may fix at least once each calendar year, or as often as it may order, and such report shall be submitted within one hundred and five days after the end of the closing of the calendar or fiscal period, and may examine the condition of each cemetery company at such intervals as it may deem necessary, and if licensee refuses or neglects to file such report within the stipulated time, the department shall collect a fee of twenty-five dollars and impose a penalty of \$5.00 per day for each day of delinquency; provided, that upon application to the department prior to the expiration of the one hundred and five day period, and for good cause shown, the department may grant a reasonable extension of the one hundred and five day period.

(10) At such time as the department finds it necessary to examine by audit the affairs of any cemetery company under subsection (8), the cemetery company shall pay an examination fee computed as follows:

With resources up to \$150,000.00.....	\$ 30.00
With resources up to \$250,000.00.....	\$ 37.50
With resources up to \$400,000.00.....	\$ 60.00
With resources up to \$500,000.00.....	\$ 75.00
With resources up to \$750,000.00.....	\$100.00
With resources up to \$1,000,000.00.....	\$125.00

and for additional million dollars, or major part thereof, thirty-five dollars per million dollars. Examination fees shall in all cases be paid by the cemetery company to the department of banking and finance.

(11) The department of banking and finance shall have power to:

(a) Implement by regulations any provision of this section.

(b) Restrict or prohibit the sale or rental of space where the department finds that circumstances make such restrictions or prohibition necessary in the public interest.

(c) Employ such persons as may be required to administer part I of this chapter and fix their compensation.

(d) Formulate and promulgate reasonable rules and regulations governing the conduct of cemetery companies doing business in this state which shall have the force and effect of law and it shall have the power to enforce the same.

(e) Revoke the license of any licensee upon ten days notice and upon reasonable opportunity for the licensee to be heard, for failure to pay fees, make any or such reports required or abide by any other regulations promulgated by the department.

(12) All associations or companies which have heretofore obtained charters under the general law governing corporations for profit, authorizing the operation of cemeteries, either alone or in connection with other purposes, are declared to be valid and legal corporations, for the purposes specified in their charters, including the operation of cemeteries.

(1) The existence of a corporation, hereafter or heretofore formed under the laws of this state, shall in no respect be deemed impaired by the acquisition of all the shares of stock of such corporation by one person or by two persons, nor shall the corporation, by such acquisition, be deemed not to possess any managerial boards or bodies or any capacities, powers or authority which it would have possessed with three or more stockholders, nor shall the corporation, upon such acquisition, be deemed to have become dormant, inactive or incapable of acting as a corporation.

(2) The acquisition, heretofore or hereafter, of all of the shares of stock of a corporation by one person or by two persons is hereby declared to violate no policy or provision of the laws of this state.

History.—§2, ch. 63-379.
Note.—Formerly §608.0101.

608.72 Corporation management by stockholders.—The articles of incorporation of a close corporation may provide that the business of the corporation shall be managed by the stockholders of the corporation rather than by a board of directors; and, if the articles of incorporation provide as aforesaid, the following provisions shall apply:

(1) Wherever the context requires, the stockholders of such close corporation shall be deemed directors of such corporation for purposes of applying the provisions of part I of this chapter.

(2) The stockholders of such close corporation shall be subject to the liabilities imposed by part I of this chapter for action taken by directors.

Note.—Formerly §608.0102.

608.73 Conduct of business without meeting by board of directors or executive committee.—If the business of a close corporation is managed by a board of directors, action taken by the directors or the members of an executive committee of the directors without a meeting shall nevertheless be board or committee action if written consent to the action in question is signed by all the directors or members of the committee, as the case may be, and filed with the minutes of the proceedings of the board or committee, whether done before or after the action so taken.

History.—§4, ch. 63-379.
Note.—Formerly §608.0103.

608.74 Conduct of business without meeting by stockholders.—Any action of the stockholders of a close corporation may be taken without a meeting if consent in writing, setting forth the action so taken, shall be signed by all the persons who would be entitled to vote upon such action at a meeting and filed with the secretary of the corporation as part of the corporate records. Such consent shall have the same force and effect as a unanimous vote of the stockholders, and may be stated as such in any certificate or document filed with the department of state under part II of this chapter.

History.—§5, ch. 63-379; §§10, 35, ch. 69-106.

(1) The stockholders of a close corporation may enter into a written agreement, embodied in the articles of incorporation or bylaws of the corporation, or in a side agreement in writing and signed by all the parties thereto, relating to any phase of the affairs of the corporation, including, but not limited to, the following:

ment in writing and signed by all the parties thereto, and which relates to any phase of the affairs of the corporation, whether to the management of its business or division of its profits or otherwise, shall be invalid as between the parties thereto, on the ground that it is an attempt by the parties thereto to treat the corporation as if it were a partnership or to arrange their relationships in a manner that would be appropriate only between partners.

(3) If the business of a close corporation is managed by a board of directors, an agreement among all or less than all of the stockholders, whether solely among themselves or between one or more of them and a party who is not a stockholder, is not invalid, as among the parties thereto, on the ground that it so relates to the conduct of the affairs of the corporation as to interfere with the discretion of the board of directors, but the making of such an agreement shall impose upon the stockholders who are parties thereto the liability for managerial acts that is imposed by the laws of this state upon directors.

History.—§6, ch. 63-379.
Note.—Formerly §608.0105.

608.76 Director.—The stockholders of a close corporation entitled to elect a director of

such corporation may at any time remove such director, with or without cause, by like action of the stockholders as required for the election of such director, absent a contrary provision by agreement or in the bylaws or articles of incorporation of the corporation.

Note.—Formerly §608.0106.

(3) Arbitration or any other remedy provided in any written agreement of the stockholders upon deadlock of the directors or stockholders has failed.

(1) Assignment includes any written stock power, bond power, bill of sale, deed, declaration of trust or other instrument of transfer.

(2) Claim of beneficial interest includes a claim of any interest by a decedent's legatee, distributee, heir or creditor, a beneficiary under a trust, a ward, a beneficial owner of a security registered in the name of a nominee, or a minor owner of a security registered in the name of a custodian, or a claim of any similar interest, whether the claim is asserted by the claimant or by a fiduciary or by any other authorized person on his behalf, and includes a claim that the transfer would be in breach of fiduciary duties.

(3) Corporation means a private or public corporation, association or trust issuing a security.

(4) Fiduciary means an executor, administrator, trustee, guardian, committee, conservator, curator, tutor, custodian or nominee.

(5) Person includes an individual, a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

610.041 Assignment by a fiduciary.—Except as otherwise provided in this act, a corporation or transfer agent making a transfer of a security pursuant to an assignment by a fiduciary:

(1) May assume without inquiry that the assignment, even though to the fiduciary himself or to his nominee, is within his authority and capacity and is not in breach of his fiduciary duties;

(2) May assume without inquiry that the fiduciary has complied with any controlling instrument and with the law of the jurisdiction governing the fiduciary relationship, including any law requiring the fiduciary to obtain court approval of the transfer; and

(3) Is not charged with notice of and is not bound to obtain or examine any court record or any recorded or unrecorded document relating to the fiduciary relationship or to the assignment, even though the record or document is in its possession.

History.—§3, ch. 61-204.

The corporation or transfer agent is not put on notice unless the written notice identifies the claimant, the registered owner and the issue of which the security is a part, provides an address for communication directed to the claimant and is received before the transfer. Nothing in this act relieves the corporation or transfer agent of any liability for making or refusing to make the transfer after it is so put on notice, unless it proceeds in the manner authorized in subsection (2).

(2) As soon as practicable after the presentation of a security for transfer pursuant to an assignment by a fiduciary, a corporation or transfer agent which has received notice of a claim of beneficial interest adverse to the transfer may send notice of the presentation by registered or certified mail to the claimant at the address given by him. If the corporation or transfer agent so mails such a notice it shall withhold the transfer for thirty days after the mailing and shall then make the transfer unless restrained by a court order.

(2) If a corporation or transfer agent makes a transfer pursuant to an assignment by a fiduciary, a person who guaranteed the signature of the fiduciary is not liable on the guarantee to any person to whom the corporation or transfer agent by reason of this act incurs no liability.

(3) This section does not impose any liability upon the corporation or its transfer agent.

CHAPTER 613

FOREIGN CORPORATIONS

- 613.01 Required to file charter and receive permit to transact business.
- 613.02 Issuing permit to transact business in the state.
- 613.03 Charter amendments after permit issued; copy to be filed; increases in capital stock; filing fees and taxes; penalty.
- 613.04 Cannot maintain action until provisions complied with.
- 613.05 Corporations affected by chapter.
- 613.06 Corporations that are not affected.
- 613.07 "Foreign corporation" defined.
- 613.08 Permit not to be issued when name of corporation similar to Florida corporation.
- 613.09 Invalidity of certain deeds of trust upon property in this state removed; proviso.
- 613.10 Invalidity as to conveyance of real property removed.
- 613.11 Foreign corporations engaging in business without permit, etc.

613.01 Required to file charter and receive permit to transact business.—No foreign corporation shall transact business, or acquire, hold or dispose of property in this state until it shall have filed with the department of state a duly authenticated copy of its charter or articles of incorporation, and shall have received from it a permit to transact business in this state; and any foreign corporation which shall violate the provisions of this section shall render itself, its officers and agents severally liable to the penalties and fines provided in §613.11, but no violation of this chapter shall affect the title to property thus acquired, held or disposed of in violation of the provisions hereof.

History.—§1, ch. 5717, 1907; §1, ch. 6876, 1915; RGS 4095; CGL 6026; §§10, 35, ch. 69-106.

cf.—§360.15 Companies incorporated in other states may construct or own lines in this state, foreign corporations procedure outlined.

§617.11, Foreign nonprofit corporations.

613.02 Issuing permit to transact business in the state.—

(1) Upon the filing of such copy, the department of state shall, if the objects of the corporation are such as are not prohibited by the laws of the state, issue a permit allowing such corporation to transact business in this state, and such corporation shall thereupon be empowered to exercise all and be limited to the same rights, powers and privileges as like corporations organized under the laws of this state, but the department shall not deliver such permit to the corporation until it shall have received from it, for the use of the state, a sum equal to that which the said corporation would have been required to pay as a charter fee upon that portion of its capital employed, or to be employed, in the state if it had been incorporated under the laws of this state. The fee of the department of state for issuing the permit shall be ten dollars. In every case where application is made to the department of state for the issuance of a permit under this section, the department of state shall demand and receive from the applicant, for the use of the state, a fee calculated upon the basis of the total authorized capital stock of the corporation, as shown by its charter, unless the applicant shall make it appear by such affidavit and other satisfactory evidence as the department of state may require to be submitted to it that the

amount of capital of such foreign corporation employed, or to be employed, in the state, is less than the total amount of authorized capital stock shown by the charter of such foreign corporation; in which case, the department of state shall determine, from the evidence submitted to it, what is the amount of capital employed in the state by said foreign corporation, and shall collect a sum in that event equal to that which the said corporation would have been required to pay as a charter fee if it had been incorporated under the laws of the state with an authorized capital equal to the amount of capital employed, or to be employed by such foreign corporation in the state. All determinations of fact made by the department of state in the administration of this law shall be prima facie evidence of the truth and validity of the finding of the department of state as to the amount of capital of such foreign corporation employed, or to be employed, in the state, upon which the charter fee provided for by this section is required to be computed and paid.

(2) This section is declaratory of existing law since the passage of legislation in this state authorizing foreign corporations to do business herein.

History.—§2, ch. 5717, 1907; RGS 4096; CGL 6027; §1, ch. 13640, 1929; §§1, 2, ch. 22653, 1945; §1, ch. 69-293; §§10, 35, ch. 69-106.
cf.—§608.05 Filing fees and taxes for corporations.

613.03 Charter amendments after permit issued; copy to be filed; increases in capital stock; filing fees and taxes; penalty.—

(1) (a) Every foreign corporation amending its charter or certificate or articles of incorporation after receiving a permit as provided in §613.02 shall, within sixty days after such amendment, file a duly authenticated copy thereof with the department of state. The department of state shall issue to the corporation a certificate of the filing after receipt of the filing fees and taxes indicated below.

(b) If the amendment does not authorize an increase in the capital stock, the filing fee shall be ten dollars. If the amendment authorizes an increase in the capital stock, the fees and filing tax shall equal those required of a domestic corporation. The filing tax shall be paid upon the entire increase in capital stock

unless the corporation shall make it appear to the department of state by satisfactory affidavits or such other legal and satisfactory evidence as it may require that the amount of the increase in capital stock to be employed in Florida is less than the total increase. Upon being satisfied that such is true, the department of state shall compute and collect the filing tax on the basis of that part of the increase of capital stock which is employed or to be employed in Florida. Determinations of fact made by the department of state hereunder shall be prima facie evidence of their truth and validity as provided in §613.02.

(2) If any foreign corporation shall otherwise than by amendment increase the amount of capital employed or to be employed in Florida, it shall report such increase to the department of state not later than thirty days after the close of its fiscal year in which the increase occurred. The department of state shall collect from the corporation the same filing fees and taxes upon such increase in capital employed in Florida as if the increase had been made by amendment of the charter or certificate or articles of incorporation.

(3)(a) The department of state may inquire into and determine whether any foreign corporation has become liable for additional fees and filing taxes for increases of capital employed or to be employed in Florida.

(b) All foreign corporations shall pay the additional fee and filing taxes required after such determination by the department of state.

(4) The department of state may revoke the permit of any foreign corporation failing to file any certificate or pay any filing taxes required by this section.

—No permit under this chapter shall be issued to any foreign corporation to transact business or acquire, hold or dispose of property in this state under any corporate name which is or may be the same as the corporate name of any corporation organized or existing under the laws of the state, or so nearly similar thereto as to cause or tend to cause confusion.

617.056 Effect of merger or consolidation.—When such merger or consolidation has been effected:

(1) The several corporations parties to the plan of merger or consolidation shall be a single corporation, which, in the case of a merger, shall be that corporation designated in the plan of merger as the surviving corporation, and, in the case of a consolidation, shall be the new corporation provided for in the plan of consolidation.

(2) The separate existence of all corporations parties to the plan of merger or consolidation, except the surviving or new corporation, shall cease.

(3) Such surviving or new corporation shall have all the rights, privileges, immunities and powers and shall be subject to all the duties and liabilities of a corporation organized under part I of this chapter.

of a public as of a private nature, of each of the merging or consolidating corporations; and all property, real, personal and mixed, and all debts due on whatever account, and all other choses in action, and all and every other interest, of or belonging to or due to each of the corporations so merged or consolidated, shall be taken and deemed to be transferred to and vested in such single corporation without further act or deed; and the title to any real estate, or any interest therein, vested in any of such corporations shall not revert or be in any way impaired by reason of such merger or consolidation.

(5) Such surviving or new corporation shall thenceforth be responsible and liable for all the liabilities and obligations of each of the corporations so merged or consolidated; and any claim existing or action or proceeding pending by or against any of such corporations may be prosecuted as if such merger or consolidation had not taken place, or such surviving or new corporation may be substituted in its place. Neither the rights of creditors nor any liens upon the property of any such corporation shall be impaired by such merger or consolidation.

(6) In the case of a merger, the articles of incorporation of the surviving corporation shall be deemed to be amended to the extent, if any, that changes in its articles of incorporation are stated in the plan of merger; and, in the case of a consolidation, the statements set forth in the articles of consolidation and which are required or permitted to be set forth in the articles of incorporation of corporations organized under part I of this chapter shall be deemed to be the articles of incorporation of the new corporation.

(3) Delegate to its board of directors, managers, or trustees, the power of fixing regular or special dues and assessing fines in such sums as may be fixed or the limits or occasions determined, by said by-laws. The amount of dues so fixed shall become, on and after notice, an indebtedness to the corporation collectible by due course of law. (3) Any foreign corporation not for profit failing to obtain such permit, and its successors and assigns, shall not be permitted to bring or maintain any suit or other proceeding before any court or administrative body of this state; but failure to obtain such permit shall not affect the validity of any contract with or conveyance by such foreign corporation.

(4) In the event any member or citizen shall complain to the department of legal affairs that any foreign corporation permitted under part I of this chapter to carry on in this state, the objects and purposes of its incorporation, or doing business in this state was organized or is being used in this state as a cover to evade any of the laws against crime, or for purposes inconsistent with those stated in its articles of incorporation or charter, and shall submit prima facie evidence to sustain such charge, together with sufficient money to cover court costs and expenses, the said department forthwith shall institute and in due course prosecute to final judgment such legal or equitable

(2) If, within thirty days after the date of mailing such charges as provided in subsection (1), said corporation, or its attorney, has failed to file with the department at its office in Tallahassee a written answer to such charges, coupled with a written request for a hearing thereof, the department shall deem the request for such hearing to have been waived, and may proceed to revoke such certificate of authority.

(2) As used in said law "agent" means any person, firm, partnership or corporation for profit who contracts with or is employed by a corporation under part II of this chapter, for the solicitation or sale of memberships in a plan, hereunder.

(3) As used in said law "counselor" means any person who contracts with or is employed by an "agent" for the solicitation or sale of memberships in a plan, hereunder.

(4) No person, firm, partnership or corporation shall be, act as, or advertise or hold himself or itself out to be an agent or counselor in this state unless he or it is then licensed as such agent or counselor under a currently effective license issued by the department pursuant to the provisions of part II of this chapter.

(5) For the protection of the people of this state, the department shall not issue, continue, renew or permit to exist any such license as to any person, firm, partnership or corporation who has not established to the department's satisfaction that he or it is qualified therefor.

(6) The department shall prescribe and furnish all forms required under this section in connection with the application for and issuance of such licenses and for appointment and termination of appointment of agents and counselors.

(7) The department shall not issue a license as to an agent or counselor except upon written application therefor filed with it at its offices in Tallahassee, to any person who has not met the qualifications therefor, and paid in advance all applicable license fees as provided herein. All such applications shall be made under oath of the applicant.

(8) Application for license as an agent shall be signed by the applicant and the appointing corporation and shall be filed with the department by the corporation proposed to be so represented, and shall be accompanied by an executed copy of all contracts entered into between the corporation and the agent.

(9) Application for license as a counselor shall be signed by the applicant and the agent to be represented and shall be filed with the department by the agent proposed to be so represented, accompanied by executed copies

(10) Each application for license as an agent shall be accompanied by payment of a license fee of \$25.00, and each application for license as a counselor shall be accompanied by payment of a license fee of \$10.00.

(11) The department may propound any reasonable interrogatories in addition to those contained in the application, to any applicant for a license, or on any renewal or continuation thereof, relating to his or its qualifications and any other matter which, in the department's opinion, is deemed necessary or advisable for the protection of the public and to ascertain the applicant's qualifications. The department may, upon completion of the application, make such further investigation as it may deem advisable of the applicant's character, reputation, experience, background and fitness for a license.

(12) If, upon the basis of the completed application for a license and such further inquiry or investigation as the department may make concerning the applicant, the department is satisfied that the applicant is qualified for the license applied for and that all pertinent license fees have been paid, it shall approve the application and promptly issue the same.

(13)(a) The department shall transmit the original and a copy of each license as follows:

1. Agent's license, original to the corporation and copy to the licensee;
2. Counselor's license, original to the agent and copy to the licensee.
3. While the license is in force the original thereof shall be retained by the appointing corporation in the case of agents, and by the agent in the case of counselor.

(b) Each license shall be in such form as the department may designate and show the type and serial number of license, date of issuance, name and address of the licensee, general conditions pertaining to expiration, continuation or renewal, and such other matters as the department deems advisable.

(14) If, upon the basis of the completed application and such further inquiry or investigation, the department deems the applicant to be lacking in any one or more of the qualifications for the license applied for, it shall disapprove the application and notify the applicant thereof, stating the grounds of disapproval. At the same time the department shall return to the applicant or other person entitled thereto any license fee received by it in connection with the application for a license.

(15) All licenses as to which all requisite applications, payment of license fees and evidence thereof in customary form received by the department at its office in Tallahassee, within one calendar month prior to the expiration of the license year then current or

within one calendar month after the commencement of the next following new license year, shall be dated and effective as of the first day of such new license year and shall be as for the entire such license year (subject to suspension, revocation, renewal, continuation or termination as otherwise provided in part II of this chapter); but such a license, if issued pursuant to qualification therefor during the last calendar month of the preceding license year as hereinabove provided, shall be deemed to relate back in effectiveness to the date within such calendar month on which the last of such qualifying requirements was received by the department at its offices in Tallahassee.

(16) The license of an agent or counselor shall continue in force until suspended, revoked or otherwise terminated, but subject to annual continuation by the corporation as to an agent and by an agent as to a counselor named therein, on or before October 1, by payment of a renewal or continuation fee of \$25.00 for an agent's license and a fee of \$10.00 for a counselor's license, accompanied by the corporation's or agent's written request, as the case may be, for such renewal or continuation.

(17) Annually on or before October 1, each corporation and agent shall file with the department the alphabetical lists, statements and information as to licenses being renewed or continued, or being terminated, accompanied by payment of the applicable renewal or continuation fee as set forth in subsection (15).

(18) Any such license as to which request for renewal or continuation is not received by the department at its offices at Tallahassee, as required by subsection (15) shall be deemed to have expired at midnight on October 30 next following such failure. Request for renewal or continuation of any such license or payment of fee therefor which is received by the department after such October 1, but on or before the next following November 1, may be accepted and effectuated by the department, in its discretion.

(19) Upon the expiration of any license, the licensee formerly so licensed shall be completely without any of the authority or rights theretofore conferred by the license, and shall not thereafter, while without the required license, engage or attempt to engage in any transaction or business for which such license was issued. No licensee shall again be granted such a license unless and until he or it applies and fully qualifies therefor as provided in part II of this chapter except as provided in subsection (15). A license issued hereunder is valid only as to the licensee named therein and is not transferable.

(20) Each corporation and agent appointing an agent or counselor in this state, as the case may be, shall file the appointment with the department, and at the same time pay the license fee as prescribed in subsection (16). Every such appointment shall be subject to

the issuance of the appropriate agent's or counselor's license.

(21) As a part of each appointment there shall be a certified statement or affidavit of an executive officer of the appointing authority stating what investigation, if any, has been made concerning the proposed licensee and his background, including a credit report or summary thereof, and the appointing authority's opinion to the best of his or its knowledge and belief as to the moral character, fitness and reputation of the proposed licensee.

(22) In the appointment of a counselor, the agent shall also certify therein, if true, that the applicant has the necessary training or that the agent will guarantee that he will have the necessary training to hold himself out as a counselor, and the agent shall further certify that he or it is willing to be bound by the acts of such counselor within the scope of his employment.

(23) Subject to annual renewal or continuation by the corporation as to agents and by the agents as to counselors as provided in subsection (16), appointment of licensees shall continue in effect until the licensee's license is revoked or otherwise terminated, unless written notice of earlier termination of the appointment is filed with the department by either the corporation as to agents or the agent as to counselors.

(24)(a) Subject to the agent's or counselor's contract rights, a corporation, in the case of agents, and the agent, in the case of counselors, may terminate the appointment of any agent or counselor at any time. The appointing authority shall promptly give written notice of termination to the licensee, either by delivery thereof to the licensee in person or by mailing it, postage prepaid and addressed to the licensee at his address last of record with the appointing authority. Notice so mailed shall be deemed to have been given when deposited in the United States post office mail depository. As soon as possible, and at all events within thirty days after terminating the appointment of an agent or counselor (other than as an appointment terminated by the appointing authority's failure to continue or renew it) the appointing authority shall file written notice thereof with the department, together with a statement that it has given the licensee notice thereof as herein provided.

(b) Upon termination of the appointment of an agent or counselor, whether by failure to renew or continue the appointment or license or otherwise, the appointing authority shall file with the department the information required under subsection (27).

(25) An agent or counselor may terminate his or its appointment at any time, by giving written notice thereof to the appointing authority and filing a copy of the notice with the department. Such termination shall be subject to the appointing authority's contract rights.

(26) Upon receipt of notice of termination

of the appointment of an agent or counselor, the department shall forthwith terminate the pertinent license of the licensee.

(27) The appointing authority shall annually, prior to October 1, file with the department an alphabetical list for each such license type of the names and addresses of each licensee whose appointment and license in this state is being terminated and is not to remain in effect, accompanied by a statement of the appointing authority and such other reasonable proof as the department may prescribe or accept, that written notice of intention so to terminate the appointment and license has been given to each such licensee.

(28)(a) Any appointing authority terminating the appointment and license of an agent or counselor, whether such termination is by direct action of the appointing authority or by failure to renew or continue the appointment and license, shall file with the department a statement of the reasons for, if any, and facts relative to such termination.

(b) In the case of termination by failure to renew or continue the appointment or license, the above required information shall be filed with the department as soon as possible and, at all events, within thirty days after the date of notice of intention not to so renew or continue was filed with the department. In all other cases, such information shall be filed with the department at the time of or, at all events, within ten days after notice of the termination was filed with the department.

(c) Any information, document, record or statement so furnished or disclosed to the department shall be absolutely privileged and shall not be admissible as evidence in or as basis for any action against the appointing authority or any of its representatives.

(29)(a) As to each applicant who for the first time in this state is applying and qualifying for a license as an agent or counselor, the appointing authority shall, coincidentally with such appointment or employment, secure and thereafter keep on file a full detailed credit report or character report, made by an established and reputable independent credit reporting service, relative to the agent or counselor so appointed or employed. Within thirty days after such appointment or employment has been made or commenced, the appointing authority shall furnish to the department on a form furnished by it such information as it may reasonably require relative to such agent or counselor and investigation.

(b) Any information so furnished shall be absolutely privileged and shall not be admissible or used as evidence in any action against the appointing authority, reporting service or other persons furnishing the same.

(30) (a) All funds belonging to the corporation or agents or others received by an agent or counselor in transactions under his license shall be trust funds so received by the licensee in a fiduciary capacity, and the licensee in the applicable regular course of business shall

account for and pay the same to the corporation or the agent, as the case may be, or to any other person entitled thereto.

(b) Any agent or counselor who, not being lawfully entitled thereto, diverts or appropriates such funds or any portion thereof to his or its own use shall, upon conviction, be guilty of larceny by embezzlement and shall be punished as provided by law.

(31) Every agent licensed hereunder shall maintain in his or its office such records as will enable the department and the public to obtain all necessary information relative to his or its business activities, including daily reports concerning memberships in such plans, and such other records as the department shall designate in its discretion.

(32) Any person, other than a corporation, who violates any provision of the licensing procedures and general requirements set forth in part II of this chapter shall, in addition to denial, suspension, revocation or refusal of license or other administrative penalties, upon conviction be punishable as for a misdemeanor by a fine of not less than \$100.00 nor more than \$1,000.00 or by imprisonment in the county jail for not more than 6 months, or by both such fine and imprisonment in the discretion of the court. 617.71 Corporations, liability of counselor.—

Any counselor who is an officer, director, stockholder or employee of a corporate agency shall remain personally and fully liable and accountable for any wrongful acts, misconduct or violations of any provisions of part II of this chapter committed by such licensee or by any person under his direct supervision and control while acting on behalf of the corporation.

History.—§21, ch. 67-599.

617.72 Improper conduct; inquiry.—

(1) The department may, upon its own motion, and shall, upon a written complaint signed by any interested person and filed with it, inquire into any alleged improper conduct of any corporation holding a certificate of authority, or agent or counselor, licensed hereunder, in this state.

(2) In the prosecution of such inquiries the corporation, agent or counselor shall, whenever so required by the department, cause its or his books and records to be open for inspection for the purpose of such inquiries.

(3) As a prerequisite to exercising the right or authority to investigate the books and records of such corporations or licensees, the department shall serve upon such corporations or licensees a copy of the general charges against it or him, so as to apprise it or him of the general purpose, nature and scope of the investigation or inquiry, and including the name and identity of the person, if any, who may have filed a complaint with the department as referred to in subsection (1) if the investigation is any way related to such complaint.

(4) Such general charges are not required to allege any facts constituting such improper conduct as would justify the department in instituting proceedings to suspend or revoke the certificate of authority of a corporation or the license of an agent or counselor.

(5) Service of such copy of general charges may be made by delivering copy to the corpora-

tion or licensee or mailing same by registered or certified mail with return receipt requested, addressed to its or his business or residence address. If so mailed, notice shall be deemed to have been given when deposited in a mail depository of the United States post office.

(6) The charges or complaints against any corporation, agent or counselor may be informally alleged and need not be in any such language as is necessary to charge a crime on an indictment or information.

(7) The expense for any hearings or investigations under this law, as well as the fees and mileage of witnesses, may be paid out of the "insurance commissioner's regulatory trust fund."

History.—§22, ch. 67-599; §§13, 35, ch. 69-106.

617.73 Grounds for compulsory refusal, suspension, or revocation of license.—The department shall deny, suspend, revoke, or refuse to renew or continue the license of any agent or counselor if it finds after notice and hearing thereon as provided for in §617.75 that as to the applicant or licensee any one or more of the following applicable grounds exist:

(1) Lack of one or more of the qualifications for the license as specified in part II of this chapter.

(2) Material misstatement, misrepresentation or fraud in obtaining the license or in attempting to obtain the same.

(3) If the license is willfully used, or to be used, to circumvent any of the requirements or prohibitions of part II of this chapter.

(4) Willful misrepresentation of any contract or willful deception with regard to any such contract, done either in person or by any form of dissemination of information or advertising.

(5) For demonstrated lack of fitness or trustworthiness to engage in the scholarship plan business.

(6) For demonstrated lack of reasonably adequate knowledge and technical competence to engage in the transactions authorized by the license.

(7) Fraudulent or dishonest practices in the conduct of business under the license.

(8) Misappropriation, conversion or unlawful withholding of moneys belonging to others and received in conduct of business under the license.

(9) Willful failure to comply with, or willful violation of, any proper order, rule or regulation of the department, or willful violation of any provision of part II of this chapter.

History.—§23, ch. 67-599; §§13, 35, ch. 69-106.

617.74 Grounds for discretionary refusal, suspension, revocation of license.—The department may, in its discretion, deny, suspend, revoke or refuse to renew or continue the license of any agent or counselor if it finds after notice and hearing thereon as provided in

§617.75 that as to the applicant or licensee any one or more of the following applicable grounds exist under circumstances for which such denial, suspension, revocation or refusal is not mandatory under §617.73:

(1) For any cause for which issuance of the license could have been refused had it then existed and been known to the department.

(2) Violation of any provision of part II of this chapter or of any other law applicable to the business of scholarship plans in the course of dealing under the license.

(3) Violation of any lawful order or rule or regulation of the department.

(4) Failure or refusal, upon demand, to pay over to any one he represents or has represented any money coming into his hands belonging to such person, firm, agent, corporation or partnership.

(5) Violation of the provision against "twisting," as defined in §617.531.

(6) If in the conduct of business under the license he has engaged in unfair methods of competition or in unfair or deceptive acts or practices, or has otherwise shown himself to be a source of injury or loss to the public or detrimental to the public interest.

(7) Conviction of a felony.

History.—§24, ch. 67-599; §§13, 35, ch. 69-106.

617.75 Procedure for refusal, suspension or revocation of license.—

(1) If any licensee is convicted by a court of a violation of part II of this chapter, the license of such licensee shall thereby be deemed to be immediately revoked, without any further procedure relative thereto by the department.

(2) As to licenses denied by the department upon application therefor, the applicant, if aggrieved thereby, shall have the right to a hearing thereon and may appeal to the court from any adverse decision of the department relative thereto as provided herein.

(3) As to licenses issued under part II of this chapter and thereafter suspended or revoked, or renewal or continuation thereof refused by the department, the procedures hereinafter set forth in this section shall apply.

(4) If after an investigation or upon other evidence the department has reason to believe that there may exist any one or more grounds for the suspension, revocation, or refusal to renew or continue the license of any agent or counselor as such grounds are specified in §§617.73 and 617.74, the department shall mail written notice of its intention to suspend, revoke, or refuse to renew or continue the license, accompanied by a copy of the charges against the licensee to the licensee and to each appointing authority. Such notice and charges shall be mailed by registered mail, addressed to the licensee at his or its residence or principal business address last of record with the department, and to the appointing authority addressed to the appointing authority at its or his address last of record with the

department. The notice shall be deemed given when so addressed and mailed postage prepaid at a United States post office or branch thereof.

(5) If within thirty days after the date of mailing the notice and charges as provided for in subsection (4), neither the licensee, nor the appointing authority have filed with the department at its office in Tallahassee, a written answer to such charges coupled with a written request for a hearing thereon, the department may proceed to suspend, revoke, or refuse to renew the license.

(6) If within such thirty days an answer and request for hearing is so filed with the department, the department shall hold a hearing with respect to the charges, the hearing to be held within sixty days of the date of the filing of such answer and request for hearing, unless postponed by mutual consent of the parties. The department shall give the licensee and each appointing authority that has filed with it the answer to the charges and request for hearing as provided in subsection (5) written notice of the hearing and of the matters to be considered thereat not less than ten days in advance of the hearing date.

(7) All such hearings shall be open to the public, unless the right to same is waived by the affected party.

(8) (a) As to the subject of any examination, investigation, or hearing being conducted by it the department or any assistant, deputy, or examiner appointed by it may administer oaths, examine and cross-examine witnesses, receive oral and documentary evidence, and shall have the power to subpoena witnesses, compel their attendance and testimony, and require by subpoena the production of books, papers, records, files, correspondence, documents or other evidence which it deems relevant to the inquiry.

(b) If any person refuses to comply with any such subpoena or to testify as to any matter concerning which he may be lawfully interrogated, the circuit court of Leon county or of the county wherein such examination, investigation, or hearing is being conducted, or of the county wherein such person resides, on the department's application may issue an order requiring such person to comply with the subpoena and to testify; and any failure to obey such an order of the court may be punished by the court as a contempt thereof.

(c) Subpoenas shall be served, and proof of such service made, in the same manner as if issued by a circuit court. Witness fees and mileage, on behalf of the state, if claimed shall be allowed the same as for testimony in a circuit court.

(d) Any person willfully testifying falsely under oath as to any matter material to any such examination, investigation or hearing, shall upon conviction thereof be guilty of perjury and shall be punished accordingly.

(9)(a) If any person asks to be excused from attending or testifying or from producing

any books, papers, records, contracts, documents, or other evidence in connection with any examination, hearing, or investigation being conducted by the department or its examiner on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture, and shall notwithstanding be directed to give such testimony or produce such evidence, he must, if so directed by the department, nonetheless comply with such direction, but he shall not thereafter be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may have so testified or produced evidence, and no testimony so given or evidence produced shall be received against him upon any criminal action, investigation or proceeding; except, however, that no such person so testifying shall be exempt from prosecution or punishment for any perjury committed by him in such testimony, and the testimony or evidence so given or produced shall be admissible against him upon any criminal action, investigation, or proceeding concerning such perjury; nor shall he be exempt from the refusal, suspension, or revocation of any license, permission, or authority conferred, or to be conferred, pursuant to part II of this chapter.

(b) Any such individual may execute, acknowledge and file with the department a statement expressly waiving such immunity or privilege in respect to any transaction, matter or thing specified in such statement, and thereupon the testimony of such individual or such evidence in relation to such transaction, matter, or thing may be received or produced before any judge or justice, court, tribunal, grand jury or otherwise, and if so received or produced such individual shall not be entitled to any immunity or privileges on account of any testimony he may so give or evidence so produced.

(10) Any person who refuses or fails, without lawful cause, to testify relative to the affairs of any corporation, agent or counselor or other person when subpoenaed and requested by the department to so testify as provided in subsection (8) shall, in addition to the penalty provided in said subsection, be guilty of a misdemeanor and upon conviction shall be subject to the penalties provided under §617.65.

(11) The department's statement of charges, papers, documents, reports or evidence relative to the subject of a hearing under this section shall not be subject to subpoena without its consent until after the same shall have been published at the hearing, unless after notice to the department and hearing a circuit court determines that the department would not be unnecessarily hindered or embarrassed by such subpoena.

(12) (a) The department may hold hearings for any purpose within the scope of this chapter deemed by it to be necessary.

(b) The department shall hold a hearing

if required by any provision of part II of this chapter.

(c) Any person aggrieved by any act, threatened act, or failure of the department to act, or by any report, rule, regulation or order of the department (other than an order for the holding of a hearing, or an order on hearing or pursuant thereto), may demand a hearing. The demand shall be in writing and shall summarize the information and grounds to be relied upon as a basis for the relief to be sought at the hearing. Failure to grant the demand within thirty days from the filing of the demand with the department shall constitute a denial of the relief sought, and shall be the equivalent of an order on hearing for the purpose of a petition for rehearing, or reargument, under subsection (16), and for the purpose of an appeal under subsection (17), of this section.

(d) Pending any such hearing and decision thereon the department may suspend or postpone the effective date of its previous action.

(13) (a) Except where a different period of notice is provided by other provisions of part II of this chapter relative to particular matters, not less than twenty days in advance the department shall give notice of the time and place of the hearing, stating the matters to be considered thereat. If the persons to be given notice are not specified in the provision pursuant to which the hearing is held, the department shall give such notice to all persons whose pecuniary interests are to be directly and immediately affected by such hearing.

(b) If any such hearing is to be held for consideration of rules and regulations of the department, or for consideration of other matters, which under paragraph (a) would otherwise require separate notices to more than fifty persons, in lieu of the notice so required under such paragraph (a) the department may give notice of the hearing by publication thereof, in four or more newspapers of general circulation in this state, at least once each week during the four weeks immediately preceding the week in which the hearing is to be held. The published notice shall state the time and place of the hearing and shall specify the matters to be considered thereat.

(c) All such notices, other than published notices, shall be given by delivery to the person to be so notified or by mailing it by registered or certified mail addressed to such person at his address last of record with the department.

(14) (a) A hearing may be held in the department's offices at Tallahassee, or at such other place in this state deemed by the department to be more convenient to parties and witnesses. If the hearing is relative to a denial, suspension, or revocation of license as agent or counselor, if so requested by such person, the department shall hold the hearing at a place not less convenient to such person and witnesses than the department's office located

nearest the place of residence or place of business of the person in this state.

(b) The department or an examiner designated by it, shall preside at the hearing and shall sit in the capacity of a quasi-judicial officer.

(c) The department shall allow any party to the hearing to appear in person and by counsel, who must be a member of the Florida bar, to be present during the giving of all evidence, to have a reasonable opportunity to inspect all documentary and other evidence and to examine and cross-examine witnesses, to present evidence in support of his interest, and to have subpoenas issued by the department at his expense to compel attendance of witnesses and production of evidence in his behalf. Testimony may be taken orally or by deposition, and any party shall have such right of introducing evidence by deposition as may obtain in the circuit courts of this state.

(d) Upon good cause shown the department shall permit to become a party to the hearing by intervention, if timely, only such persons who were not original parties thereto and whose interests are to be directly and immediately affected by the department's order made upon the hearing.

(e) Formal rules of pleading or of evidence need not be observed at the hearing, except that the right of any person to invoke such rules and the rule of exclusion of witnesses at the hearing is preserved.

(f) Unless waived in writing by the other parties to the hearing, the department shall cause a full stenographic record of the proceedings at the hearing to be made by a competent reporter and at the cost of the state. If transcribed, a copy of such stenographic record shall be made a part of the department's record of the hearing. A transcription shall be made if requested by any party in order that such party may have a copy thereof. A copy of the transcribed stenographic record shall be furnished to any party to the hearing requesting the same, and at such reasonable charge therefor as the department may fix. If no stenographic record is made or transcribed the department shall prepare an adequate record of the evidence and of the proceedings. The state's portion of the cost of the stenographic record and transcription thereof shall be paid out of the "insurance commissioner's regulatory trust fund."

(15) (a) Within thirty days after termination of a hearing and completion of the transcript, if any, or of any rehearing thereof or reargument thereon, the department shall make its order on hearing, covering matters involved in the hearing and in any rehearing or reargument, and shall give a copy of the order to all the parties to the hearing.

(b) The order shall contain specific findings of fact by the department in relation to the matter before it, such findings to be based upon a preponderance of the evidence. Any party may file with the department pro-

posed findings of fact, to be accepted or rejected by the department.

(c) The department's order may affirm, modify, or rescind action theretofore taken or may constitute the taking of new action within the scope of the hearing.

(16) Upon written request setting forth the reasons therefor of a party to a hearing filed with the department within thirty days after any order made pursuant to a hearing has been mailed to the persons entitled to receive the same, the department shall, within thirty days after receipt of such request, grant a rehearing or reargument of any or all of the matters involved in the hearing. The filing of a request for rehearing or reargument shall automatically stay the running of the time for taking an appeal pursuant to subsection (17) of this section, but the denial of this request shall not operate to start anew the running of the time for taking an appeal.

(17)(a) All findings of fact, final rulings, orders, or decisions of the department shall be subject to review by appeal to the district court of appeal, first district. Such an appeal shall be commenced within the time provided by the Florida appellate rules after the rendition of such ruling, order, or decision, and in compliance with the rules of procedure as prescribed by the supreme court of Florida for appeals.

(b) The district court of appeal shall affirm, reverse, or modify the department's ruling, order, or decision appealed from. To the extent so affirmed, the court shall thereupon issue its own order commanding obedience to the department's ruling, order, or decision; or, the court may remand the ruling, order, or decision to the department for action in accordance with its order.

(18)(a) The department shall, in its order suspending a license, specify the period during which the suspension is to be in effect, but such period shall not exceed one year. The license shall remain suspended during the period so specified; subject, however, to any rescission or modification of the order by the department, or modification or reversal thereof by the court, prior to expiration of the suspension period. A license which has been suspended shall not be reinstated except upon request for such reinstatement, but the department shall not grant such reinstatement if it finds that the circumstance or circumstances for which the license was suspended still exist or are likely to recur.

(b) No licensee under any license which has been revoked by the department, shall have the right to apply for another license under part II of this chapter within two years from the effective date of such revocation, or, if judicial review of such revocation is sought, within two years from the date of final court order or decree affirming the revocation. The department shall not, however, grant a new license to any licensee if it finds that the circumstance or circumstances for which the pre-

vious license was revoked still exist or are likely to recur.

(c) If licenses as agent or counselor as to the same individual have been revoked at two separate times, the department shall not thereafter grant or issue any license under part II of this chapter as to such agent or counselor.

(d) During the period of suspension, or after revocation of the license, the former licensee shall not engage in or attempt to profess to engage in any transaction or business for which a license is required under part II of this chapter.

History.—§25, ch. 67-599; §§13, 35, ch. 69-106; §1, ch. 69-267.

617.76 Surrender of license.—

(1) Though issued to a licensee, all certificates of licenses issued under part II of this chapter are at all times the property of the state, and upon notice of any suspension, revocation, refusal to renew, failure to renew, expiration or other termination of the license, such license shall no longer be in force and effect.

(2) This section shall not be deemed to require the surrender to the department of any certificate of license, unless such surrender has been requested by the department.

History.—§26, ch. 67-599; §§13, 35, ch. 69-106.

617.77 Administrative fine in lieu of suspension, revocation of license.—

(1) If, upon procedure provided for in §617.75, the department finds that one or more grounds exist for the suspension, revocation, or refusal to renew or continue any license issued under part II of this chapter, the department may, in its discretion, in lieu of such suspension, revocation or refusal, and except on a second offense or where such suspension, revocation or refusal is mandatory, impose upon the licensee an administrative penalty in the amount of \$100.00, or if the department has found willful misconduct or willful violation on the part of the licensee, \$500.00. The administrative penalty may, in the department's discretion, be augmented in amount by an amount equal to any commissions received by or accruing to the credit of the licensee in connection with any transaction as to the grounds for suspension, revocation or refusal related.

(2) The department may allow the licensee a reasonable period, not to exceed thirty days, within which to pay to the department the amount of the penalty so imposed. If the licensee fails to pay the penalty in its entirety to the department at its office at Tallahassee, within the period so allowed, the license of the licensee shall stand suspended, revoked, or renewal or continuation refused, as the case may be, upon expiration of such period and without further proceedings.

History.—§27, ch. 67-599; §§13, 35, ch. 69-106.

617.78 Probation.—

(1) If, upon procedures provided for in

§617.75, the department finds that one or more grounds exist for the suspension, revocation or refusal to renew or continue any license issued under part II of this chapter the department may, in its discretion, except where an administrative fine is not permissible under §617.77, or where such suspension, revocation or refusal is mandatory, in lieu of such suspension, revocation or refusal, or in connection with any administrative monetary penalty imposed under §617.77, place the offending licensee on probation for a period, not to exceed two years, as specified by the department in its order.

(2) As a condition to such probation or in connection therewith, the department may specify in its order reasonable terms and conditions to be fulfilled by the probationer during the probation period. If during the probation period the department has good cause to believe that the probationer has violated such terms and conditions or any of them, it shall forthwith suspend, revoke or refuse to renew or continue the license of the probationer, as upon the original ground or grounds referred to in subsection (1), by its order given to the licensee and corporations or agents represented by him, without the necessity of further advance notice, hearing or procedure.

History.—§28, ch. 67-599; §§13, 35, ch. 69-106.

617.79 Fees, fines, and charges; deposit.—All fees, fines and charges collected by the department pursuant to the provisions of part II of this chapter shall be deposited in the “insurance commissioner’s regulatory trust fund” as provided in §624.0324(1)(s).

History.—§29, ch. 67-599; §§13, 35, ch. 69-106.

617.80 Service of process; appointment of department as process agent.—

(1) Each corporation applying for authority to transact business in this state under the provisions of part II of this chapter, whether domestic or foreign, shall file with the department its appointment of the department and its successors, on a form as furnished by it, as its attorney to receive service of all legal process issued against it in any civil action or proceeding in this state, and agreeing that process so served shall be valid and binding upon the corporation. The appointment shall be irrevocable, shall bind the corporation and any successor in interest as to the assets or liabilities of the corporation, and shall remain in effect as long as there is outstanding in this state any obligation or liability of the corporation resulting from its business transactions therein.

(2) At the time of such appointment of the department as its process agent, the corporation shall file with the department designation of the name and address of the person to whom process against it, served upon the department, is to be forwarded. The corporation may change the designation at any time by a new filing.

(3) Service of process upon the department as the corporation’s attorney pursuant to such an appointment shall be the sole method of service of process upon a corporation authorized to transact business under the provisions of part II of this chapter in this state.

History.—§30, ch. 67-599; §§13, 35, ch. 69-106.

617.81 Exclusive jurisdiction of department.—The department of insurance shall have exclusive jurisdiction in administering the provisions of part II of this chapter.

Such meeting must thereupon be called by the directors. Notice of all special meetings, together with a statement of the purpose thereof, shall be mailed to each member at least ten days prior to the meeting; provided, however, that the by-laws may require instead that such notice may be given by publication in a newspaper of general circulation, published at the principal place of business of the association.

(1) The affairs of the association shall be managed by a board of not less than three directors, to be elected by the members or stockholders, with such qualifications as may be provided for in the articles of incorporation or the by-laws.

The by-laws may provide that the territory in which the association has members shall be divided into districts and that the directors shall be nominated according to such district, either directly or by district delegates elected by the members in that district. In such case the by-laws shall specify the number of directors to be nominated by each district, the manner and method of reapportioning the directors and of re-districting the territory covered by the association. The by-laws may provide that primary elections shall be held in each district to nominate the directors apportioned to such districts and the result of all such primary elections may be ratified by the next regular meeting of the association or may be considered final as to the association. The by-laws may provide that one or more directors may be nominated by the department of agriculture and consumer services or by the other directors nominated by the members or their delegates. Such directors shall represent primarily the interest of the general public in such associations. Such directors shall not number more than one-third of the entire number of directors.

(2) An association may provide a fair remuneration for the time actually spent by its officers and directors in the service and for the service of the members of its executive committee. No director, during the term of his office, shall be a party to a contract for profit with the association differing in any way from the business relations accorded regular members or holders of common stock of the association or others, or differing from terms generally current in that district.

(3) The by-laws may provide for an executive committee to be elected by the board of directors from within or without the membership of the board and may allot to such committee all the functions and powers of the board of directors, subject to the general direction and control of the board.

(4) When a vacancy on the board of directors occurs other than by expiration of term, the remaining members of the board, by a majority vote, shall fill the vacancy, unless the by-laws provide for the nomination of directors by districts. In such case the board of directors shall call a special meeting of the members or stockholders in the respective district to nominate a person qualified to fill the vacancy.

The office of secretary and treasurer may be combined into one office designated as secretary-treasurer, or both functions and titles may be united in one person. The treasurer may be a bank or any deposi-

tory, and as such, shall not be considered as an officer, but as a function of the board of directors, and in such case the secretary shall perform the usual accounting duties of the treasurer excepting that the funds shall be deposited only as and where authorized by the board of directors.

History.—§13, ch. 9300, 1923; CGL 6478; §13, ch. 14675, 1931.

The removal shall be voted upon at the next regular or special meeting of the association, and by a vote of a majority of the members, the association may remove the officer or director and fill the vacancy. The director or officer against whom such charges have been brought shall be informed in writing of the charges previous to the meeting and shall have an opportunity at the meeting to be heard in person or by counsel and to present witnesses; and the person bringing the charges against him shall have the same opportunity.

(2) In case the bylaws provide for election of directors by districts with primary elections in each district then the petition for removal of a director must be signed by twenty per cent of the members residing in the district from which he was elected. The board of directors must call a special meeting of the members residing in that district to consider the removal of the director. By a vote of the majority of the members of that district, the director in question shall be removed from office.

No association shall issue stock until it has been fully paid for. Promissory notes may be accepted by the association as full or partial payment for such stock. The association shall hold the stock as security for the payment of the note; but such retention as security shall not affect the right of any stockholder to vote unless such notes are past due.

(2) No member shall be liable for the debts of the association to an amount exceeding the sum remaining unpaid on his membership fee or his subscription to capital stock, including any unpaid balance on any promissory notes given in payment thereof.

(3) No stockholder of an association organized under this chapter, except an association organized under this chapter or an asso-

ciation as defined in this chapter, shall own more than one third of the outstanding common stock of the association; and an association in its bylaws may limit the amount of common stock which one member may own to an amount less than one third of the outstanding common stock. The association shall limit its dividends on stock both common and preferred, to any amount not greater than eight per cent per annum on the par value thereof, or if such capital stock is without par value, then upon the actual cash value of the consideration received by the association therefor. The association by the vote of its directors, may establish and accumulate reserves out of earnings, including a permanent surplus fund as an addition to capital. Net income in excess of additions to reserves and surpluses so established shall be distributed to the members of the association on the basis of patronage. Any distribution of reserves and surpluses at any time shall be made to members at the time such distribution is ordered on the basis of patronage.

(4) Any receipts or dividends from subsidiary corporations or from stock or other securities owned by the association shall be included in the ordinary receipts of the association.

(5) No member in any association without capital stock shall be entitled to more than one vote; but the by-laws may provide that such members or the holders of common stock in an association with capital stock, may vote upon any or all questions on a patronage basis.

(6) Preferred stock may be sold to any person, member or nonmember, and may be redeemable or retireable by the association on such terms and conditions as may be provided for in the articles of incorporation, and printed on the stock certificates. The bylaws, except as otherwise provided for in this chapter, shall prohibit the transfer of the common stock of the association to persons not engaged in the production of agricultural products and such restrictions shall be printed upon every certificate of stock subject thereto.

(2) In the event of any such breach or threatened breach of such marketing contract by a member, the association shall be entitled to an injunction to prevent the further breach of the contract and to a decree of specific performance thereof. (b) Money or other property wrongfully paid or conveyed to him on account of his contribution.

(3) The liabilities of a limited partner as set forth in this section can be waived or compromised only by the consent of all members; but a waiver or compromise shall not affect the right of a creditor of a partnership, who extended credit or whose claim arose after the filing and before a cancellation or amendment of the certificate, to enforce such liabilities.

(4) When a contributor has rightfully received the return in whole or in part of the capital of his contribution, he is nevertheless liable to the partnership for any sum, not in excess of such return with interest, necessary to discharge its liabilities to all creditors who extended credit or whose claims arose before such return.

(6) The substituted limited partner has all the rights and powers, and is subject to all the restrictions and liabilities of his assignor, except those liabilities of which he was ignorant at the time he became a limited partner and which could not be ascertained from the certificate.

(7) The substitution of the assignee as a limited partner does not release the assignor from liability to the partnership under §§620.06 and 620.17.

History.—§19, ch. 21887, 1943.

620.20 Effect of retirement, death or insanity of general partner.—The retirement, death or insanity of a general partner dissolves the partnership, unless the business is continued by the remaining general partners:

History.—§22, ch. 21887, 1943.

620.23 Distribution of assets.—

(1) In settling accounts after dissolution the liabilities of the partnership shall be entitled to payment in the following order:

(a) Those to creditors, in the order of priority as provided by law, except those to limited partners on account of their contributions, and to general partners,

(b) Those to limited partners in respect to their share of the profits and other compensation by way of income on their contributions,

History.—§2, ch. 61-64.

621.03 Definitions.—As used in this act the following words shall have the meaning indicated:

(1) The term professional service means any type of personal service to the public which requires as a condition precedent to the rendering of such service the obtaining of a license or other legal authorization and which prior to the passage of this act and by reason of law could not be performed by a corporation. By way of example and without limiting the generality thereof, the personal services which come within the provisions of this act are the personal services rendered by certified public accountants, public accountants, chiropractors, dentists, osteopaths, physicians and surgeons, doctors of medicine, doctors of dentistry, podiatrists, chiropodists, architects, veterinarians, attorneys at law and life insurance agents.

History.—§4, ch. 61-64.

621.05 Corporation organization.—An individual or group of individuals duly licensed or otherwise legally authorized to render the same professional services within this state may organize and become a shareholder or shareholders of a professional corporation for pecuniary profit under the provisions of chapter 608 for the sole and specific purpose of rendering the same and specific professional service.

History.—§5, ch. 61-64.

621.06 Rendition of professional services, limitations.—No corporation organized and incorporated under this act may render professional services except through its officers, employees and agents who are duly licensed or otherwise legally authorized to render such professional services within this state; provided, however, this provision shall not be interpreted to include in the term "employee," as used herein, clerks, secretaries, bookkeepers, technicians and other assistants who are not usually and ordinarily considered by custom and practice to be rendering professional services to the public for which a license or other legal authorization is required; and provided further, that nothing contained in this act shall be interpreted to require that the right of an individual to be a shareholder of a corporation organized under this act, or to organize such a corporation, is dependent upon the present or future existence of an employment relationship between him and such corporation, or his present or future active participation in any capacity in the production of the income of such corporation or in the performance of the services rendered by such corporation.

History.—§6, ch. 61-64; §1, ch. 67-590.

621.07 Liability of officers, shareholders, corporation, etc.—Nothing contained in this act shall be interpreted to abolish, repeal, mod-

ify, restrict or limit the law now in effect in this state applicable to the professional relationship and liabilities between the person furnishing the professional services and the person receiving such professional service and to the standards for professional conduct; provided, however, that any officer, agent or employee of a corporation organized under this act shall be personally liable and accountable only for negligent or wrongful acts or misconduct committed by him, or by any person under his direct supervision and control, while rendering professional service on behalf of the corporation to the person for whom such professional services were being rendered; and provided further that the personal liability of shareholders of a corporation organized under this act, in their capacity as shareholders of such corporation, shall be no greater in any aspect than that of a shareholder-employee of a corporation organized under chapter 608. The corporation shall be liable up to the full value of its property for any negligent or wrongful acts or misconduct committed by any of its officers, agents or employees while they are engaged on behalf of the corporation in the rendering of professional services.

History.—§7, ch. 61-64; §2, ch. 67-590.

621.08 Limitation on corporation's business transactions; investment of funds.—No corporation organized under this act shall engage in any business other than the rendering of the professional services for which it was specifically incorporated; provided, however, nothing in this act or in any other provisions of existing law applicable to corporations shall be interpreted to prohibit such corporation from investing its funds in real estate, mortgages, stocks, bonds or any other type of investments, or from owning real or personal property necessary for the rendering of professional services.

History.—§8, ch. 61-64.

621.09 Limitation on issuance and transfer of stock.—No corporation organized under the provisions of this act may issue any of its capital stock to anyone other than an individual who is duly licensed or otherwise legally authorized to render the same specific professional services as those for which the corporation was incorporated. History.—§9, ch. 61-64.

621.10 Disqualification of shareholder, officer, etc.; forfeiture of charter.—If any officer, shareholder, agent, or employee of a corporation organized under this act who has been rendering professional service to the public becomes legally disqualified to render such professional services within this state, is elected to a public office that, pursuant to existing law, places restrictions or limitations upon his continued ren-

dering of such professional services, or accepts employment that, pursuant to existing law, places restrictions or limitations upon his continued rendering of such professional services, he shall sever all employment with, and financial interests in, such corporation forthwith. A corporation's failure to require compliance with this provision shall constitute a ground for the forfeiture of its articles of incorporation and its dissolution. When a corporation's failure to comply with this provision is brought to the attention of the department of state, the department shall forthwith certify that fact to the department of legal affairs for appropriate action to dissolve the corporation.

History.—§10, ch. 61-64; §§10, 11, 35, ch. 69-106; §1, ch. 69-288.

621.11 Alienation of shares, restrictions.—No shareholder of a corporation organized under this act may sell or transfer his shares in such corporation except to another individual who is eligible to be a shareholder of such corporation.

History.—§11, ch. 61-64; §3, ch. 67-590.

621.12 Identification with shareholders.—The corporate name of a corporation organized under this act shall contain the last names of some or all of the shareholders and shall also contain the word "chartered" or "professional association" or the abbreviation "P.A." The use of the words "company," "corporation" or "incorporated" or any other word, abbreviation, affix or prefix indicating that it is a corporation in the corporate name of a corporation organized under this act, other than the words "chartered" or "professional association," or the abbreviation "P.A.," is specifically prohibited. It shall be permissible, however, for the corporation to render professional services and to exercise its authorized powers under a name which is identical to its corporate name except that the words "chartered" or "professional association" or the abbreviation "P.A." is omitted, provided that the corporation has first registered the name to be so used in the manner required for the registration of fictitious names.

History.—§12, ch. 61-64.

621.13 Applicability of chapter 608.—Chapter 608 is applicable to a corporation organized pursuant to this act except to the extent that any of the provisions of this act are interpreted to be in conflict with the provisions of chapter 608, and in such event the provisions and sections of this act shall take precedence with respect to a corporation organized pursuant to the provisions of this act. A professional corporation organized under this act shall consolidate or merge only with another domestic professional corporation organized under this act to render the same specific professional service, and a merger or consolidation with any foreign corporation is prohibited. A professional corporation heretofore or hereafter organized under this act may change its business purpose from the rendering of professional service to provide for any other lawful purpose by amend-

ing its certificate of incorporation in the manner required for an original incorporation under chapter 608. However, such an amendment, when filed with and accepted by the department of state, shall remove such corporation from the provisions of chapter 621 including, but not limited to, the right to practice a profession. A change of business purpose shall not have any effect on the continued existence of the corporation and the limitations of §608.18(1) shall not preclude such an amendment.

History.—§13, ch. 61-64; §§10, 35, ch. 69-106; §2, ch. 69-288.

621.14 Construction of law.—The provisions of this act shall not be construed as repealing,

modifying or restricting the applicable provisions of law relating to incorporations, sales of securities or regulating the several professions enumerated in this act except in so far as such laws conflict with the provisions of this act.

History.—§15, ch. 61-64.

621.15 Applicability of chapter 67-590.—The amendments to §§621.06, 621.07 and 621.11 by chapter 67-590, shall apply to all corporations heretofore or hereafter organized under this act.

of investing its funds in Florida real estate or in securities secured thereby, by complying with the laws of this state relating to foreign business corporations in general. Such an insurer shall not be subject to any other provisions of this code.

History.—§47, ch. 59-205.

624.0203 General eligibility of insurers for certificate of authority.—To qualify for and hold authority to transact insurance in this state an insurer must be otherwise in compliance with this code and with its charter powers, and must be an incorporated stock insurer, or an incorporated mutual insurer, or a reciprocal insurer, of the same general type as may be formed as a domestic insurer under this code; except that:

(1) No insurer shall be authorized to transact insurance in this state which does not maintain reserves as required by part I of chapter 625 (assets and liabilities) applicable to the kind or kinds of insurance transacted by such insurer, wherever transacted in the United States; or which transacts insurance in the United States on the assessment premium plan, stipulated premium plan, co-operative plan, or any similar plan.

(2) No foreign insurer shall be authorized to transact insurance in this state unless it is otherwise qualified therefor under this code and has operated satisfactorily for at least three years in its state or country of domicile or is the wholly owned subsidiary of an insurer which is an authorized insurer in this state, or is the successor in interest through merger or consolidation of an authorized insurer.

(3) The department shall not grant or continue authority to transact insurance in this state as to any insurer the management of which is found by it to be incompetent or untrustworthy, or so lacking in insurance company managerial experience as to make the proposed operation hazardous to the insurance-buying public; or which it has good reason to believe is affiliated directly or indirectly through ownership, control, reinsurance transactions or other insurance or business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders or stockholders or investors or creditors or of the public, by manipulation of assets, or of accounts, or of reinsurance, or by bad faith.

(4) No insurer the voting control or ownership of which is held in whole or substantial part by any government or governmental agency, or which is operated for or by any such government or agency, shall be authorized to transact insurance in this state. Membership in a mutual insurer, or subscribership in a reciprocal insurer, or ownership of stock of an insurer by the alien property custodian or sim-

ilar official of the United States, or supervision of an insurer by public insurance supervisory authority shall not be deemed to be an ownership, control, or operation of the insurer for the purposes of this subsection.

(5) No authorized insurer shall act as a fronting company for any unauthorized insurer. A "fronting company" is an authorized insurer which by reinsurance or otherwise generally transfers to one or more unauthorized insurers substantially the entire risk of loss under substantially all of the insurance written by it in this state. This provision shall not apply as to any policies which are in force on the effective date of this code.

(6) No insurer shall be authorized to transact insurance in this state which during the three years immediately preceding its application for a certificate of authority has violated any of the insurance laws of this state and after being informed of such violation has failed to correct the same, except, that if all other requirements are met the department may nevertheless issue a certificate of authority to such an insurer upon the filing by the insurer of a sworn statement of all such insurance so written in violation of law, and upon payment to the department of a sum of money as additional filing fee equivalent to all premium taxes and other state taxes and fees as would have been payable by the insurer if such insurance had been lawfully written by an authorized insurer under the laws of this state. This fee when collected shall be deposited to the credit of the insurance commissioner's regulatory trust fund.

(7) Nothing in this code shall be deemed to prohibit the granting and continuance of a certificate of authority to a domestic title insurer organized as a business trust, if the declaration of trust of such insurer was filed in the office of the secretary of state prior to January 1, 1959, and if the insurer otherwise meets the applicable requirements of this code. Such an insurer may hereinafter in this code be referred to as a "business trust insurer."

624.0204 Name of insurer.—

(1) No insurer shall be formed or authorized to transact insurance in this state under a name which is the same as that of any other authorized insurer or is so nearly similar thereto as to cause or tend to cause confusion, or which would tend to mislead as to the type of organization of the insurer. Before incorporating under or using any name the insurer or proposed insurer shall submit its name or proposed name to the department for its approval consistent with this provision, and such approval shall be endorsed upon any proposed charter or application for authority which may be submitted to any officer authorized to grant such proposed charter or authority.

(2) Before approving or disapproving the name or proposed name of an insurer the department shall notify all other authorized in-

surers whose name might be adversely affected, allowing them thirty days after the date of the notice within which to file their objections with it. If a name is so objected to, the department shall disapprove the name unless it is of the opinion that the objections are not well-founded.

(3) No charter or authority shall be granted to any person by any court, office, department, or officer authorized to grant authority or permission to organize or act as an insurer unless the application therefor or proposed charter bears the endorsed approval of the name by the department.

(4) No life insurer shall be so authorized which has or uses a name deceptively similar to that of another insurer authorized to transact insurance in this state within the preceding five years if life insurance policies originally issued by such other insurer are still outstanding in this state.

624.0205 Combinations of insuring powers, one insurer.—An insurer which otherwise qualifies therefor may be authorized to transact any one kind or combination of kinds of insurance as defined in part V of this chapter except:

(1) A life insurer may also grant annuities, but shall not be authorized to transact any other kind of insurance other than disability; except, that the department shall, if the insurer is otherwise qualified therefor, continue to so authorize any life insurer which, immediately prior to the effective date of this code, was lawfully authorized to transact in this state a kind or kinds of insurance in addition to life and disability.

(2) A reciprocal insurer shall not transact life insurance.

(3) Except as to domestic mutual title insurers, or domestic business trust title insurers as referred to in §624.0203(7), so authorized prior to the effective date of this code, a title insurer shall be a stock insurer.

(2) Capital, surplus and net trust fund requirements shall be based upon all the kinds of insurance actually transacted or to be transacted by the insurer in any and all areas in which it operates, whether or not only a portion of such kinds are to be transacted in this state.

(3) As to surplus required for qualification to transact one or more kinds of insurance and thereafter to be maintained, new domestic mutual insurers are governed by chapter 628 of this code, and domestic reciprocal insurers are governed by chapter 629.

(2) If within three years after date of its initial certificate of authority to transact insurance in this state such an insurer requests authority to transact an additional kind or kinds of insurance, it shall not be so authorized unless it then possesses surplus or additional surplus in such an amount as would be required under this section as for an original certificate of authority covering all the kinds of insurance the insurer then proposes to transact.

(3) After issuance of its initial certificate of authority the insurer shall maintain a surplus or net trust fund such as required under this section of not less than one hundred thousand dollars, except that a title insurer must at all times have the surplus as to policy holders as provided for in §624.0208(2).

624.0208 Capital and surplus funds required; old insurers.—

(1) Any insurer possessing a subsisting certificate of authority in this state, or which has filed an application thereof, together with all necessary and pertinent documents, immediately prior to January 1, 1968, may continue to be so authorized to transact the same kind or kinds of insurance while otherwise qualified for such authority and while possessing and maintaining the amount of paid-in capital stock and surplus (if a stock insurer), surplus (if a mutual or reciprocal insurer), or net trust fund (if a business trust insurer), together with any escalated increases thereof, as required as if the applicable laws in force immediately prior to January 1, 1968, had continued in force.

(2) A title insurer must at all times have and maintain surplus as to policyholders in the amount of not less than four hundred thousand dollars; and if the insurer is a stock insurer not less than one hundred thousand dollars of such surplus as to policyholders must be represented by paid-in capital stock; provided also that a minimum surplus of two hundred thousand dollars shall be maintained at all times by a title insurer.

(3) Except, that any such insurer which after the effective date of this code requests authority to transact any kind or kinds of insurance in addition to those it was authorized to transact prior thereto shall possess and maintain unimpaired the same amount of paid-in capital stock (if a stock insurer) or surplus (if a mutual or reciprocal insurer) or net trust fund (if a business trust insurer) as would be required of a new insurer under §624.0206 for authority to transact all the kinds of insurance the insurer then proposes to transact.

(4) Surety insurers having unimpaired paid-in capital stock (if a stock insurer) or unimpaired surplus (if a mutual or reciprocal insurer) of less than two hundred fifty thousand dollars are not acceptable as surety upon the bonds of the city, county and state officers, under §627.0903.

(1) A life insurer may also grant annuities without additional capital or additional surplus.

(2) A casualty insurer may be authorized to transact also disability insurance without additional capital or additional surplus.

(3) A property insurer may without additional capital or additional surplus include such amount and kind of insurance against legal liability for injury, damage, or loss to the person or property of others, and for medical, hospital, and surgical expense related to such injury, as the department deems to be reasonably incidental to insurance of real property against fire and other perils under policies

covering residential properties involving not more than four families, with or without incidental office, professional, private school or studio occupancy by an insured, whether or not the premium or rate charged for certain perils so covered is specified in the policy. Any provision of §624.0408 (limit of risk) to the contrary notwithstanding, no insurer authorized as to property insurance only shall, pursuant to this subsection, retain risk as to any one subject of insurance as to hazards other than property insurance hazards, in an amount exceeding five per cent of its surplus to policyholders.

624.0210 Deposit requirement, domestic and foreign insurers.—

- (a) To transact property insurance, fifty thousand dollars;
- (b) To transact casualty insurance, fifty thousand dollars;
- (c) To transact title insurance, seventy-five thousand dollars;
- (d) To transact surety insurance, seventy-five thousand dollars;

provided that if a foreign insurer writes more than one kind of insurance in this state listed from (a) through (d) of this subsection, it shall not be required to deposit more than seventy-five thousand dollars. Such deposits shall be for the protection of the insurer's policyholders or its policyholders and creditors; and provided further that if a foreign insurer has a surplus to policyholders of not less than one million dollars of which not less than five hundred thousand dollars is unassigned surplus, according to the latest annual statement, such foreign insurer shall not be required to make such deposit.

(3) In addition to the deposits otherwise required pursuant to this section, the department may, after notice and hearing, require

any insurer transacting property, casualty, surety, or title insurance, for good cause shown, to deposit and maintain deposited in trust for the protection of the insurer's policyholders or its policyholders and creditors for such time as the department deems necessary, securities eligible for such deposit under §625.0202 having a value at all times of not less than the amount which the department shall determine is necessary, which amount shall be not less than seventy-five thousand dollars, nor more than two hundred fifty thousand dollars, depending on the insurer's obligations in this state.

(1) An alien insurer shall not have authority to transact insurance in this state unless it has and maintains within the United States as trust deposits with public officials having supervision over insurers, or with trustees, public depositaries, or trust institutions approved by the department, assets available for discharge of its United States insurance obligations, which assets shall be in amount not less than the outstanding reserves and other liabilities of the insurer arising out of its insurance transactions in the United States together with the greater of the following sums:

(a) The largest amount of paid-in capital stock required by §624.0206 of a domestic stock insurer transacting like kinds of insurance, or

(b) Three hundred thousand dollars.

(2) The amount so held on deposit under subsection (1) (a) or (b) is, for the purposes of this code, deemed to be the paid-in capital stock (if a stock insurer) or minimum surplus (if a mutual insurer) of the insurer required to be maintained.

(3) Any such deposit made in this state shall be held for the protection of the insurer's policyholders or policyholders and creditors in the United States and shall be subject to the applicable provisions of part III of chapter 625 (administration of deposits) and chapter 630 (alien insurers).

(2) The department shall issue to the applicant insurer a proper certificate of authority if it finds that:

(a) The insurer has met the other requirements of this code; and

(b) With reference to a domestic company, the issuance of such certificate of authority would not have a substantial adverse effect on the stability of the insurance industry of this state and would be in the best interest of the public. In making its finding, the department shall take into consideration the number of outstanding certificates of authority and the number of new certificates issued within the immediately preceding three years.

(3) If it does not so find, the department shall issue its order refusing the certificate stating the reasons therefor.

(4) The certificate, if issued, shall specify the kind or kinds of insurance the insurer is authorized to transact in this state. (1) Certificates of authority issued or renewed under this code shall continue in force as long as the insurer is entitled thereto under this code and until suspended, revoked, or terminated at the request of the insurer; subject, however, to continuance of the certificate by the insurer each year by:

(a) Payment prior to June 1 of the annual license tax provided for in §624.0300 (3).

(b) Due filing by the insurer of its annual statement for the calendar year preceding as required under §624.0223;

(c) Payment by the insurer of applicable taxes with respect to the preceding calendar year as required under this code; and

(d) Filing of the affidavit as to transaction of business through resident agents as required by §624.0226.

(2) If not so continued by the insurer, its certificate of authority shall expire at midnight on the May 31 next following such failure of the insurer so to continue it in force. The department shall promptly notify the insurer of the occurrence of any failure resulting in impending expiration of its certificate of authority.

(3) The department may, in its discretion, reinstate a certificate of authority which the insurer has inadvertently permitted to expire, after the insurer has fully cured all its failures which resulted in the expiration, and upon payment by the insurer of the fee for reinstatement, in the amount provided in §624.0300 (1) (b). Otherwise, the insurer shall be granted another certificate of authority only after filing application therefor and meeting all other requirements as for an original certificate of authority in this state.

(c) If the insurer's authority to transact insurance is suspended or revoked by its state of domicile, or state of entry into the United States if an alien insurer.

(2) In cases of insolvency or impairment of required capital or surplus, or suspension or revocation by another state as referred to in paragraph (c) of subsection (1), the department may suspend or revoke the insurer's certificate of authority without advance notice or hearing thereon.

(2) The department shall suspend or revoke an insurer's certificate of authority if it finds that the insurer:

(b) Has refused to be examined or to produce its accounts, records, and files for examination, or if any of its officers have refused to give information with respect to its affairs or to perform any other legal obligation as to such examination, when required by the department.

(c) Has failed to pay any final judgment rendered against it in this state within sixty days after the judgment became final.

(d) With such frequency as to indicate its general business practice in this state, has without just cause refused to pay proper claims arising under its policies, whether any such claim is in favor of an insured or is in favor of a third person with respect to the liability of an insured to such third person, or without just cause compels such insureds or claimants to accept less than the amount due them or to employ attorneys or to bring suit against the insurer or such an insured to secure full payment or settlement of such claims.

(e) Is affiliated with and under the same general management or interlocking directorate or ownership as another insurer which transacts direct insurance in this state without having a certificate of authority therefor, except as permitted as to surplus line insurers under part VI of chapter 626.

(3) The department may, in its discretion and without advance notice or a hearing thereon, immediately suspend the certificate of authority of any insurer as to which proceedings for receivership, conservatorship, rehabilitation, or other delinquency proceedings, have been commenced in any state by the public insurance supervisory official of such state.

(2) The notice shall contain, in addition to a statement of the time and place of the hearing and the order to show cause, a concise statement of the particulars of the grounds for such proposed suspension or revocation in such detail as reasonably to inform the insurer thereof.

(3) Except, that the insurer may in writing filed with the department within the thirty day period waive the hearing, and in which case the department may forthwith issue its order of suspension or revocation of the certificate of authority.

The department shall promptly also give notice of such suspension or revocation to the insurer's agents in this state of record in the department's office. The insurer shall not solicit or write any new coverages in this state during the period of any such suspension or revocation, nor after such revocation renew any business previously written.

(2) During the period of suspension the insurer shall file its annual statement, pay license fees and taxes as required under this code as if the certificate had continued in full force.

(3) Upon expiration of the suspension period (if within such period the certificate of authority has not otherwise terminated) the insurer's certificate of authority shall automatically reinstate unless the department finds that the causes of the suspension have not been removed, or that the insurer is otherwise not in compliance with the requirements of this code, and of which the department shall give the insurer notice not less than thirty days in advance of the expiration of the suspension period. If not so automatically reinstated the certificate of authority shall be deemed to have expired as of the end of the sus-

2. Upon any property used in connection with the operation and maintenance of such regional home office; provided, however, that in no event shall such credits and deductions reduce the amount of tax payable to less than twenty per cent of the amount of the tax as determined under §§624.0307 and 624.0308; and, provided further, that as to a foreign insurer issuing policies insuring against loss or damage from the risks of fire, tornado, and certain casualty lines, the tax imposed by §§624.0307 and 624.0308, as intended and contemplated by the above provisions of this subsection, shall be construed to mean the net amount of said tax remaining after there has been credited thereon such gross premium receipts tax as may be payable by such insurer in pursuance of the imposition of such tax by any incorporated cities or towns in the state for firemen's relief and pension funds and policemen's retirement funds maintained in such cities or towns, as provided in and by relevant provisions of Florida statutes.

As to surety risks, deduction shall also be made of the amount assumed by any established incorporated co-surety and the value of any security deposited, pledged, or held subject to the surety's consent and for the surety's protection.

This subsection shall not apply as to retrocessions of insurance by an assuming insurer which handles a substantial volume of reinsurance, unless such retrocessions are found by the department, after hearing, to be for the purpose of evasion of other requirements or prohibitions of this code.

(3) No credit shall be allowed, as an asset or as a deduction from liability, to any ceding insurer for reinsurance unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding insurer under the contracts reinsured without diminution because of the insolvency of the ceding insurer.

(4) For all workmen's compensation claims under policies written in the three years immediately preceding the date as of which the statement is made, such reserve shall be sixty-five per cent of the earned compensation premiums of each of such three years, less all loss and loss expense payments made in connection with such claims under policies written in the corresponding years. But in any event in the case of the first year of any such three-year period, such reserve shall be not less than the present value at four per cent interest of the determined and the estimated unpaid compensation claims under policies written during such year.

This section does not apply as to life insurance.

History.—§118, ch. 59-205; §§13, 35, ch. 69-106.

625.111 Title insurance reserve.—In addition to an adequate reserve as to outstanding losses as required under §625.041, a title insurer shall establish, segregate and maintain

a guaranty fund or unearned premium reserve of not less than an amount computed as follows:

(1) Ten per cent of the total amount of risk premiums written in the calendar year for title insurance contracts shall be assigned originally to the reserve.

(2) During each of the twenty years next following the year in which the title insurance contract was issued, the reserve applicable to the contract shall be reduced by five per cent of the original amount of such reserve. Said sums herein required to be reserved for unearned premiums on contracts of title insurance shall at all times and for all purposes be considered and constitute unearned portions of the original premiums and shall be held in trust for the benefit of policyholders.

(3) Except, that if the title insurer is a business trust, in lieu of the reserves required under subsections (1) and (2) of this section, the insurer shall maintain at all times a reserve of not less than thirty cents per one thousand dollars of the face amount of all title guarantees and policies issued during the last preceding ten years. Said sums, herein required to be reserved for unearned premiums on title guarantees and policies, shall at all times and for all purposes be considered and constitute unearned portions of the original premiums and shall be charged as a reserve liability of such insurer in determining its financial condition. While said sums are so reserved they shall be:

(a) Withdrawn from the use of the insurer for its general purposes,

(b) Impressed with a trust in favor of the holders of title guarantees and policies, and

(c) Held available for reinsurance of the title guarantees and policies in the event of insolvency of the insurer.

That portion of the unearned premium reserve established in respect of a title guarantee or policy issued more than ten years previously shall be released and shall no longer constitute part of the unearned premium reserve and may be used for any purpose by the insurer.

(4) And except, that if the title insurer is a trust company incorporated under the laws of Florida, the reserves required under subsections (1) and (2) of this section shall be reduced by the amount required by the Florida banking code to be transferred to surplus by such company.

History.—§119, ch. 59-205; §2, ch. 65-359.

625.121 Standard valuation law; life insurance.—

(2) **ANNUAL VALUATION.**—The department shall annually value, or cause to be valued, the reserve liabilities hereinafter called reserves for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurer doing business in this state, and may certify the amount of any

such reserves, specifying the mortality table or tables, rate or rates of interest and methods net level premium method or others used in the calculation of such reserves. In the case of an alien insurer, such valuation shall be limited to its insurance transactions in the United States. In calculating such reserves, the department may use group methods and approximate averages for fractions of a year or otherwise. It may accept in its discretion the insurer's calculation of such reserves. In lieu of the valuation of the reserves herein required of any foreign or alien insurer, it may accept any valuation made or caused to be made by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided, and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the department when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction. Where any such valuation is made by the department, it may use the actuary of the department or employ an actuary for the purpose, and the reasonable compensation of the actuary, at a rate approved by the department, and reimbursement of traveling expenses pursuant to §624.0119 upon demand by the department supported by an itemized statement of such compensation and expenses, shall be paid by the insurer. When a domestic insurer furnishes the department with a valuation of its outstanding policies as computed by its own actuary or by an actuary deemed satisfactory for the purpose by the department, the valuation shall be verified by the actuary of the department without cost to the insurer.

(3) The minimum standard for the valuation of all such policies and contracts issued prior to the operative date of §627.0225 (standard nonforfeiture law) shall be any basis satisfactory to the commissioner. Any basis satisfactory to the commissioner on the effective date of this code shall be deemed to meet such minimum standards.

(4) The minimum standard for the valuation of all such policies and contracts issued on or after the operative date of §627.0225 (standard nonforfeiture law) shall be the department's reserve valuation method defined in subsection (5) of this section, three and one-half per cent interest and the following tables:

(a) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, the commissioners' 1958 standard ordinary mortality table; except, that for any category of such policies issued on female risks modified net premiums and present values, referred to in subsection (5) of this section, may be calculated according to an age not more

than three years younger than the actual age of the insured.

(b) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, the 1941 standard industrial mortality table, unless the commissioners' 1961 standard industrial mortality table is applicable according to §627.0225.

(c) For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the 1937 standard annuity mortality table or, at the option of the insurer, the annuity mortality table for 1949, ultimate, or any modification of either of these tables approved by the department.

(d) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies, the group annuity mortality table for 1951, any modification of such table approved by the department, or, at the option of the insurer, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts.

(e) For total and permanent disability benefits in or supplementary to ordinary policies or contracts, for policies or contracts issued on or after January 1, 1966, the tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the society of actuaries, with due regard to the type of benefit; for policies or contracts issued on or after January 1, 1961 and prior to January 1, 1966, either such tables or, at the option of the insurer, the class three disability table (1926); and for policies issued prior to January 1, 1961, the class three disability table (1926). Any such table for active lives, shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(f) For accidental death benefits in or supplementary to policies, for policies issued on or after January 1, 1966, the 1959 accidental death benefits table; for policies issued on or after January 1, 1961 and prior to January 1, 1966, either such table or, at the option of the insurer, the intercompany double indemnity mortality table; and for policies issued prior to January 1, 1961, the intercompany double indemnity mortality table. (g) For group life insurance, life insurance issued on the sub-standard basis and other special benefits, such tables as may be approved by the department as being sufficient with relation to the benefits provided by such policies.

(5) COMMISSIONERS' RESERVE VALUATION METHOD.—

(a) Reserves according to the commissioners' reserve valuation method, for the life insurance and endowment benefits of policies

providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of 1. over 2. as follows:

1. A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

2. A net one-year term premium for such benefits provided for in the first policy year.

(b) Reserves according to the commissioners' reserve valuation method for:

1. Life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums,

2. Annuity and pure endowment contracts,

3. Disability and accidental death benefits in all policies and contracts, and

4. All other benefits, except life insurance and endowment benefits in life insurance policies,

shall be calculated by a method consistent with the principles of subsection (5) (a) of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

(6) MINIMUM AGGREGATE RESERVES.—In no event shall an insurer's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of §627.0225, be less than the aggregate reserves calculated in accordance with the method set forth in subsection (5) of this section and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

(7) OPTIONAL RESERVE BASIS.—

(a) Reserves for all policies and contracts issued prior to the operative date of §627.0225 may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves re-

quired by the laws in effect immediately prior to such date.

(b) For any category of policies, contracts or benefits specified in subsection (4) of this section, issued on or after the operative date of §627.0225 (the standard nonforfeiture law), reserves may be calculated, at the option of the insurer, according to any standard or standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein, provided, however, that reserves for participating life insurance policies issued on or after the operative date of §627.0225 (the standard nonforfeiture law) may, with the consent of the department, be calculated according to a rate of interest lower than the rate of interest used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the nonforfeiture benefits by more than one-half of one per cent, the insurer issuing such policies shall file with the department a plan providing for such equitable increases, if any, in the cash surrender values and nonforfeiture benefits in such policies as the department approves.

(8) **LOWER VALUATIONS.**—An insurer which at any time had adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the department, adopt any lower standard of valuation, but not lower than the minimum herein provided.

(9) **DEFICIENCY RESERVE.**—If the gross premium charged by any life insurer on any policy or contract is less than the net premium for the policy or contract according to the mortality table, rate of interest and method used in calculating the reserve thereon, there shall be maintained on such policy or contract a deficiency reserve in addition to all other reserves required by law. For each such policy or contract the deficiency reserve shall be the present value, according to such standard, of an annuity of the difference between such net premium and the premium charged for such policy or contract, running for the remainder of the premium-paying period.

(10) This section does not apply as to those credit life insurance policies for which reserves are computed and maintained as required under §625.131.

(2) As to single premium credit life insurance policies, the insurer shall establish and maintain reserves which are not less than the value, at the valuation date, of the risk for the unexpired portion of the period for which the premium has been paid as computed on the basis of the commissioners' 1941 standard ordinary mortality table and three per cent interest. At the department's discretion, the insurer may make a reasonable assumption as to the ages at which net premiums are to be determined. In lieu of the foregoing basis, reserves based upon unearned gross premiums may be used at the option of the insurer.

(a) If purchased at par, at the par value.

(b) If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield in the meantime the effective rate of interest at which the purchase was made, or in lieu of such method, according to such accepted method of valuation as is approved by the department.

(c) Purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase, plus actual brokerage, transfer, postage or express charges paid in the acquisition of such securities.

(2) The department shall have full discretion in determining the method of calculating values according to the rules set forth in this section, but no such method or valuation shall be inconsistent with any applicable valuation or method used by insurers in general, or any such method then currently formulated or approved by the national association of insurance commissioners or its successor organization.

(2) Preferred or guaranteed stocks or shares while paying full dividends may be carried at a fixed value in lieu of market value, at the discretion of the department and in accordance with such method of valuation as it may approve.

(3) Stock of a subsidiary corporation of an insurer shall not be valued at an amount in excess of the net value thereof as based upon

those assets only of the subsidiary which would be eligible under part II of chapter 625 for investment of the funds of the insurer direct.

(4) No valuations under this section shall be inconsistent with any applicable valuation or method then currently formulated or approved by the national association of insurance commissioners or its successor organization.

(2) Other real property held by an insurer

shall not be valued at an amount in excess of fair value as determined by recent appraisal. If valuation is based on an appraisal more than three years old, the department may at its discretion call for and require a new appraisal in order to determine fair value.

(3) Personal property acquired pursuant to chattel mortgages made in accordance with §625.0128 shall not be valued at an amount greater than the unpaid balance of principal and accrued interest on the defaulted loan at the date of acquisition, together with taxes and expenses incurred in connection with such acquisition, or the fair value of such property, whichever amount is the lesser.

In the event that no such information is presented to the department within such ninety day period, it shall thereupon release and return the deposit or deposits as requested by the insurer or insurers whose request was not challenged. (2) In the event of any change of such name, or directors or officers, or of any of such addresses, or in the personnel so associated, written notice of such change shall promptly be filed with the department by or on behalf of those licensees terminating any such firm, corporation, or business name or continuing to operate thereunder.

626.561 Reporting and accounting for funds.—

(1) All premiums, return premiums or other funds belonging to insurers or others received by an agent, solicitor or adjuster in transactions under his license shall be trust funds so received by the licensee in a fiduciary capacity, and the licensee in the applicable regular course of business shall account for and pay the same to the insurer, insured or other person entitled thereto.

(2) Any agent, solicitor or adjuster who, not being lawfully entitled thereto, diverts or appropriates such funds or any portion thereof to his own use, shall upon conviction be guilty of larceny by embezzlement and shall be punished as provided by law.

626.581 Commissions contingent upon adjustment savings prohibited.—

(1) It shall be unlawful for any insurer to

enter into any agreement or understanding with its general or state agent or for any insurer, either directly or through its general or state agent, to enter into any agreement or understanding with any local resident agent of such insurer in this state, the effect of which is to make the net amount of any such agent's commissions on policies of insurance negotiated and issued by such insurer in this state contingent upon savings effected in the adjustment, settlement and payment of losses covered by such insurer's policies, and in pursuance of which agreement or understanding the agent acts as adjuster for claims under such policies and pays claims incurred by such insurer under the policies from a stated percentage of the premiums collected or remitted to the agent thereon and retained by him; and any such agreements and understandings now existing are declared unlawful and shall be terminated immediately.

(2) Nothing in this section shall be construed to apply to or affect any contingent commissions agreement under which the general or state agent or local resident agent does not pay claims arising under policies of the insurer he represents from a stated percentage of premiums collected by him or remitted to such agent and retained by him.

626.591 Same; penalty for violation.—If any insurer or agent is found by the department to be in violation of §626.581 the department may, in its discretion, suspend or revoke the insurer's certificate of authority and the agent's license. Any such suspension or revocation shall be for a period of not less than six months, and the insurer or agent shall not subsequently be authorized or licensed to transact insurance unless the department is satisfied that the insurer or agent will not again violate any of the provisions of §626.581.

History.—§238, ch. 59-205; §§13, 35, ch. 69-106.

626.601 Improper conduct; inquiry.—

(1) The department may, upon its own motion, and shall, upon a written complaint signed by any interested person and filed with the department, inquire into any alleged improper conduct of any licensed agent, solicitor or adjuster in this state, or of any person holding a permit as service representative or claims investigator under this code.

(2) In the prosecution of such inquiries the agent, solicitor or adjuster shall, whenever so required by the department, cause his books and records to be open for inspection for the purpose of such inquiries.

(3) As a prerequisite to exercising the right or authority to investigate the books and records of such a licensee, the department shall serve upon the licensee a copy of the general charges against him, so as to appraise the licensee of the general purpose, nature, and scope

of the investigation or inquiry, and including the name and identity of the person, if any, who may have filed a complaint with the department as referred to in subsection (1) if the investigation is in any way related to such complaint.

(4) Such general charges are not required to allege any facts constituting any alleged improper conduct of the licensee, for such inquiry or investigation is authorized as a fact-finding inquiry or investigation for the purpose of determining the existence or non-existence of facts constituting such improper conduct as would justify the department in instituting proceedings to suspend or revoke the license of any such licensee as hereinafter in this chapter provided.

(5) Service of such copy of general charges may be made by delivering copy to the licensee or mailing same by registered or certified mail with return receipt requested addressed to him at his business or residence address. If so mailed, notice shall be deemed to have been given when deposited in a mail depository of the United States post office.

(6) The charges or complaints against any agent, solicitor or adjuster may be informally alleged and need not be in any such language as is necessary to charge a crime on an indictment or information.

(7) The expense for any hearings or investigations under this law, as well as the fees and mileage of witnesses, may be paid out of the appropriate fund.

(2) Material misstatement, misrepresentation or fraud in obtaining the license or permit, or in attempting to obtain the same.

(5) Wilful misrepresentation of any insurance policy or annuity contract or wilful deception with regard to any such policy or contract, done either in person or by any form of dissemination of information or advertising.

(6) If, as an adjuster or claims investigator or agent permitted to adjust claims under this

code, he has materially misrepresented to an insured or other interested party the terms and coverage of an insurance contract with intent and for the purpose of effecting settlement of claim for loss or damage or benefit under such contract on less favorable terms than those provided in and contemplated by the contract.

(7) For demonstrated lack of fitness or trustworthiness to engage in the business of insurance.

(8) For demonstrated lack of reasonably adequate knowledge and technical competence to engage in the transactions authorized by the license or permit.

(9) Fraudulent or dishonest practices in the conduct of business under the license or permit.

626.621 Grounds for discretionary refusal, suspension, revocation of license or permit.—

The department may, in its discretion, deny, suspend, revoke or refuse to renew or continue the license of any agent, solicitor or adjuster, or the permit of any service representative or claims investigator if it finds after notice and hearing thereon as provided in §626.631 that as to the applicant, licensee or permittee any one or more of the following applicable grounds exist under circumstances for which such denial, suspension, revocation or refusal is not mandatory under §626.611:

(1) For any cause for which issuance of the license or permit could have been refused had it then existed and been known to the department.

(2) Violation of any provision of this code or of any other law applicable to the business of insurance in the course of dealing under the license or permit.

(3) Violation of any lawful order or rule or regulation of the department.

(4) Failure or refusal, upon demand, to pay over to any insurer he represents or has represented any money coming into his hands belonging to the insurer.

(7) Wilful overinsurance of any property insurance risk.

626.631 Procedure for refusal, suspension or revocation of license or permit.—

(1) If any licensee or permittee is convicted by a court of a violation of this code, the license or permit of such individual shall thereby be deemed to be immediately revoked, without any further procedure relative thereto by the department.

(2) As to licenses and permits denied by the department upon application therefor, the applicant if aggrieved thereby shall have the right to a hearing thereon and may appeal to the court from any adverse decision of the department relative thereto as provided in general in part II of chapter 624 (the department of insurance).

(3) As to licenses or permits issued under part I of this chapter and thereafter suspended or revoked, or renewal or continuation thereof refused by the department except for failure of the licensee to pass any examination required under part I of this chapter, the procedures hereinafter set forth in this section shall apply.

(4) If after an investigation or upon other evidence the department has reason to believe that there may exist any one or more grounds for the suspension, revocation, or refusal to renew or continue the license of any agent or solicitor or adjuster or the permit of any service representative or claims investigator, as such grounds are specified in §§626.611 and 626.621, the department shall mail written notice of its intention to suspend, revoke, or refuse to renew or continue the license or permit, as the case may be, accompanied by a copy of the charges against the licensee or permittee, to the licensee or permittee and to each insurer represented by a licensee agent or employing a licensee adjuster or permittee, and to the appointing general lines agent as to a licensee solicitor. Such notice and charges shall be mailed by registered mail, addressed to the licensee or permittee at his residence or principal business address last of record with the department, and to the insurer or appointing agent addressed to the insurer or agent at its or his address last of record with

the department. The notice shall be deemed given when so addressed and mailed postage prepaid at a United States post office or branch thereof.

(5) If within twenty days after the date of mailing the notice and charges as provided for in subsection (4), neither the licensee or the permittee, nor the insurer or appointing agent have filed with the department at its office in Tallahassee a written answer to such charges coupled with a written request for a hearing thereon, the department may proceed to suspend, revoke, or refuse to renew the license or permit.

(6) If within such twenty days an answer and request for hearing is so filed with the department, the department shall hold a hearing with respect to the charges, the hearing to be held within sixty days of the date of the mailing of the notice and charges referred to in subsection (4), unless postponed by mutual consent of the parties. The department shall give the licensee or permittee and each insurer or appointing agent that has filed with it the answer to the charges and request for hearing as provided in subsection (5) written notice of the hearing and of the matters to be considered thereat not less than ten days in advance of the hearing date.

(7) All such hearings shall be conducted under the provisions of §624.0125 (conduct of hearings), and in accordance with other applicable provisions of part II of chapter 624 (the department of insurance) including, but not limited to, §§624.0120 (witnesses and evidence), 624.0121 (testimony compelled; immunity from prosecution) and 624.0122 (same; penalty for refusal to testify), to the extent that such provisions are not in conflict with the express provisions of this section.

(8) The department's statement of charges, papers, documents, reports or evidence relative to the subject of a hearing under this section shall not be subject to subpoena without its consent until after the same shall have been published at the hearing, unless after notice to the department and hearing the court determines that the department would not be unnecessarily hindered or embarrassed by such subpoenas.

(9) Following the hearing the department shall make its order thereon as required under §624.0126 (order on hearing) and mail a copy thereof by registered mail to the address last of record in its office of each party to the hearing. If by its findings made upon the hearing the department finds that one or more of the grounds therefor exist as specified in §§626.611 and 626.621, its order shall incorporate the taking of action relative to suspension, revocation, or refusal to renew or continue the license or permit as required under §626.611 or as authorized under §626.621.

626.641 Duration of suspension or revocation.—

(1) The department shall, in its order suspending a license or permit, specify the period during which the suspension is to be in effect, but such period shall not exceed one year. The license or permit shall remain suspended during the period so specified; subject, however, to any rescission or modification of the order by the department, or modification or reversal thereof by the court, prior to expiration of the suspension period. A license or permit which has been suspended shall not be reinstated except upon request for such reinstatement, but the department shall not grant such reinstatement if it finds that the circumstance or circumstances for which the license or permit was suspended still exist or are likely to recur.

(2) No individual licensed or the permittee under any license or permit which has been revoked by the department, shall have the right to apply for another license or permit under this code within two years from the effective date of such revocation, or, if judicial review of such revocation is sought, within two years from the date of final court order or decree affirming the revocation. The department shall not, however, grant a new license or permit to any individual if it finds that the circumstance or circumstances for which the previous license or permit was revoked still exist or are likely to recur; if an individual's license as agent or solicitor has been revoked upon the ground specified in §626.611 (12) (controlled business), the department shall refuse to grant or issue any new license so applied for.

(3) If licenses as agent or solicitor as to the same individual have been revoked at two separate times, the department shall not thereafter grant or issue any license or permit under this code as to such individual.

(4) During the period of suspension, or after revocation of the license or permit, the former licensee or permittee shall not engage in or attempt to profess to engage in any transaction or business for which a license or permit is required under this code.

626.651 Effect of suspension, revocation upon associated licenses and licensees.—

(1) Upon suspension, revocation or refusal to renew or continue any one license of an agent or solicitor the department shall at the same time likewise suspend or revoke all other licenses held by the licensee under this code.

(2) In case of the suspension or revocation of license of any general lines agent, the license of any and all other agents who are members of such agency, whether incorporated or unincorporated, and any and all solicitors

employed by such agency, who knowingly are parties to the act which formed the ground for the suspension or revocation may likewise be suspended or revoked for the same period as that of the offending agent; but this shall not prevent any agent or solicitor, except the one whose license was first suspended or revoked, from being licensed as a member of or a solicitor for some other agency. The provisions of this subsection shall not apply to life agents.

(3) The procedures provided for in §626.631 shall likewise apply as to suspensions, revocations and refusals to renew or continue as referred to in subsection (2).

(1) Though issued to a licensee or permittee, all certificates of licenses and permits issued under this chapter are at all times the property of the state of Florida, and upon notice of any suspension, revocation, refusal to renew, failure to renew, expiration or other termination of the license, such license or permit shall no longer be in force and effect.

(2) This section shall not be deemed to require the surrender to the department of any certificate of license or permit, unless such surrender has been requested by the department.

Each instance of violation shall be considered a separate offense.

626.681 Administrative fine in lieu of suspension, revocation of license.—

(1) If, upon procedures provided for in §626.631, the department finds that one or more grounds exist for the suspension, revocation, or refusal to renew or continue any license or permit issued under this chapter, the department may, in its discretion, in lieu of such suspension, revocation or refusal, and except on a second offense or where such suspension, revocation or refusal is mandatory, impose upon the licensee or permittee an administrative penalty in the amount of \$100, or if the department has found wilful misconduct or wilful violation on the part of the licensee or permittee, \$500. The administrative penalty

may, in the department's discretion, be augmented in amount by an amount equal to any commissions received by or accruing to the credit of the licensee in connection with any transaction as to which the grounds for suspension, revocation or refusal related.

(2) The department may allow the licensee or permittee a reasonable period, not to exceed 30 days, within which to pay to the department the amount of the penalty so imposed. If the licensee or permittee fails to pay the penalty in its entirety to the department at its office at Tallahassee within the period so allowed, the licenses or permit of the licensee or permittee shall stand suspended, revoked, or renewal or continuation refused, as the case may be, upon expiration of such period and without any further proceedings.

History.—§247, ch. 59-205; §§13, 35, ch. 69-106.

626.691 Probation.—

(1) If, upon procedures provided for in §626.631, the department finds that one or more grounds exist for the suspension, revocation or refusal to renew or continue any license or permit issued under part I of this chapter the department may, in its discretion, except where an administrative fine is not permissible under §626.681, or where such suspension, revocation or refusal is mandatory, in lieu of such suspension, revocation or refusal, or in connection with any administrative monetary penalty imposed under §626.681, place the offending licensee or permittee on probation for a period, not to exceed two years, as specified by the department in its order.

(2) As a condition to such probation or in connection therewith, the department may specify in its order reasonable terms and conditions to be fulfilled by the probationer during the probation period. If during the probation period the department has good cause to believe that the probationer has violated such terms and conditions or any of them, it

shall forthwith suspend, revoke or refuse to renew or continue the license or permit of the probationer, as upon the original ground or grounds referred to in subsection (1), by its order given to the licensee or permittee and insurers or agents represented by him, without the necessity of further advance notice, hearing, or procedure.

626.711 Retaliatory provision, agents.—

(1) When under the laws of any other state any fine, tax, penalty, license fee, deposit of money, or security, or other obligation or prohibition is imposed upon resident insurance agents of Florida doing business in such other state, then so long as such laws continue in force or are so administered, the same requirements, obligations and prohibitions, of whatever kind, shall be imposed upon every insurance agent of such other state doing business in Florida.

(2) If any insurer permits its insurance contract to be issued in violation of this section, its certificate of authority to do business in Florida shall be suspended for a period of three months.

(3) If any resident agent of Florida shall knowingly countersign any insurance contract in violation of this section, or shall otherwise knowingly violate any of the provisions hereof, his license to write insurance in this state shall be suspended for a period of three months.

new, continue, or permit to exist any license as such agent or solicitor as to any applicant therefor or licensee thereunder if it finds that the license has been or is being or will probably be used by the applicant or licensee for the purpose of securing rebates or commissions on "controlled business," that is, on insurance written on his own interests or those of his family or of any firm, corporation or association with which he is associated, directly or indirectly, or in which he has an interest other than as to the insurance thereof.

(3) A violation of this section shall be deemed to exist or be probable (as to an applicant for license) if the department finds that during any twelve months period aggregate commissions or other compensation accruing in favor of the applicant or licensee based upon the insurance procured or to be procured (in the case of an applicant for license) by or through the licensee with respect to insurance of his own interests or those of his family or of any firm, corporation or association with which he is associated or in which he is interested as above referred to in subsection (2), have exceeded or will exceed thirty-five per cent of the aggregate amount of commissions and compensation accruing or to accrue in his favor during the same period as to all insurance coverages procured or to be procured by or through him. Except, any general lines agent who, on July 1, 1959, had aggregate commissions or other compensation on controlled business as defined in this section in excess of the aforesaid thirty-five per cent, shall be permitted to continue writing such insurance for the same insured or insureds, so long as the agent continues to hold a general lines agent's license in good standing to transact the same kinds of insurance so written, until the termination of such license by failure to renew or continue, suspension or revocation.

(4) This section shall not be deemed to prohibit the licensing under a limited license as to motor vehicle physical damage insurance, as provided for in §626.321, any person employed by or associated with a motor vehicle sales or financing agency, with respect to insurance of the interest of such agency in a motor vehicle sold or financed by it. (a) The agent so being replaced must have become deceased; or unable to perform his du-

(b) There must be no other person connected with the agent's business who is licensed as a general lines agent.

(c) The proposed temporary licensee must be qualified as for a regular general lines agent's license under this code except as to residence, examination, education, or experience.

(e) The temporary license shall be issued and be valid for a period of not over six months, and, except as to disabling or confining illness, shall not be renewed either to the then holder of the temporary license or to any other person for or on behalf of the agent, agency, or direct writing insurer.

(f) Under a temporary license the licensee shall not represent as agent any insurer not last represented by the agent so being replaced, nor be licensed as to any additional kind or classification of insurance than those covered by the last existing agency appointments of such replaced agent; except, that if during the temporary license period an insurer withdraws from such agency, the temporary licensee may be appointed and licensed as agent by another like insurer only for the period remaining under the temporary license originally issued as to such withdrawing insurer or during any renewal of such original license as authorized under paragraph (e), and the agency contract between the licensee and such other insurer shall so provide. There shall be not more than one renewal of the temporary license due to such disabling or confining illness of such licensed agent, and such renewal shall follow consecutively the expiration of the original temporary license, and in no event shall the total period covered by any original temporary license and the renewal

thereof exceed twelve consecutive months.

(3) If a temporary licensee is used to replace an individual whose agency appointment or employment and license has been terminated by the insurer, such latter individual shall not again be appointed or licensed as an agent of the same insurer or affiliated insurers within a period of twenty-four months following the date of such termination.

(4) If an absent or disabled agent being replaced under a temporary license returns or becomes able to resume the active conduct of the agency, or if the disposition of the affairs of the agency of a deceased or mentally incompetent agent is completed, or the temporary licensee has qualified for a regular license, before expiration otherwise of the temporary license, the temporary license shall thereupon forthwith terminate, and the licensee shall promptly deliver the temporary license certificate to the department at Tallahassee for cancellation.

The department shall have discretion to refuse to issue any such license to a nonresident when it has reason to believe that the applicant by ruse or subterfuge is attempting to avoid the intent and prohibitions contained in this subsection, or to believe that any of the grounds exist as for suspension or revocation of license as set forth in §§626.611 and 626.621.

(3) Duplicate copies of such legal process against such agent shall be served upon the insurance commissioner and treasurer by a person competent to serve a summons.

626.0208 Purpose of license.—

(1) The purpose of a license issued under this code to a life agent is to authorize and enable the licensee actively and in good faith to engage in the insurance business as such an agent with respect to the general public, and to facilitate the public supervision of such activities in the public interest; and not for the purpose of enabling the licensee to receive a rebate of premium in the form of “commission” or other compensation as an “agent,” or to enable the licensee to receive commissions or other compensation based upon insurance solicited or procured by or through him upon his own interests or upon those of other persons with whom he is closely associated in capacities other than as an insurance agent.

(2) The department shall not renew, continue, or permit to exist any license of a life agent if it finds that such licensee obtained, or attempted to obtain, such license not for the purpose of holding himself out to the general public as a life insurance agent but primarily for the purpose of soliciting, negotiating or procuring life insurance or annuity contracts covering himself or members of his family, or officers, directors, stockholders, partners, or employees of a business in which he, or a member of his family is engaged, or the debtors of a firm, association, or corporation of which he is an officer, director, stockholder, partner, or employee.

(3) This section shall not be deemed to prohibit the licensing of any person employed by or associated with a lending or financing institution or creditor, with respect to insurance only, under credit life and/or disability insurance policies which are subject to part VIII of chapter 627, of borrowers from such institution.

(4) The department may refuse to issue such a temporary license pending passage of the examination, as to applicants for license as to any insurer whose applicants have repeatedly and without good cause failed to appear for the examination during the ninety day temporary license period.

626.0503 Unauthorized insurers process law; short title; interpretation.—

(1) Sections 626.0503 through 626.0509 may be cited as the “unauthorized insurers process law.”

(2) Such law shall be so interpreted as to effectuate its general purpose to make uniform the law of those states which enact it.

History.—§345, ch. 59-205.

Note.—Similar provisions found in former §625.28.

626.0504 Purpose of process law.—The purpose of the unauthorized insurers process law is to subject certain insurers to the jurisdiction of courts of this state in suits by or on behalf of insureds or beneficiaries under insurance contracts. The legislature declares that it is a subject of concern that many residents of this state hold policies of insurance issued or delivered in the state by insurers while not authorized to do business in this state, thus presenting to such residents the often insuperable obstacle of resorting to distant forums for the purpose of asserting legal rights under such policies. In furtherance of such state interest, the legislature herein provides a method of substituted service of process upon such insurers and declares that in so doing it exercises its power to protect its residents and to define, for the purpose of this chapter, what constitutes doing business in this state, and also exercises powers and privileges available to the state by virtue of public law 15, 79th congress of the United States, chapter 20, 1st session, s. 340, as amended, which declares that the business of insurance and every person engaged therein shall be subject to the laws of the several states.

626.0505 Acts constituting commissioner as process agent.—Any of the following acts in this state, effected by mail or otherwise, by an unauthorized foreign or alien insurer:

(1) The issuance or delivery of contracts of insurance to residents of this state or to corporations authorized to do business therein;

(2) The solicitation of applications for such contracts;

(3) The collection of premiums, membership fees, assessments or other considerations for such contracts; or

(4) Any other transaction of insurance is equivalent to and shall constitute an appointment by such insurer of the insurance commissioner and treasurer, and his successor or successors in office, to be its true and lawful attorney, upon whom may be served all lawful process in any action, suit, or proceeding instituted by or on behalf of an insured or beneficiary, arising out of any such contract of insurance; and any such act shall be signification of the insurer's agreement that such service of process is of the same legal force and validity as personal service of process in this state upon such insurer.

626.0506 Service of process; judgment by default.—

(1) Service of process upon an insurer pursuant to §626.0505 shall be made by delivering to and leaving with the insurance commissioner and treasurer or some person in apparent charge of his office two copies thereof. The insurance commissioner and treasurer shall forthwith mail by registered mail one of the copies of such process to the defendant at his last known principal place of business, and shall keep a record of all process so served upon him. The service of process is sufficient, provided notice of such service and a copy of the process are sent within ten days thereafter by registered mail by plaintiff or plaintiff's attorney to the defendant at his last known principal place of business, and the defendant's receipt, or receipt issued by the post office with which the letter is registered, showing the name of the sender of the letter and the name and address of the person to whom the letter is addressed, and the affidavit of the plaintiff or plaintiff's attorney showing a compliance herewith are filed with the clerk of the court in which the action is pending on or before the date the defendant is required to appear, or within such further time as the court may allow.

(2) Service of process in any such action, suit or proceeding shall in addition to the manner provided in subsection (1) of this section be valid if served upon any person within this state, who, in this state on behalf of such insurer, is

(a) Soliciting insurance, or

(b) Making, issuing or delivering any contract of insurance, or

(c) Collecting or receiving any premium, membership fee, assessment or other consideration for insurance;

and a copy of such process is sent within ten days thereafter by registered mail by the plaintiff or plaintiff's attorney to the defendant at the last known principal place of business of the defendant, and the defendant's receipt, or

the receipt issued by the post office with which the letter is registered, showing the name of the sender of the letter and the name and address of the person to whom the letter is addressed, and the affidavit of the plaintiff or plaintiff's attorney showing a compliance herewith are filed with the clerk of the court in which such action is pending on or before the date the defendant is required to appear, or within such further time as the court may allow.

(3) No plaintiff shall be entitled to a judgment by default or a decree pro confesso under this section until the expiration of thirty days from date of the filing of the affidavit of compliance.

(4) Nothing in this section shall limit or abridge the right to serve any process, notice or demand upon any insurer in any other manner now or hereafter permitted by law.

626.0507 Defense of action by unauthorized insurer; damages and attorney fee.—

(1) Before an unauthorized insurer shall file or cause to be filed any pleading in any action or proceeding instituted against it under §§626.0505 and 626.0506, such insurer shall:

(a) Procure a certificate of authority to transact insurance in this state, or

(b) Deposit with the clerk of the court in which such action or proceeding is pending cash or securities or file with such clerk a bond with good and sufficient sureties, to be approved by the court, in an amount to be fixed by the court sufficient to secure the payment of any final judgment which may be rendered in such action. The court may in its discretion make an order dispensing with such deposit or bond where the insurer makes a showing satisfactory to the court that it maintains in a state of the United States funds or securities, in trust or otherwise, sufficient and available to satisfy any final judgment which may be entered in such action or proceeding, and that the insurer will pay any final judgment entered therein without requiring suit to be brought on such judgment in the state where such funds or securities are located, and that if, nevertheless, such suit is brought on such final judgment the insurer shall waive all defenses thereto.

(c) Any proof, evidence or testimony in support of such motion shall be taken in the jurisdiction of the court in which the action or proceeding is pending.

(d) If the unauthorized insurer seeks to take discovery or de bene esse depositions of witnesses beyond the jurisdiction of the court in which the action is pending, upon seasonable application by the plaintiff, the court by appropriate order shall require the unauthorized insurer, before such depositions are taken, to make similar deposit as described in paragraph (b) above, in sufficient amount to pay the reasonable expenses of the plaintiff and his

attorney in attending the taking of such depositions, including reasonable attorney's fees to be fixed by the court.

(2) The court in any action or proceeding in which service is made in the manner provided in §626.0506 may, in its discretion, order such postponement as may be necessary to afford the defendant reasonable opportunity to comply with the provisions of subsection (1), and to defend such action.

(3) Nothing in subsection (1) is to be construed to prevent an unauthorized insurer from filing a motion to quash or to set aside the service of any process made in the manner provided in §626.0506, hereof on the ground either:

(a) That such unauthorized insurer has not done any of the acts enumerated in §626.0505, or

(b) That the person on whom service was made pursuant to §626.0506(2) was not doing any of the acts therein enumerated.

626.05071 Jurisdiction of department; service of process on secretary of state.—

(1) The legislature hereby declares that it is a subject of concern that the purpose of the "Unauthorized Insurers Process Law" as expressed in §626.0504 may be denied by the possibility that the right of service of process provided for in that law may be restricted only to those actions, suits or proceedings brought by insureds or beneficiaries. It therefore declares that it is the intent of §626.0504 that it is the obligation and duty of the state to protect its residents and also proceed under this law through the department in the courts of this state. It further declares that it is also the intent of the legislature to subject unauthorized insurers to the jurisdiction of the department in proceedings, examinations or hearings before it as provided for in this code.

(2) In addition to the procedure for service of process on unauthorized insurers contained in §§626.0505 and 626.0506, the department shall have the right to bring any action, suit or proceeding in the name of the state or conduct any proceeding, examination or hearing provided for in this code against any unauthorized insurer for violation of any lawful order of the department or any provision of this code, specifically including but not limited to the regulation of trade practices provided for in §§626.0600-626.0632, if the insurer transacts insurance in this state as defined in §§624.10 and 626.0505 and does not transact such business under a subsisting certificate of authority as required by §624.0200. In the event the transaction of business is done by mail, the venue of the act is at the point where the matter transmitted by mail is delivered and takes effect.

(3) Transaction of business in this state, as so defined, by any unauthorized insurer

shall be deemed consent by the insurer to the jurisdiction of the department in proceedings, examinations and hearings before it as provided for in this code and shall constitute an irrevocable appointment by such insurer of the secretary of state and his successor or successors in office as its true and lawful attorney upon whom may be served all lawful process in any action, suit or proceeding in any court by the department or by the state and upon whom may be served all notices and orders of the department arising out of any such transaction of business; and such transaction of business shall constitute the agreement of such insurer that any such process against it or any such notice or order which is so served shall be of the same legal force and validity as if served personally within this state on such insurer. Service of process shall be in accordance with and in the same manner as now provided for service of process upon nonresidents under the provision of §48.161, and service of process shall also be valid if made as provided in §626.0506(2).

(4) No plaintiff shall be entitled to a judgment by default or a decree pro confesso under this section until the expiration of thirty days from date of the filing of the affidavit of compliance.

(5) Nothing in this section shall limit or abridge the right to serve any process, notice, orders, or demand upon the insurer in any other manner now or hereafter permitted by law.

(6) Nothing in this section shall apply as to surplus lines insurance when written pursuant to the surplus lines law, §§626.0510-626.0534, or as to transactions as to which a certificate of authority is not required of the insurer, as stated in §624.0201, (exceptions, certificate of authority required).

626.05072 Penalty for violation by unauthorized insurers.—Any unauthorized insurer transacting insurance in this state and subject to service of process as referred to in §626.05071, shall forfeit and pay to the state a civil penalty of not more than \$1,000.00 for each violation of any lawful order of the department or any provision of this code.

History.—§2, ch. 67-118; §§13, 35, ch. 69-106.

626.0508 Attorney fee.—In any action against an unauthorized foreign or alien insurer upon a contract of insurance issued or delivered in this state to a resident thereof or to a corporation authorized to do business therein, if the insurer has failed for thirty days after demand prior to the commencement of the action to make payment in accordance with the terms of the contract, the trial judge shall allow to the plaintiff a reasonable attorney fee or compensation and include such fee or compensation in any judgment that may be rendered in such action.

626.0509 Exemptions from process act.—The provisions of §§626.0503 through 626.0508 shall not apply to any action, suit or proceeding against any unauthorized foreign or alien insurer arising out of any contract of insurance,

(1) Covering reinsurance, wet marine and transportation, commercial aircraft or railway insurance risks, or

(2) Against legal liability arising out of the ownership, operation or maintenance of any property having a permanent situs outside of this state, or

(3) Against loss of or damage to any property having a permanent situs outside this state, or

(4) Issued under and in accordance with the surplus lines law, where such insurer enters a general appearance or where such contract of insurance contains a provision designating the insurance commissioner and treasurer and his successor or successors in office or designating a Florida resident agent to be the true and lawful attorney of such unauthorized insurer upon whom may be served all lawful process in any action, suit or proceeding instituted by or on behalf of an insured or beneficiary arising out of any such contract of insurance and service of process effected on such insurance commissioner and treasurer, his successor or successors in office or such resident agent shall be deemed to confer complete jurisdiction over such unauthorized insurer in such action.

626.0510 Surplus lines law; short title; purposes.—

(1) Sections 626.0510 through 626.0534 constitute and may be referred to as “the surplus lines law.”

(2) It is declared that the purposes of the surplus lines law are to provide orderly access for the insuring public of Florida to insurers not authorized to transact insurance in this state, through only qualified, licensed, and supervised surplus lines agents resident in Florida, for insurance coverages and to the extent thereof not procurable from authorized insurers; to protect such authorized insurers, which under the laws of Florida must meet certain standards as to policy forms and rates, from unwarranted competition by unauthorized insurers who, in the absence of this law, would not be subject to similar requirements; and for other purposes as set forth in this surplus lines law.

(3) This section, and this surplus lines law, do not apply as to insurance coverages which are subject to §626.0535 (report and tax of independently procured coverages).

History.—§352, ch. 59-205.

626.0511 Definitions.—As used in this surplus lines law:

(1) “Surplus lines agent” means an individual licensed as provided in part VI of this

chapter to handle the placement of insurance coverages with unauthorized insurers; and to place such coverages with authorized insurers as to which the licensee is not licensed as an agent if so placed through a countersigning Florida licensed resident agent of such insurer.

(2) “Surplus lines insurer” means an unauthorized insurer in which an insurance coverage is placed or may be placed under this surplus lines law.

(3) To “export” means to place in an unauthorized insurer under this surplus lines law, insurance covering a subject of insurance resident, located, or to be performed in Florida.

History.—§353, ch. 59-205.

Note.—Similar provisions found in former §645.01.

626.0512 Surplus lines insurance authorized.—If certain insurance coverages of subjects resident, located, or to be performed in this state cannot be procured from authorized insurers, such coverages, hereinafter designated “surplus lines,” may be procured from unauthorized insurers, subject to the following conditions:

(1) The insurance must be eligible for export under §626.0513 or §626.0514;

(2) The insurer must be an eligible surplus lines insurer under §626.0514 or §626.0515;

(3) The insurance must be so placed through a licensed Florida surplus lines agent resident in Florida; and

(4) The other applicable provisions of this surplus lines law must be complied with.

History.—§354, ch. 59-205.

626.0513 Eligibility for export.—

(1) No insurance coverage shall be eligible for export unless it meets all of the following conditions:

(a) The full amount of insurance required must not be procurable, after a diligent effort has been made to do so, from among the insurers authorized to transact and actually writing that kind and class of insurance in this state, and the amount of insurance exported shall be only the excess over the amount so procurable from authorized insurers.

(b) The premium rate at which the coverage is exported shall not be lower than that rate applicable, if any, in actual and current use by a majority of the authorized insurers for the same coverage on a similar risk.

(c) The policy or contract form under which the insurance is exported shall not be more favorable to the insured as to the coverage or rate than under similar contracts on file and in actual current use in this state by the majority of authorized insurers actually writing similar coverages on similar risks; except, that a coverage may be exported under a unique form of policy designed for use with respect to a particular subject of insurance if a copy of such form is filed with the department by the surplus lines agent desiring to use the same and is subject to the department's disapproval

within ten days of filing such form exclusive of Saturdays, Sundays, and legal holidays if it finds that use of such special form is not reasonably necessary for the principal purposes of the coverage or that its use would be contrary to the purposes of this surplus lines law with respect to the reasonable protection of authorized insurers from unwarranted competition by unauthorized insurers.

(d) Except as to extended coverage in connection with fire insurance policies and except as to windstorm insurance, the policy or contract under which the insurance is exported shall not provide for deductible amounts, in determining the existence or extent of the insurer's liability, other than those available under similar policies or contracts in actual and current use by one or more authorized insurers. This paragraph shall not apply with respect to workmen's compensation self-insurance qualified as such under chapter 440.

(2) Except, that the department may by rules and regulations declare eligible for export generally and notwithstanding the provisions of paragraphs (a), (b), (c) and (d) of subsection (1), any class or classes of insurance coverage or risk for which it finds, after a hearing, which it shall hold annually or more often, of which notice thereof was given to each insurer authorized to transact such class or classes in this state, that there is no reasonable or adequate market among authorized insurers. Any such rules and regulations shall continue in effect during the existence of the conditions upon which predicated, but subject to earlier termination by the department.

(3) Subsection (1) does not apply to wet marine and transportation or aviation risks which are subject to §626.0514.

History.—§355, ch. 59-205; §1, ch. 63-86; §1, ch. 67-380; §§13, 35, ch. 69-106.

(a) The insurance must be placed only by or through a licensed Florida surplus lines agent;

(b) The insurer must be one made eligible by the department specifically for such coverages, based upon information furnished by the insurer and indicating that the insurer is well able to meet its financial obligations; and

(c) The surplus lines agent shall, within sixty days after procurement of the policy or contract, file with the department a copy of the policy, cover note, or contract.

(2) This section shall not apply as to pleasure boats, nor as to private aircraft owned by private owners for business and pleasure purposes only (excluding commercial), exclusive of check flight or ferry flight coverage only.

History.—§356, ch. 59-205; §2, ch. 63-86; §§13, 35, ch. 69-106.

626.0515 Eligible surplus lines insurers.—

(1) No surplus lines agent shall place any coverage with any unauthorized insurer which is not then an eligible surplus lines insurer as provided for under this section.

(2) No unauthorized insurer shall be or become an eligible surplus lines insurer unless made eligible by the department in accordance with the following conditions:

(a) Eligibility of the insurer must be requested in writing by a licensed surplus lines agent;

(b) The insurer must be currently an authorized insurer in the state or country of its domicile as to the kind or kinds of insurance proposed to be so placed, and must have been such an insurer for not less than the three years next preceding; or must be the wholly-owned subsidiary of an already eligible surplus lines insurer or authorized insurer that has been so eligible for a period of not less than the three years next preceding;

(c) Before granting eligibility the requesting surplus lines agent or the insurer shall furnish the department with a duly authenticated copy of its current annual financial statement in the English language and with all monetary values therein expressed in United States dollars, at an exchange rate—in the case of statements originally made in the currencies of other countries—then current and shown in the statement, and with such additional information relative to the insurer as the department may request;

(d) The insurer, if organized under the laws of a state of the United States, must have surplus as to policyholders of not less than the amount required under this code for a like authorized insurer; or, if an alien insurer, must have and maintain in the United States a trust fund for the protection of all its policyholders in the United States under terms deemed by the department to be reasonably adequate, in the amount of not less than eight hundred thousand dollars. Any such surplus as to policyholders or trust fund shall be represented by investments consisting of public obligations of the United States, or of any state, county, or municipality thereof, or by other investments of the same general character and quality as are eligible investments for like funds of like domestic insurers under part II of chapter 625 of this code;

(e) The insurer must be of good reputation as to the providing of service to its policyholders and the payment of losses and claims;

(f) The insurer must be eligible, as for authority to transact insurance in this state, under subsections (3) (management and affiliations), and (4) (voting control or operation by alien government or agency) of §624.0203; and

(g) This subsection does not apply as to unauthorized insurers made eligible under §626.0514 as to wet marine and aviation risks as in such section provided.

(3) The department shall from time to

time publish a list of all currently eligible surplus lines insurers, and shall mail a copy thereof to each licensed surplus lines agent at his office last of record with the department.

(4) This section shall not be deemed to cast upon the department any duty or responsibility to determine the actual financial condition or claims practices of any unauthorized insurer; and the status of eligibility, if granted by the department, shall indicate only that the insurer appears to be sound financially and to have satisfactory claims practices, and that the department has no credible evidence to the contrary.

(5) Where it appears that any particular insurance risk which is eligible for export, but insurance coverage thereon, in whole or in part, is not procurable from the eligible surplus lines insurers, after a diligent effort, then the surplus lines agent may file a supplemental affidavit stating such facts and advising the insurance department that such part of the risk as shall be unprocurable, as aforesaid, is being placed with named unauthorized insurers, in the amounts and percentages set forth in the affidavit. Such named unauthorized insurer shall, however, before accepting any risk in this state, deposit with the insurance department United States government bonds of the market value of ten thousand dollars which shall be held by said department for the benefit of Florida policyholders only and the surplus lines agent shall procure from such unauthorized insurer and file with the department of insurance a certified copy of its statement of condition as of the close of the last calendar year. If such statement reveals, including both capital and surplus, net assets of at least five hundred thousand dollars, then the surplus lines agent may proceed to consummate such contract of insurance. Whenever any insurance risk or any part thereof, is placed with an unauthorized insurer, as provided herein, the policy, binder or cover note shall bear conspicuously on its face in boldface type the following notation: "All or part of the insurers participating in this risk have not been authorized to transact business in Florida, nor have they been declared eligible as a surplus lines insurer by the department of insurance of this state. The placing of such insurance by a duly licensed surplus lines agent in this state, shall not be construed as approval of such insurer by the department of insurance of Florida. Consequently, you do not have the protection of the insurance laws of Florida." All other provisions of this code shall apply to such placement the same as if such risks were placed with an eligible surplus lines insurer.

History.—§357, ch. 59-205; §1, ch. 61-105; §3, ch. 63-86; §1, ch. 63-209; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §645.08.

626.0516 Withdrawal of eligibility; surplus lines insurer.—

(1) If at any time the department has reason to believe that any unauthorized insurer

then on the list of eligible surplus lines insurers is insolvent, or in unsound financial condition, or does not make reasonable prompt payment of just losses and claims in this state, or that it is no longer eligible under the conditions therefor provided in §626.0515, it shall withdraw the eligibility of the insurer to insure surplus lines risks in this state.

(2) If the department finds, after a hearing thereon of which notice was given to all licensed surplus lines agents, that an insurer currently eligible as a surplus lines insurer has wilfully violated the laws of Florida it may, in its discretion, withdraw the eligibility of the insurer to insure surplus lines risks in this state.

(3) The department shall promptly mail notice of all such withdrawals of eligibility to each surplus lines agent at his address last of record with the department.

History.—§358, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §645.08.

626.0517 Export procedure.—

(1) Within sixty days after the effectuation of any surplus lines insurance (exclusive of Saturdays, Sundays, and legal holidays), the surplus lines agent shall file with the department in its office at Tallahassee:

(a) A copy of the binder, cover note, certificate, policy, or other confirmation of insurance showing the identity and location of the subject of the proposed insurance; name and address of proposed insured; name of proposed insurer or insurers; perils to be covered; form or type of policy or contract under which to be insured; any special or additional coverages or conditions; amount of premium or rate; and such other pertinent information as the department may reasonably require; and

(b) The affidavit of the surplus lines agent, on forms as prescribed and furnished by the department, as to efforts made to place the coverage with authorized insurers and the results thereof.

(2) This section does not apply as to wet marine and transportation or aviation coverages which are subject to §626.0514.

626.0518 Surplus lines examining office; filings confidential.—

(1) For the expeditious examination of surplus lines insurance coverages as provided for in §626.0517, the department shall establish and maintain in its offices at Tallahassee such facilities, as an "examining office," as may reasonably be necessary for the purpose.

(2) In the operation of the examining office, the department may employ or obtain necessary personnel and office furniture, fixtures and facilities, and/or may make joint use of personnel, furniture, fixtures and facilities otherwise employed or used in its office.

(3) Filings made by surplus lines agents with the examining office, other than the affidavits provided for in §626.0517(1)(b), shall

not be open to public inspection and shall be held as confidential information. This provision shall not apply as to the quarterly reports filed by such agents pursuant to §626.0528 or to any information in connection with a unique form of policy issued pursuant to §626.0513 (1) (c).

History.—§360, ch. 59-205; §13, 35, ch. 69-106.

626.0519 Evidence of the insurance; changes; penalty.—

(1) Upon placing a surplus line coverage, the surplus lines agent shall promptly issue and deliver to the insured evidence of the insurance consisting either of the policy as issued by the insurer or, if such policy is not then available, a certificate, cover note, or other confirmation of insurance. Such document shall be executed or countersigned by the surplus lines agent and shall show the description and location of the subject of the insurance, coverage, conditions and term of the insurance, the premium and rate charged and taxes collected from the insured, and the name and address of the insured and insurer. If the direct risk is assumed by more than one insurer, the document shall state the name and address and proportion of the entire direct risk assumed by each insurer.

(2) No surplus lines agent shall issue any such document, or purport to insure or represent that insurance will be or has been granted by any unauthorized insurer unless he has prior written authority from the insurer for the insurance, or has received information from the insurer in the regular course of business that such insurance has been granted, or an insurance policy providing the insurance actually has been issued by the insurer and delivered to the insured.

(3) If after the issuance and delivery of any such document there is any change as to the identity of the insurers, or the proportion of the direct risk assumed by the insurer as stated in the original certificate, cover note, or confirmation, or in any other material respect as to the insurance coverage evidenced by such a document, the surplus lines agent shall promptly issue and deliver to the insured a substitute certificate, cover note or confirmation, or endorsement for the original such document, accurately showing the current status of the coverage and the insurers responsible thereunder. No such change shall result in a coverage or insurance contract which would be in violation of this surplus lines law if originally issued on such basis.

(4) If a policy issued by the insurer is not available upon placement of the insurance and the surplus lines agent has issued and delivered a certificate, cover note or confirmation, as hereinabove provided, upon request therefor by the insured the surplus lines agent shall as soon as reasonably possible procure from the insurer

its policy evidencing the insurance and deliver the policy to the insured in replacement of the certificate, cover note, or confirmation theretofore issued.

(5) Any surplus lines agent who knowingly or negligently issues a false certificate, cover note, or confirmation of insurance, or false endorsement therefor, or who fails promptly to notify the insured of any material change with respect to such insurance by delivery to the insured of a substitute certificate, cover note or confirmation, or endorsement as provided in subsection (3), shall, upon conviction, be subject to the penalties provided by §624.15 of this code or to any greater applicable penalty otherwise provided by law.

History.—§361, ch. 59-205.

626.0520 Filing copy of policy or certificate.—Immediately upon issuing a surplus lines policy, the surplus lines agent shall file with the department an exact copy of the policy so issued. If a policy has not been issued, the surplus lines agent shall so file an exact copy of his certificate, cover note, or other confirmation of insurance as delivered to the insured. The surplus lines agent shall likewise promptly file with the department an exact copy of any substitute certificate, cover note, or other confirmation of insurance, and of every endorsement of an original policy, certificate, cover note, or other confirmation of insurance, delivered to an insured, together with such surplus lines agent's memorandum informing the department as to the substance of any change represented by such substitute certificate, cover note, or other confirmation, or of any such endorsement, as compared with the coverage as originally placed or issued.

(2) Whenever any person does or performs in this state any of the acts set forth in the preceding subsection for or on behalf of any insurer therein referred to, such insurer shall be held to be doing business in this state and shall be subject to the same taxes, state, county and municipal, as insurers that have been legally qualified and admitted to do business in this state by agents or otherwise are subject, the same to be assessed and collected against such insurers; and such persons so doing or performing any of such acts shall be personally liable for all such taxes.

(1) If the department has reason to believe that any person has been engaged or is engaging in this state in any unfair method of competition, or any unfair or deceptive act or practice expressly prohibited in this trade practices law, and that a proceeding by it in respect thereto would be to the interest of

the public, it shall issue and serve upon such person a statement of the charges in that respect and a notice of a hearing thereon to be held at a time and place fixed in the notice, which shall not be less than twenty days after the date of the service thereof.

(2) At the hearing such person shall have an opportunity to be heard and to show cause why an order should not be made by the department requiring such person to cease and desist from the acts, methods or practices so complained of. Upon good cause shown, the department shall permit any person to intervene, appear and be heard at such hearing by counsel or in person.

(3) Provisions of part II of chapter 624 of this code relative to the powers of the department, witnesses, evidence and hearings shall apply as to procedures under this trade practices law, except where in conflict with the express provisions of this trade practices law.

(6) After the expiration of the time allowed for filing such a petition for review, if no such petition has been duly filed within such time, the department may at any time, after notice and opportunity for hearing, reopen and alter, modify, or set aside, in whole or in part, any order issued by it under this section whenever in its opinion conditions of fact or of law have so changed as to require such action or if the public interest so requires.

(7) A cease and desist order issued by the department under this section shall become final:

(a) Upon the expiration of the time allowed for filing of petition for review, if no such petition has been duly filed within such time; except that the department may thereafter modify or set aside its order to the extent provided in subsection (5); or

(b) Upon the final decision of the court if the court directs that the order of the de-

partment be affirmed or the petition for review dismissed.

(8) No order or proceeding, or absence of such order or proceeding, of the department pursuant to this trade practices law or order of court to enforce any such order, if made, shall in any way relieve or absolve any person affected thereby from any other liability, penalty or forfeiture under law.

(1) Whenever the department has reason to believe that any person engaged in the business of insurance is engaging in this state in any method of competition or in any act or practice in the conduct of such business which is not defined in this trade practices law, that such method of competition is unfair or that such act or practice is unfair or deceptive and that a proceeding by it in respect thereto would be to the interest of the public, it may issue and serve such person a statement of the charges in that respect and a notice of a hearing thereon to be held at a time and place

fixed in the notice, which shall not be less than twenty days after the date of the service thereof. Each such hearing shall be conducted in the same manner as the hearings provided for in §626.0620 of this trade practices law. The department shall, after such hearing, make a report in writing in which it shall state its findings as to the facts, and it shall serve a copy thereof upon such person.

(2) If such report charges a violation of this trade practices law and if such method of competition, act or practice has not been discontinued, the department may at any time after thirty days after the service of such report, cause a petition to be filed in the circuit court of this state of the circuit wherein the person resides or has his principal place of business, to enjoin and restrain such person from engaging in such method, act, or practice. The court shall have jurisdiction of the proceeding and shall have power to make and enter appropriate orders in connection therewith and to issue such writs as are ancillary to its jurisdiction or are necessary in its judgment to prevent injury to the public pendente lite.

(3) A transcript of the proceedings before the department, including all evidence taken and the report and findings shall be filed with such petition. If either party applies to the court for leave to adduce additional evidence and shows, to the satisfaction of the court, that such additional evidence is material and there were reasonable grounds for the failure to adduce such evidence in the proceeding before the department, the court may order such additional evidence to be taken before the department and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The department may modify its findings of fact or make new findings by reason of the additional evidence so taken, and it shall file such modified or new findings with the return of such additional evidence.

(4) If the court finds that the method of competition complained of is unfair or that the act or practice complained of is unfair or deceptive, that the proceeding by the department with respect thereto is to the interest of the public and that the findings of the department are supported by the evidence, it shall issue its order enjoining and restraining the continuance of such method of competition, act or practice.

Upon such review, the court shall have authority to issue appropriate orders and decrees in connection therewith,

including, if the court finds that it is to the interest of the public, orders enjoining and restraining the continuance of any method of competition, act or practice which it finds, notwithstanding such report of the department, constitutes a violation of this trade practices law. Section 626.0623 (3) shall apply as to any such review.

627.011 Short title.—Part I of this chapter may be referred to as “the rating law.”

History.—§412, ch. 59-205.

627.021 Scope of part I.—

(1) Part I of this chapter applies only to property, casualty, and surety insurances (as

defined in part V of chapter 624 of this code) of subjects of insurance resident, located or to be performed in this state, except as provided in subsection (2).

(2) This chapter does not apply to:

(a) Reinsurance, except joint reinsurance as provided in §627.311 of this chapter.

(b) Disability insurance.

(c) Insurance against loss of or damage to aircraft, their hulls, accessories or equipment, or against liability, other than workmen's compensation and employer's liability, arising out of the ownership, maintenance or use of aircraft.

(d) Insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured under marine, as distinguished from inland marine, insurance policies.

(3) For the purposes of this chapter all motor vehicle insurance shall be deemed to be casualty insurance only.

History.—§413, ch. 59-205.

Note.—Similar provisions found in former §§628.12, 629.02, 629.03, 630.01.

627.031 Purpose of part I; interpretation.—

(1) The purposes of part I of this chapter are:

(a) To promote the public welfare by regulating insurance rates as herein provided to the end that they shall not be excessive, inadequate, or unfairly discriminatory;

(b) To authorize the existence and operation of qualified rating organizations and advisory organizations and require that specified rating services of such rating organizations be generally available to all authorized insurers; and

(c) To authorize cooperation between insurers in rate making and other related matters.

(2) It is the express intent of this part to permit and encourage competition between insurers on a sound financial basis, and, except as to approval or disapproval of rates or rating as to workmen's compensation and employer's liability insurance as expressly herein provided, nothing in this part is intended to give the department power to fix and determine a rate level by classification or otherwise.

History.—§411, ch. 59-205; §1, ch. 67-9; §§13, 35, ch. 69-106.

627.041 Definitions.—As used in part I of this chapter:

(1) "Rate" means the unit charge by which the measure of exposure or the amount of insurance specified in a policy of insurance or covered thereunder is multiplied to determine the premium.

(2) "Premium" means the consideration paid or to be paid to an insurer for the issuance and delivery of any binder or policy of insurance.

(3) "Rating organization" means every person, other than an authorized insurer, whether located within or outside this state,

who has as his object or purpose the making of rates, rating plans, or rating systems. Two or more authorized insurers which act in concert for the purpose of making rates, rating plans, or rating systems, and which do not operate within the specific authorizations contained in §627.311 (joint underwriters and joint reinsurers), §627.314(2),(4) (concerted action), and §627.351 (assigned risk plan), shall be deemed to be a rating organization. No single insurer shall be deemed to be a rating organization.

(4) "Advisory organization" means every group, association, or other organization of insurers, whether located within or outside this state, which prepares policy forms or makes underwriting rules incident to but not including the making of rates, rating plans or rating systems or which collects and furnishes to authorized insurers or rating organizations loss or expense statistics or other statistical information and data and acts in an advisory, as distinguished from a rate making, capacity.

(5) "Member" means an insurer who participates in or is entitled to participate in the management of a rating, advisory or other organization.

(6) "Subscriber" means an insurer which is furnished at its request:

(a) With rates and rating manuals by a rating organization of which it is not a member; or

(b) With advisory services by an advisory organization of which it is not a member.

(7) "Willful" or "willfully" in relation to an act or omission which constitutes a violation of this part means with actual knowledge or belief that such act or omission constitutes such violation and with specific intent nevertheless to commit such act or omission.

History.—§414, ch. 59-205; §2, ch. 67-9.

Note.—Similar provisions found in former §629.01.

627.062 Rate standards.—

(1) The rates for all classes of insurance to which the provisions of this part are applicable shall not be excessive, inadequate, or unfairly discriminatory.

(2) As to all such classes of insurance, other than workmen's compensation and employer's liability insurances:

(a) No rate shall be held to be excessive unless:

1. Such rate is unreasonably high for the insurance provided, and

2. A reasonable degree of competition does not exist in the area with respect to the classification to which the rate is applicable.

(b) No rate shall be held to be inadequate unless:

1. The rate is unreasonably low for the insurance provided, and

2. The continued use of the rate endangers the solvency of the insurer using the same, or unless

3. The rate is unreasonably low for the insurance provided and the use of the rate by the insurer using the same has, or if continued

will have, the effect of destroying competition or of creating a monopoly.

(3) Nothing contained in this section or elsewhere in this part shall be construed to repeal or modify the provisions of §§626-0600 through 626.0632, relating to unfair trade practices, and any rate, rating classification, rating plan or schedule, or variation thereof established in violation of said sections shall, in addition to the consequences stated in said sections or elsewhere, be deemed a violation of this section.

History.—§3, ch. 67-9.

627.071 Inland marine defined.—For the purposes of this code "inland marine" insurance shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted, by ruling of the department, or as established as general custom of the business, as inland marine insurance.

History.—§417, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §629.03.

627.072 Making and use of rates.—

(1)(a) As to all rates which are subject to part I of this chapter, due consideration shall be given, to the extent applicable, to:

1. Past and prospective loss experience within and outside this state;
2. The conflagration and catastrophe hazards;
3. A reasonable margin for underwriting profit and contingencies;
4. Dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers;
5. Investment income on unearned premium reserves and loss reserves;
6. Past and prospective expenses both countrywide and those specifically applicable to this state; and
7. All other relevant factors, including judgment factors, within and outside this state.

(b) In the case of fire insurance rates, consideration shall be given to the experience of the fire insurance business during a period of not less than the most recent five-year period for which such experience is available.

(2) The systems of expense provisions included in the rates for use by an insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any kind of insurance or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable.

(3) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such stand-

ards may measure any difference among risks that can be demonstrated to have a probable effect upon losses or expenses. Such classifications and modifications shall apply to all risks under the same or substantially the same circumstances or conditions.

History.—§4, ch. 67-9.

627.091 Rate filings; workmen's compensation and employer's liability insurances.—

(1) As to workmen's compensation and employer's liability insurances, every insurer shall file with the department every manual of classifications, rules and rates, every rating plan and every modification of any of the foregoing which it proposes to use.

(2) Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated. When a filing is not accompanied by the information upon which the insurer supports the filing and the department does not have sufficient information to determine whether the filing meets the applicable requirements of this part, it shall within fifteen days after the date of filing require the insurer to furnish the information upon which it supports the filing and in such event the waiting period provided for in §627.101(2) shall commence as of the date such information is furnished. The information furnished in support of a filing may include:

- (a) The experience or judgment of the insurer or rating organization making the filing;
- (b) Its interpretation of any statistical data it relies upon;
- (c) The experience of other insurers or rating organizations; or
- (d) Any other factors which the insurer or rating organization deems relevant.

(3) A filing and any supporting information shall be open to public inspection as provided in §627.101.

(4) An insurer may satisfy its obligation to make such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings, and by authorizing the department to accept such filings in its behalf; but nothing contained in this chapter shall be construed as requiring any insurer to become a member or a subscriber to any rating organization.

History.—§419, ch. 59-205; §5, ch. 67-9; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.03, 629.08, 629.17, 630.03.

627.101 When filing becomes effective; workmen's compensation and employer's liability insurances.—

(1) The department shall review filings as to workmen's compensation and employer's liability insurances as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this part.

(2) Within fifteen days after the date of the filing, together with any additional information, if any, in support of the filing which has been requested by the department under §627.091(2), has been received by the depart-

ment, the department shall place the filing and its supporting information on file in its office for public inspection, and give notice thereof to the insurer or rating organization that made the filing. Prior to being so placed on file for public inspection the filing shall be deemed a privileged communication not open to public inspection; but this provision shall not be deemed to prohibit any insurer or rating organization from discussing, or require any such insurer or rating organization to discuss, with any person or organization any filing which it proposes to make or has made with the department.

(3) A filing which the department has placed on file for public inspection as provided in subsection (2) shall so remain on file for fifteen days (counting such filing date as the first day of such public inspection period), and shall not be approved, disapproved, or become effective during such fifteen-day period except after a public hearing. If not theretofore approved or disapproved after a public hearing thereon, or affirmatively approved or disapproved by the department on the sixteenth day after the filing was so placed on file for public inspection, the filing shall become effective as at 12:01 a.m. on such sixteenth day, unless within such fifteen-day period the department has concluded it to be in the public interest to hold a public hearing to determine whether the filing meets the requirements of this chapter, and given notice of such hearing to the insurer or rating organization that made the filing, and in which case the effectiveness of the filing shall be subject to the further order of the department made as provided in §627.111.

(4) An insurer or rating organization may, at the time it makes a filing with the department, request a public hearing thereon. In such event the department shall forthwith place the filing on file in its office for public inspection and shall give notice of the hearing, and otherwise hold and conduct the hearing as provided in §627.111, and the effectiveness of the filing shall be subject to the department's order made following the hearing.

(5) If the department disapproves a filing it shall promptly give notice of such disapproval to the insurer or rating organization that made the filing, stating the respects in which it finds the filing does not meet the requirements of this chapter. If the department approves a filing it shall give prompt notice thereof to the insurer or rating organization that made the filing, and in which case the filing shall become effective upon such approval or upon such subsequent date as may be satisfactory to the department and the insurer or rating organization that made the filing. If the filing becomes effective in the absence of affirmative approval, or disapproval, as provided in subsection (3), the filing shall become operative upon such effective date or

upon such subsequent date as may be provided for therein.

History.—§420, ch. 59-205; §6, ch. 67-9; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.03, 629.09, 629.17, 630.03.

627.111 Hearing as to filing; effective date of filing.—

(1) If, pursuant to §627.101(3), the department determines to hold a public hearing as to a filing, or holds such a public hearing pursuant to request therefor under §627.101(4), it shall give written notice thereof to the rating organization or insurer that made the filing, shall hold such hearing within thirty days after commencement of the public inspection period provided for in §627.101(2) or subsection (4), and not less than ten days prior to the date of the hearing it shall give written notice of the hearing to the insurer or rating organization that made the filing. The department may also, in its discretion, give advance public notice of such hearing by publication of notice in one or more daily newspapers of general circulation in this state.

(2) The hearing shall be conducted and the order thereon shall be made as provided in §627.371.

(3) If the department's order disapproves the filing, the filing shall not become effective during the effectiveness of such order. If the department's order approves the filing, the filing shall become effective upon the date of the order or upon such subsequent date as may be satisfactory to the insurer or rating organization that made the filing.

(4) Any such order of the department shall be subject to judicial review as provided in §627.391.

History.—§421, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.03, 629.09, 629.17, 630.03.

627.141 Subsequent disapproval of filing; workmen's compensation and employer's liability insurances.—If at any time after a filing has been approved by it or has otherwise become effective the department finds, after a hearing held on not less than twenty days' written notice specifying the matters to be considered at the hearing and given to every insurer and rating organization which made the filing, that the filing no longer meets the requirements of this chapter, it shall issue an order specifying in what respects it finds that such filing fails to meet such requirements and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. The department shall send a copy of the order to every such insurer and rating organization. The order shall not affect any insurance contract or policy made or issued prior to the expiration of the period set forth in the order.

History.—§424, ch. 59-205; §7, ch. 67-9; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.09, 630.03.

627.151 Basis of approval or disapproval of workmen's compensation or employer's liability insurances filing; scope of disapproval power.—

(1) In determining at any time whether to

approve or disapprove a filing as to workmen's compensation or employer's liability insurances, or to permit the filing otherwise to become effective, the department shall give consideration only to the applicable standards and factors referred to in §§627.062 and 627.072.

(2) As to workmen's compensation and employer's liability insurances, no manual of classifications, rule, rating plan, rating system, plan of operation, or any modification of any of the foregoing which establishes standards for measuring variations in hazards or expense provisions, or both, shall be disapproved if the rates thereby produced meet the applicable requirements of this part.

History.—§425, ch. 59-205; §8, ch. 67-9; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.09, 629.14, 629.17.

627.171 Excess rates.—With written consent of the insured filed with the insurer, a rate in excess of that otherwise applicable may be used on any specific risk.

History.—§427, ch. 59-205; §9, ch. 67-9.

Note.—Similar provisions found in former §§629.12, 630.05.

627.181 Appeal by insureds and others as to workmen's compensation and employer's liability insurance filings.—

(1) Any person or organization aggrieved with respect to any workmen's compensation or employer's liability insurance filing which has been approved without a hearing may within thirty days after the date of such approval make written application to the department for a hearing thereon, except that the insurer or rating organization that made the filing shall not be authorized to proceed under this section. Such application shall specify the grounds to be relied upon by the applicant.

(2) If the department finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, it shall, within thirty days after receipt of such application, hold a hearing upon not less than ten days' written notice to the applicant and to every insurer and rating organization which made such filing.

(3) If, after such hearing, the department finds that the filing does not meet the applicable requirements of this part, it shall issue an order specifying in what respects it finds that such filing fails to meet such requirements, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of the order shall be sent to the applicant and to every such insurer and rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

(4) Any such person or organization denied a hearing, or who after such hearing suffers an adverse order, shall have the right of appeal from such order as provided by §627-391 (appeals from the department), and the department and the insurer or rating or-

ganization which made the filing shall be parties to such appeal.

History.—§428, ch. 59-205; §10, ch. 67-9; §§13, 35, ch. 69-106.

627.191 Adherence to filings; workmen's compensation and employer's liability insurances.—No insurer or employee thereof, and no agent shall make or issue a contract or policy of workmen's compensation or employer's liability insurance except in accordance with the filings which are in effect for such insurer, as provided in the applicable provisions of this part, or in accordance with §627.171 (excess rates) of this code.

History.—§429, ch. 59-205; §11, ch. 67-9.

Note.—Similar provisions found in former §§629.08, 629.18, 630.03, 630.10.

627.211 Deviations; workmen's compensation and employer's liability insurances.—

(1) Every member or subscriber to a rating organization shall, as to workmen's compensation or employer's liability insurance, adhere to the filings made on its behalf by such organization; except that any such insurer may make written application to the department for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance, for a class of insurance which is found by the department to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of workmen's compensation or employer's liability insurance:

(a) Comprised of a group of manual classifications which is treated as a separate unit for rate making purposes, or

(b) For which separate expense provisions are included in the filings of the rating organization.

Such application shall specify the basis for the modification and shall be accompanied by the data upon which the applicant relies. A copy of the application and data shall be sent simultaneously to the rating organization.

(2) The department shall set a time and place for a hearing at which the insurer and the rating organization may be heard and shall give them not less than ten days' written notice thereof. In the event the department is advised by the rating organization that it does not desire a hearing, it may, upon the consent of the applicant, waive the hearing.

(3) In considering the application for permission to file the deviation, the department shall give consideration to the applicable principles for rate making as set forth in §§627-062 and 627.072. The department shall issue an order permitting the deviation for such insurer to be filed if it finds it to be justified, and it shall thereupon become effective. It shall issue an order denying such application if it finds that the resulting premiums would be excessive, inadequate, or unfairly discriminatory.

(4) Each deviation permitted to be filed shall be effective for a period of one year from the date of such permission unless terminated sooner with the approval of the department, but no such termination shall be effectuated until after the deviation has been in effect for a period of at least six months.

History.—§431, ch. 59-205; §12, ch. 67-9; §§13, 35, ch. 69-106.
Note.—Similar provisions found in former §630.05.

627.221 Rating organizations; licensing; fee.—

(1) A corporation, an unincorporated association, a partnership or an individual, whether located within or outside this state, may make application to the department for license as a rating organization. As to property or inland marine insurance the application shall be for such kinds of insurance, or subdivision or class of risk or a part or combination thereof as are specified in the application. As to casualty and surety insurances the application shall be for such kinds of insurance or subdivisions thereof as are specified in the application. The applicant shall file with its application:

(a) A copy of its constitution, its articles of agreement or association or its certificate of incorporation, and of its by-laws, rules and regulations governing the conduct of its business,

(b) A list of its members and subscribers,

(c) The name and address of a resident of this state upon whom notices or orders of the department or process affecting such rating organization may be served, and

(d) A statement of its qualifications as a rating organization.

If the department finds that the applicant is competent, trustworthy and otherwise qualified to act as a rating organization and that its constitution, articles of agreement or association or certificate of incorporation, and its by-laws, rules and regulations governing the conduct of its business conform to the requirements of law, it shall issue a license specifying (in the case of a casualty or surety rating organization) the kinds of insurance or subdivisions thereof, or (in the case of a property insurance rating organization) the kinds of insurance or subdivision or class of risk or part or combination thereof, for which the applicant is authorized to act as a rating organization. Every such application shall be granted or denied in whole or in part by the department within sixty days of the date of its filing with it.

(2) Licenses issued pursuant to this section shall expire on the September 30 next following date of issuance, and shall be subject to annual renewal.

(3) The fee for the license shall be in the amount specified therefor in §624.0300 (filing, license, and miscellaneous fees). This fee when collected shall be deposited to the credit of the insurance commissioner's regulatory trust fund.

(4) Licenses issued pursuant to this section may be suspended or revoked by the department,

after hearing upon notice, in the event the rating organization ceases to meet the requirements of this section.

627.231 Subscribers to rating organizations.—

(1) Subject to rules and regulations which have been approved by the department as reasonable, each rating organization shall permit any insurer, not a member, to subscribe to its rating services. As to property and marine rating organizations an insurer shall be so permitted to subscribe to rating services for any kind of insurance, subdivision, or class of risk or a part or combination thereof for which the rating organization is authorized so to act. As to casualty and surety rating organizations an insurer shall be so permitted to subscribe to rating services for any kind of insurance or subdivision thereof for which the rating organization is authorized so to act. The rating organization shall give notice to subscribers of proposed changes in such rules and regulations.

(2) The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any subscriber or any such insurer, be reviewed by the department at a hearing held upon at least ten days' written notice to such rating organization and to such subscriber or insurer. If the department finds that such rule or regulation is unreasonable in its application to subscribers, it shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an insurer's application for subscribership within thirty days after it was made, the insurer may request a review by the department as if the application had been rejected. If the department finds that the insurer has been refused admittance to the rating organization as a subscriber without justification, it shall order the rating organization to admit the insurer as a subscriber. If it finds that the action of the rating organization was justified, it shall make an order affirming its action.

(3) Each rating organization shall furnish its rating services without discrimination to its members and subscribers.

History.—§433, ch. 59-205; §§13, 35, ch. 69-106.
Note.—Similar provisions found in former §§629.03, 629.05.

627.241 Notice of changes.—Every rating organization shall notify the department promptly of every change in:

(1) Its constitution, its articles of agreement or association, or its certificate of incorporation, and its by-laws, rules and regulations governing the conduct of its business;

(2) Its list of members and subscribers; and

(3) The name and address of the resident of this state designated by it upon whom notices or orders of the department or process

affecting such rating organization may be served.

627.251 Bureau rules not to affect dividends.—No rating organization shall adopt any rule the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

History.—§435, ch. 59-205.

Note.—Similar provisions found in former §630.04.

627.271 Stamping bureau.—Any property insurance rating organization may provide for the examination of policies, daily reports, binders, renewal certificates, endorsements or other evidences of insurance, or the cancellation thereof and may make reasonable rules governing their submission. Such rules shall contain a provision that in the event any insurer does not within sixty days furnish satisfactory evidence to the rating organization of the correction of any error or omission previously called to its attention by the rating organization, it shall be the duty of the rating organization to notify the department thereof. All information so submitted for examination shall be confidential.

History.—§437, ch. 59-205; §§13, 35, ch. 69-106.

627.281 Appeal from rating organization; workmen's compensation and employer's liability insurance filings.—

(1) Any member or subscriber to a rating organization may appeal to the department from the action or decision of such rating organization in approving or rejecting any proposed change in or addition to the workmen's compensation or employer's liability insurance filings of such rating organization, and the department shall, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization, issue an order approving the decision of such rating organization or directing it to give further consideration to such proposal. If such appeal is from the action or decision of the rating organization in rejecting a proposed addition to its filings, the department may, in the event it finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with its findings, within a reasonable time after the issuance of such order.

(2) If such appeal is based upon the failure of the rating organization to make a filing

on behalf of such member or subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in §627.072(2), from the system of expense provisions included in a filing made by the rating organization, the department shall, if it grants the appeal, order the rating organization to make the requested filing for use by the appellant. In deciding such appeal, the department shall apply the applicable standards set forth in §§627.062 and 627.072.

History.—§438, ch. 59-205; §13, ch. 67-9; §§13, 35, ch. 69-106.

627.291 Information to be furnished insureds; appeal by insureds; workmen's compensation and employer's liability insurances.—

(1) As to workmen's compensation and employer's liability insurances, every rating organization and every insurer which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate.

(2) As to workmen's compensation and employer's liability insurances, every rating organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or insurer fails to grant or rejects such request within thirty days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rating organization or insurer on such request may, within thirty days after written notice of such action, appeal to the department, which, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization or insurer, may affirm or reverse such action.

627.301 Advisory organizations.—

(1) No advisory organization shall conduct its operations in this state unless and until it has filed with the department:

(a) A copy of its constitution, articles of incorporation, articles of agreement or of association, and bylaws or rules and regulations governing its activities, all duly certified by the custodian of the originals thereof;

(b) A list of its members and subscribers; and

(c) The name and address of a resident

of this state upon whom notices or orders of the department or process may be served.

(2) Every such advisory organization shall notify the department promptly of every change in:

- (b) Its articles of incorporation, agreement, or association;
- (c) Its bylaws, rules and regulations governing the conduct of its business;

(1) Every group, association or other organization of insurers which engages in joint underwritings or joint reinsurance, shall be subject to regulation with respect thereto as herein provided, subject, however, with respect to joint underwriting, to all other provisions of this chapter and, with respect to joint reinsurance, to §§624.15 (general penalty) and 627.321 (examinations) of this code.

(2) If, after a hearing, the department finds that any activity or practice of any such group, association or other organization is unfair or unreasonable or otherwise inconsistent with the provisions of this chapter, it may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this chapter, and requiring the discontinuance of such activity or practice.

627.314 Concerted action by two or more insurers.—

(1) Subject to and in compliance with the provisions of this part authorizing insurers to be members or subscribers of rating or advisory organizations or to engage in joint underwriting or joint reinsurance, two or more insurers may act in concert with each other and with others with respect to any matters pertaining to:

- (a) The making of rates or rating systems;
- (b) The preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections, and investigations;
- (c) The furnishing of loss or expense statistics or other information and data; or
- (d) The carrying on of research.

(2) With respect to any matters pertaining to the making of rates or rating systems; the preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections, and investigations; the furnishing

of loss or expense statistics or other information and data; or the carrying on of research, two or more authorized insurers having a common ownership or operating in the state under common management or control are hereby authorized to act in concert between or among themselves the same as if they constituted a single insurer. To the extent that such matters relate to co-surety bonds, two or more authorized insurers executing such bond are hereby authorized to act in concert between or among themselves the same as if they constituted a single insurer.

(3)(a) Members and subscribers of rating or advisory organizations may use the rates, rating systems, underwriting rules or policy or bond forms of such organizations, either consistently or intermittently, but except as provided in subsection (2) of this section and §§627.311 and 627.351, shall not agree with each other or rating organizations or others to adhere thereto.

(b) The fact that two or more authorized insurers, whether or not members or subscribers of a rating or advisory organization, use, either consistently or intermittently, the rates or rating systems made or adopted by a rating organization or the underwriting rules or policy or bond forms prepared by a rating or advisory organization shall not be sufficient in itself to support a finding that an agreement to so adhere exists, and may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement.

(c) This subsection does not apply as to workmen's compensation and employer's liability insurances.

(4) Licensed rating organizations and authorized insurers are authorized to exchange information and experience data with rating organizations and insurers in this and other states and may consult with them with respect to rate making and the application of rating systems.

(5) Upon compliance with the provisions of this part applicable thereto, any rating organization or advisory organization, and any group, association or other organization of authorized insurers which engages in joint underwriting or joint reinsurance through such organization or by standing agreement among the members thereof, may conduct operations in this state. As respects insurance risks or operations in this state, no insurer shall be a member or subscriber of any such organization, group or association that has not complied with the provisions of this part applicable to it.

History.—§16, ch. 67-9.

627.318 Records.—

(1) Every insurer, rating organization, advisory organization and every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance shall maintain reasonable records,

of the type and kind reasonably adapted to its method of operation, of its experience or the experience of its members and of the data, statistics or information collected or used by it in connection with the rates, rating plans, rating systems, underwriting rules, policy or bond forms, surveys or inspections made or used by it, so that such records will be available at all reasonable times to enable the department to determine whether such organization, insurer, group or association, and, in the case of an insurer or rating organization, every rate, rating plan and rating system made or used by it, complies with the provisions of this part applicable to it. The maintenance of such records in the office of a licensed rating organization of which an insurer is a member or subscriber will be sufficient compliance with this section for any such insurer maintaining membership or subscribership in such organization, to the extent that the insurer uses the rates, rating plans, rating systems or underwriting rules of such organization. Such records shall be maintained in an office within this state or shall be made available for examination or inspection within this state by the department at any time upon reasonable notice.

(2) In addition to, or in lieu of, any other penalty therefor, for each failure to maintain the records as required hereunder, the department may impose upon the person so failing the penalty prescribed by §627.381(1).

History.—§17, ch. 67-9; §§13, 35, ch. 69-106.

627.321 Examinations.—

(1) As often as it deems necessary, and not less frequently than each three years, the department shall examine each licensed rating organization, each advisory organization, each group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, and each authorized insurer transacting in this state any class of insurance to which the provisions of this part are applicable. The examination shall be for the purpose of ascertaining compliance by the person examined with the applicable provisions of this part. As to insurers, no such examination requirement shall be satisfied by the periodic examination of the insurer's general affairs.

(2) In lieu of any such examination, the department may accept the report of a similar examination made by the insurance supervisory official of another state.

(3) The reasonable cost of the examination shall be paid by the person examined, and such person shall be subject, as though an "insurer," to the provisions of §624.0119 (examination expense).

(4) Such examinations shall also be subject to the applicable provisions of §§624.0117 (conduct of examination), 624.0118 (examination reports), 624.0120 (witnesses and evidence), 624.0121 (testimony compelled; immunity from prosecution), and 624.0122

(same; penalty for refusal to testify).

627.331 Recording and reporting of loss and expense experience.—

(1) The department shall promulgate and may modify reasonable rules and statistical plans, reasonably adapted to each of the rating systems used, which shall thereafter be used by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid the department in determining whether rates comply with the applicable standards of this part. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the department shall give due consideration to the rating systems in use in this state and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system used by it.

(3) The department may designate one or more rating organizations or other agencies to assist it in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the department, to insurers and rating organizations.

History.—§443, ch. 59-205; §19, ch. 67-9; §§13, 35, ch. 69-106.

627.351 Insurance risk apportionment plan.—

(1) Agreements may be made among casualty and surety insurers with respect to the equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods and such insurers may agree among themselves on the use of reasonable rate modification for such insurance, such agreements and rate modifications to be subject to the approval of the department. The department shall, after consultation with the insurers licensed to write automobile liability insurance in this state, adopt a reasonable plan or plans for the equitable apportionment among such insurers of applicants for such automobile liability insurance who are in good faith entitled to but are unable to procure insurance through ordinary methods and, when such plan has been adopted, all such insurers shall subscribe thereto and shall participate

therein. Such plan or plans shall include rules for classification of risks and rates therefor. Such plan or plans shall provide for the payment to the producing agent of not less than fifteen per cent of the annual premium on private passenger automobile insurance.

(2) Agreements may be made among property insurers with respect to the equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to, but who are unable to procure, such insurance through ordinary methods, and such insurers may agree among themselves on the use of reasonable rate modifications for such insurance. Such agreements and rate modifications shall be subject to the applicable provisions of this chapter.

(3) The department may, after a public hearing notice of which was given to all insurers to be directly affected thereby, either:

(a) Require insurers authorized to transact property insurance in this state to include coverage for insurable sinkhole losses in the appropriate forms of property insurance; or

(b) Adopt a reasonable plan or plans for the equitable apportionment or sharing among such insurers of such sinkhole coverage by means of assigned risk, joint underwriting, or other reasonable and appropriate arrangement.

The plan may include rules for classification of risks and rate modifications therefor. When such plan has been adopted, all such insurers shall subscribe thereto and participate therein.

627.361 False or misleading information.—

No person shall wilfully withhold information from or knowingly give false or misleading information to the department, any statistical agency designated by the department, any rating organization, or any insurer, which will affect the rates or premiums chargeable under part I of this chapter. A violation of this section shall subject the one guilty of such violation to the penalties provided in §624.15 of this code.

History.—§446, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.19, 630.09.

627.371 Hearings.—

(1) Any person aggrieved by any rate charged, rating plan, rating system, or underwriting rule followed or adopted by an insurer or rating organization may himself or by his authorized representative make written request of the insurer or rating organization to review the manner in which the rate, plan, system, or rule has been applied with respect to insurance afforded him. If the request is not granted within thirty days after it is made, the requester may treat it as rejected. Any person aggrieved by the refusal of an insurer or rating organization to grant the review requested, or by the failure or refusal to grant all or part of the relief requested, may file a written complaint and request for hearing with the department,

specifying the grounds relied upon. If the department has already disposed of the issue as raised by a similar complaint, he may deny the hearing. If the department believes that probable cause for the complaint does not exist or that the complaint is not made in good faith, it shall deny the hearing. Otherwise, and if it also finds that the complaint charges a violation of this chapter and that the complainant would be aggrieved if the violation is proven, it shall proceed as provided in subsection (2).

(2) If after examination of an insurer, rating organization, advisory organization, or group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, upon the basis of other information, or upon sufficient complaint as provided in subsection (1), the department has good cause to believe that such insurer, organization, group or association, or any rate, rating plan or rating system made or used by any such insurer or rating organization, does not comply with the requirements and standards of this part applicable to it, it shall, unless it has good cause to believe such noncompliance is willful, give notice in writing to such insurer, organization, group or association stating therein in what manner and to what extent noncompliance is alleged to exist and specifying therein a reasonable time, not less than ten days thereafter, in which the noncompliance may be corrected, including any premium adjustment. Notices under this section shall be confidential as between the department and the parties unless a hearing is held under subsection (3).

(3) If the department has good cause to believe that such noncompliance is willful or if, within the period prescribed by the department in the notice required by subsection (2), the insurer, organization, group or association does not make such changes as may be necessary to correct the noncompliance specified by the department or establish to the satisfaction of the department that such specified noncompliance does not exist, then the department is required to hold a public hearing in connection therewith; and within a reasonable period of time, which shall be not less than ten days before the date of such hearing, it shall mail written notice specifying the matters to be considered at such hearing to such insurer, organization, group or association. If no notice has been given as provided in subsection (2), the notice shall state in what manner and to what extent noncompliance is alleged to exist. The hearing shall not consider any subject not specified in the notice required by subsection (2).

(4) If after a hearing pursuant to subsection (3) the department finds:

(a) That any rate, rating plan or rating system violates the applicable provisions of this part, it may issue an order to the insurer, rating organization, group or association which has been the subject of the hear-

ing specifying in what respects such violation exists and requiring compliance within a reasonable time thereafter; or

(b) That an insurer, rating organization, advisory organization, or a group, association or other organization of insurers which engages in joint underwriting or joint reinsurance is in violation of the applicable provisions of this part other than the provisions dealing with rates, rating plans or rating systems, it may issue an order to such insurer, organization, group or association which has been the subject of the hearing specifying in what respects such violation exists and requiring compliance within a reasonable time thereafter; or

(c) That any such violation by an insurer or rating organization which has been the subject of hearing was willful, it may suspend or revoke, in whole or in part, the certificate of authority of such insurer or the license of such rating organization, with respect to the class of insurance which has been a subject of the hearing; or

(d) That any rating organization has willfully engaged in any fraudulent or dishonest act or practice, it may suspend or revoke, in whole or in part, the license of such organization in addition to any other penalty provided in this part.

(5) Except as otherwise provided in this part, all proceedings in connection with the denial, suspension or revocation of a license or certificate of authority shall be conducted in accordance with the provisions of chapter 624 of this code, and the department shall have all the powers granted to it therein.

History.—§447, ch. 59-205; §20, ch. 67-9; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§629.21, 630.03.

627.381 Penalty for violations.—

(1) The department may, if it finds that any person or organization has violated any provision of part I of this chapter, impose a penalty of not more than \$250 for each such violation, but, if it finds such violation to be wilful, it may impose a penalty of not more than \$1,000 for each such violation. Such penalties may be in addition to any other penalty provided by law.

(2) The department may suspend the license or authority of any rating organization or insurer which fails to comply with an order of the department within the time limited by such order, or any extension thereof which the department may grant. The department shall not suspend the license or authority of any rating organization or insurer for failure to comply with an order until the time prescribed for an appeal therefrom has expired or, if an appeal has been taken, until such order has been affirmed. The department may determine when a suspension of license or authority shall become effective and it shall remain in effect for the period fixed by it, unless it modifies or rescinds such suspension, or until the order upon which such suspension is based is modified, rescinded or reversed.

(3) No penalty shall be imposed and no license or authority shall be suspended except upon a written order of the department stating its findings, made after a hearing held upon not less than ten days' written notice to such person or organization specifying the alleged violation.

627.391 Appeals from the department.—

(1) All final rulings, orders or decisions of the department under this part (§§627.031 through 627.391) shall be subject to appellate review by the District Court of Appeal, First District, in compliance with the rules of appellate procedure as prescribed by the Supreme Court of Florida. The department shall be made a party to every such appellate proceeding.

(2) When any final ruling, order or decision of the department relates to an increase or decrease of premium or rate or to a change in any rating system, the institution of appellate review shall, pending the final decision in the appellate proceedings, act as a stay of any such ruling, order or decision; provided, however, where such ruling, order or decision approves or permits a filing of an insurer or rating organization it shall not act as a stay.

Approval of any such form by the department shall constitute a waiver of any unexpired portion of such waiting period. The department may extend by not more than an additional fifteen days the period within which it may so affirmatively approve or disapprove any such form, by giving notice of such extension before expiration of the initial thirty day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved.

(3) The department's order disapproving any such form shall state the grounds therefor in such detail as reasonably to inform the insurer thereof. Upon request made by the insurer within thirty days after an order of disapproval, the department shall hold a hearing thereon within thirty days after receipt of the request. The department may for cause, after notice stating the grounds therefor and a hearing, withdraw a previous approval. Within thirty days after any such hearing, the department shall make a written order setting forth its action taken and, if such action is that of disapproval, summarizing its findings in support thereof. No insurer shall issue or use any

form disapproved by the department, or as to which the department has withdrawn approval, after the effective date of the department's order.

(4) The department shall mail notice of any hearing provided for in this section by registered mail to the insurer at least twenty days in advance of the hearing. The hearing shall be held in the department's office at Tallahassee.

(5) The department may, by order, exempt from the requirements of this section for so long as it deems proper any insurance document or form or type thereof as specified in such order, to which, in its opinion, this section may not practicably be applied, or the filing and approval of which are, in its opinion, not desirable or necessary for the protection of the public.

(6) This section shall apply also to any such form used by domestic insurers for delivery in a jurisdiction outside this state, if the insurance supervisory official of such jurisdiction informs the department that such form is not subject to approval or disapproval by such official, and upon the department's order requiring the form to be submitted to it for the purpose. The applicable same standards shall apply to such forms as apply to forms for domestic use.

627.0110 Grounds for disapproval.—The department shall disapprove any form filed under §627.01091, or withdraw any previous approval thereof, only if the form:

(1) Is in any respect in violation of or does not comply with this code.

(2) Contains or incorporates by reference, where such incorporation is otherwise permissible, any inconsistent, ambiguous, or misleading clauses, or exceptions and conditions which deceptively affect the risk purported to be assumed in the general coverage of the contract.

(3) Has any title, heading, or other indication of its provisions which is misleading.

(4) Is printed or otherwise reproduced in such manner as to render any material provision of the form substantially illegible.

(5) If for disability insurance, provides benefits which are unreasonable in relation to the premium charged, or contains provisions which are unfair or inequitable or contrary to the public policy of this state, or which encourage misrepresentation.

627.0111 Standard provisions, in general.—

(1) Insurance contracts shall contain such standard or uniform provisions as are required by the applicable provisions of this code pertaining to contracts of particular kinds of insurance. The department may waive the required use of a particular provision in a particular insurance policy form if:

(a) It finds such provision unnecessary for the protection of the insured and inconsistent with the purposes of the policy, and

(b) The policy is otherwise approved by it.

(2) No policy shall contain any provision inconsistent with or contradictory to any standard or uniform provision used or required to be used, but the department may approve any substitute provision which is, in its opinion, not less favorable in any particular to the insured or beneficiary than the provisions otherwise required.

(3) In lieu of the provisions required by this code for contracts for particular kinds of insurance, substantially similar provisions required by the law of the domicile of a foreign or alien insurer may be used when approved by the department.

History.—§461, ch. 59-205; §§13, 35, ch. 69-106.

627.0112 Contents of policies in general; identification.—

(1) Every policy shall specify:

(a) The names of the parties to the contract.

(b) The subject of the insurance.

(c) The risks insured against.

(d) The time when the insurance thereunder takes effect and the period during which the insurance is to continue.

(e) The premium.

(f) The conditions pertaining to the insurance.

(2) If under the policy the exact amount of premium is determinable only at stated intervals or termination of the contract, a statement of the basis and rates upon which the premium is to be determined and paid shall be included.

(3) Subsections (1) and (2) shall not apply as to surety contracts, or to group insurance policies.

(4) All policies and annuity contracts issued by domestic insurers, and the forms thereof filed with the department, shall have printed thereon an appropriate designating letter or figure, or combination of letters or figures or terms identifying the respective forms of policies or contracts. Whenever any change is made in any such form, the designating letters, figures or terms thereon shall be correspondingly changed.

Note.—Similar provisions found in former §635.02.

627.0113 Additional policy contents.—A policy may contain additional provisions not inconsistent with this code and which are:

(1) Required to be inserted by the laws of the insurer's domicile;

(2) Necessary, on account of the manner in which the insurer is constituted or operated, in order to state the rights and obligations of the parties to the contract; or

(3) Desired by the insurer and neither prohibited by law nor in conflict with any provisions required to be included therein.

History.—§463, ch. 59-205.

627.0114 Charter, by-law provisions.—No policy shall contain any provision purporting to make any portion of the charter, by-laws or other constituent document of the insurer (other than the subscribers' agreement or power of attorney of a reciprocal insurer) a part of the contract unless such portion is set forth in full in the policy. Any policy provision in violation of this section shall be invalid.

History.—§464, ch. 59-205.

627.0115 Execution of policies.—

(1) Every insurance policy shall be executed in the name of and on behalf of the insurer by its officer, attorney in fact, employee, or representative duly authorized by the insurer.

(2) A facsimile signature of any such executing individual may be used in lieu of an original signature.

(3) No insurance contract heretofore or hereafter issued and which is otherwise valid shall be rendered invalid by reason of the apparent execution thereof on behalf of the insurer by the imprinted facsimile signature of an individual not authorized so to execute as of the date of the policy.

History.—§465, ch. 59-205.

627.0116 Underwriters' and combination policies.—

(1) Two or more authorized insurers may jointly issue, and shall be jointly and severally liable on, an underwriters' policy bearing their names. Any one insurer may issue policies in the name of an underwriter's department and such policy shall plainly show the true name of the insurer.

(2) Two or more authorized insurers may, with the approval of the department, issue a combination policy which shall contain provisions substantially as follows:

(a) That the insurers executing the policy shall be severally liable for the full amount of any loss or damage, according to the terms of the policy, or for specified percentages or amounts thereof, aggregating the full amount of insurance under the policy, and

(b) That service of process, or of any notice or proof of loss required by such policy, upon any of the insurers executing the policy, shall constitute service upon all such insurers.

(3) This section shall not apply to co-surety obligations.

History.—§466, ch. 59-205; §§13, 35, ch. 69-106.

627.0117 Validity of noncomplying contracts.—

(1) Any insurance policy, rider, or endorsement hereafter issued and otherwise valid which contains any condition or provision not in compliance with the requirements of this code, shall not be thereby rendered invalid (except as provided in §627.0114) but shall be construed and applied in accordance with such conditions and provisions as would have applied

had such policy, rider, or endorsement been in full compliance with this code.

(2) Any insurance contract delivered or issued for delivery in this state covering a subject or subjects of insurance resident, located or to be performed in this state and which, pursuant to the provisions of this code, the insurer may not lawfully insure under such a contract, shall be cancellable at any time by the insurer, any provision of the contract to the contrary notwithstanding; and the insurer shall promptly cancel the contract in accordance with the department's request therefor. No such illegality or cancellation shall be deemed to relieve the insurer of any liability incurred by it under the contract while in force, or to prohibit the insurer from retaining the pro rata earned premium thereon. This provision does not relieve the insurer from any penalty otherwise incurred by the insurer under this code on account of any such violation.

History.—§467, ch. 59-205; §§13, 35, ch. 69-106.

627.0118 Construction of policies.—Every insurance contract shall be construed according to the entirety of its terms and conditions as set forth in the policy and as amplified, extended, or modified by any application therefor or any rider or endorsement thereto; provided, however, that the word physician or medical doctor, when used in any accident and sickness policy, medical service plan, or other contract providing for the payment of surgical procedures which are specified in the policy or contract or are performed in an accredited hospital in consultation with a licensed physician and are within the scope of a dentist's professional license, shall be construed to include a dentist who performs such specified procedures.

History.—§468, ch. 59-205; §1, ch. 69-245.

627.0119 Binders.—Binders or other contracts for temporary property, marine, casualty or surety insurance may be made orally or in writing, and shall be deemed to include all the usual terms of the policy as to which the binder was given together with such applicable endorsements as are designated in the binder, except as superseded by the clear and express terms of the binder.

History.—§469, ch. 59-205.

627.0120 Delivery of policy.—

(1) Subject to the insurer's requirement as to payment of premium, every policy shall be mailed or delivered to the insured or to the person entitled thereto within a reasonable period of time after its issuance, except where a condition required by the insurer has not been met by the applicant or insured.

(2) In event the original policy is delivered or is so required to be delivered to or for deposit with any vendor, mortgagee, or pledgee of any motor vehicle, and in which policy any interest of the vendee, mortgagor, or pledgor in or with reference to such vehicle is insured, a duplicate of such policy setting forth the

name and address of the insurer, insurance classification of vehicle, type of coverage, limits of liability, premiums for the respective coverages, and duration of the policy, or memorandum thereof containing the same such information, shall be delivered by the vendor, mortgagee, or pledgee to each such vendee, mortgagor, or pledgor named in the policy or coming within the group of persons designated in the policy to be so included. If the policy does not provide coverage of legal liability for injury to persons or damage to the property of third parties, a statement of such fact shall be printed, written, or stamped conspicuously on the face of such duplicate policy or memorandum. This subsection does not apply to inland marine floater policies.

History.—§470, ch. 59-205.

627.0121 Assignment of policies.—A policy may be assignable, or not assignable, as provided by its terms. Subject to its terms relating to assignability, any life or disability policy, whether heretofore or hereafter issued, under the terms of which the beneficiary may be changed upon the sole request of the insured, may be assigned either by pledge or transfer of title, by an assignment executed by the insured alone and delivered to the insurer, whether or not the pledgee or assignee is the insurer. Any such assignment shall entitle the insurer to deal with the assignee as the owner or pledgee of the policy in accordance with the terms of the assignment, until the insurer has received at its home office written notice of termination of the assignment or pledge, or written notice by or on behalf of some other person claiming some interest in the policy in conflict with the assignment.

History.—§471, ch. 59-205.

627.0122 Payment discharges insurer.—Whenever the proceeds of or payments under a life or disability insurance policy or annuity contract heretofore or hereafter issued become payable in accordance with the terms of such policy or contract, or the exercise of any right or privilege thereunder, and the insurer makes payment thereof in accordance with the terms of the policy or contract or in accordance with any written assignment thereof, the person then designated in the policy or contract or by such assignment as being entitled thereto shall be entitled to receive such proceeds or payments and to give full acquittance therefor, and such payments shall fully discharge the insurer from all claims under the policy or contract unless, before payment is made, the insurer has received at its home office written notice by or on behalf of some other person that such other person claims to be entitled to such payment or some interest in the policy or contract.

History.—§472, ch. 59-205.

627.0123 Minor may give acquittance.—

(1) Any minor domiciled in this state who has attained the age of sixteen years shall be deemed competent to receive and to give full ac-

quittance and discharge for a payment or payments in aggregate amount not exceeding three thousand dollars in any one year made by a life insurer under the maturity, death or settlement agreement provisions in effect or elected by such minor under a life insurance policy or annuity contract, if such policy, contract or agreement provides for the payment to such minor. No such minor shall be deemed competent to alienate the right to or to anticipate or commute such payments. This section shall not be deemed to restrict the rights of minors set forth in §627.01051 of this chapter.

(2) If a guardian of the property of any such minor is duly appointed and written notice thereof is given to the insurer at its home office, any such payment thereafter falling due shall be paid to the guardian for the account of the minor, unless the policy or contract under which the payment is made expressly provides otherwise.

(3) This section shall not be deemed to require any insurer making any such payment to determine whether any other insurer may be effecting a similar payment to the same minor.

History.—§473, ch. 59-205.

627.0124 Forms for proof of loss to be furnished.—An insurer shall furnish, upon written request of any person claiming to have a loss under an insurance contract issued by such insurer, forms of proof of loss for completion by such person, but such insurer shall not, by reason of the requirement so to furnish forms, have any responsibility for or with reference to the completion of such proof or the manner of any such completion or attempted completion.

History.—§474, ch. 59-205.

627.0125 Claims administration not waiver.—Without limitation of any right or defense of an insurer otherwise, none of the following acts by or on behalf of an insurer shall be deemed to constitute a waiver of any provision of a policy or of any defense of the insurer thereunder:

(1) Acknowledgment of the receipt of notice of loss or claim under the policy.

(2) Furnishing forms for reporting a loss or claim, for giving information relative thereto, or for making proof of loss, or receiving or acknowledging receipt of any such forms or proofs completed or uncompleted.

(3) Investigating any loss or claim under any policy or engaging in negotiations looking toward a possible settlement of any such loss or claim.

History.—§475, ch. 59-205.

627.0126 Payment of judgment by insurer; penalty for failure.—

(1) Every judgment or decree for the recovery of money, heretofore or hereafter entered in any of the courts of this state against any authorized insurer, shall be fully satisfied within sixty days from and after the entry thereof, or in the case of an appeal from such

judgment or decree then within sixty days from and after the affirmance of the same by the appellate court.

(2) If the judgment or decree is not satisfied as required under subsection (1), and proof of such failure to satisfy is made by filing with the department a certified transcript of the docket of the judgment or decree together with a certificate by the clerk of the court wherein the judgment or decree was entered that the judgment or decree remains unsatisfied, in whole or in part, after the time aforesaid, the department shall forthwith revoke the insurer's certificate of authority. The department shall not issue to such insurer any new certificate of authority until the judgment or decree is wholly paid and satisfied and proof thereof filed with the department under the official certificate of the clerk of the court wherein the judgment was recovered, showing that the same is satisfied of record, and until the expenses and fees incurred in the case are also paid by the insurer.

Note.—Similar provisions found in former §625.09.

627.0127 Attorney fee.—

(1) Upon the rendition of a judgment or decree by any of the courts of this state against an insurer and in favor of an insured or the named beneficiary under a policy or contract executed by the insurer, the trial court, or, in the event of an appeal in which the insured or beneficiary prevails, the appellate court, shall adjudge or decree against the insurer and in favor of the insured or beneficiary a reasonable sum as fees or compensation for the insured's or beneficiary's attorney prosecuting the suit in which the recovery is had.

(2) As to suits based on claims arising under life insurance policies or annuity contracts, no such attorney fee shall be allowed if such suit was commenced prior to expiration of sixty days after proof of the claim was duly filed with the insurer.

(3) Where so awarded, compensation or fees of the attorney shall be included in the judgment or decree rendered in the case.

(1) There shall be a provision in participating policies that, beginning not later than the end of the third policy year, the insurer shall annually ascertain and apportion the divisible surplus, if any, that will accrue on the policy anniversary or other dividend date specified in the policy provided the policy is in force and all premiums to that date are paid.

(2) Except as hereinafter provided, any dividend so apportioned shall at the option of the party entitled to elect such option be either payable in cash or applied to any one of such other dividend options as may be provided by the policy. If any such other dividend options are provided, the policy shall further state which option shall be automatically effective if such party shall not have elected some other option. If the policy specifies a period within which such other option may be elected, such period shall be not less than thirty days following the date on which such dividend is due and payable.

627.0220 Reversionary annuities; standard provisions.—

(1) Except as stated herein, no contract for a reversionary annuity shall be delivered or issued for delivery in this state unless it contains in substance each of the following provisions:

(a) Any such reversionary annuity contract shall contain the provisions specified in §§627.0214 through 627.0218 except that under §627.0214 the insurer may at its option provide for an equitable reduction of the amount of the annuity payments in settlement of an overdue or deferred payment in lieu of providing for deduction of such payments from an amount payable upon settlement under the contract.

(b) In such reversionary annuity contracts there shall be a provision that the contract may be reinstated at any time within three years from the date of default in making stipulated payments to the insurer, upon production of evidence of insurability satisfactory to the insurer, and upon condition that all overdue payments and any indebtedness to the insurer on account of the contract be paid, or, within the limits permitted by the then cash value of the contract, reinstated, with interest as to both payments and indebtedness at a rate to be specified in the contract but not exceeding six per cent per annum compounded annually.

(2) This section shall not apply to group annuities or to annuities included in life insurance policies, and any of such provisions not applicable to single premium annuities shall not to that extent be incorporated therein.

627.0221 Incontestability after reinstatement.—A reinstated policy of life insurance, fixed dollar annuity contract or variable annuity contract may be contested on account of fraud or misrepresentation of facts material to the reinstatement only for the same period following reinstatement and with the same conditions and exceptions as the policy provides with respect to contestability after original issuance.

Upon maturity of a policy, in the event the policyholder has made no such agree-

ment, the insurer shall have the power to hold the proceeds of the policy under an agreement with the beneficiaries. The insurer shall not be required to segregate the funds so held but may hold them as part of its general assets.

627.0224 Nonforfeiture benefits; certain interim policies.—Each life insurance policy issued between the effective date of this code and the operative date of §627.0225 (standard nonforfeiture law) shall provide:

(1) That, in the event of default in any premium, the insurer will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy.

(2) That, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years, the insurer will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value at least equal to the minimum cash surrender value herein-after specified. The minimum cash surrender value shall be equal to

(a) The reserve on the date of default of the premium less a sum of not more than two and one-half per cent of the face amount, or

(b) An amount as defined in §627.0225 but on the basis of the commissioners' 1941 standard ordinary mortality table in lieu of the commissioners' 1958 standard ordinary mortality table therein specified. The policy shall reserve to the insurer the right to defer the granting of any cash surrender value for six months after demand therefor with surrender of the policy.

(3) That a specified paid-up nonforfeiture benefit the present value of which shall be at least equal to the cash surrender value shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default, provided, however, that where the mortality table used is the commissioners' 1941 standard ordinary mortality table, the rates of mortality to be assumed in calculating any extended term insurance with accompanying pure endowment, if any, may be not more than one hundred and thirty per cent of the rates of mortality according to such table.

(4) A statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if

any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter.

(5) This section does not apply to term policies of uniform amount of fifteen years duration or less, to increasing term policies of fifteen years duration or less, nor to decreasing term policies.

History.—§502, ch. 59-205.

Note.—Similar provisions found in former §635.211.

627.0225 Standard nonforfeiture law; life insurance.—

(1) This section shall be known as the standard nonforfeiture law.

(2) **NONFORFEITURE PROVISIONS.**—In the case of policies issued on or after the operative date of this section as defined in subsection (11), no policy of life insurance, except as set forth in subsection (10), shall be delivered or issued for delivery in this state unless it shall contain in substance the following provisions, or corresponding provisions which in the opinion of the department are at least as favorable to the defaulting or surrendering policyholder.

(a) That in the event of default in any premium payment, after premiums have been paid for at least one full year in the case of ordinary insurance or three full years in the case of industrial insurance, the insurer will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such value as may be hereinafter specified.

(b) That upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance, and five full years in the case of industrial insurance, the insurer will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(c) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default.

(d) That if the policy shall have become paid up by completion of all premium payments, or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance, or the fifth policy anniversary in the case of industrial insurance, the insurer will pay upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(e) A statement of the mortality table and interest rate used in calculating the cash sur-

render values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary, either during the first twenty policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the insurer on the policy.

(f) A statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of this state; an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the insurer on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

(3) Any of the provisions or portions thereof set forth in paragraphs (a) through (f) of subsection (2) which are not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy. The insurer shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

(4) **CASH SURRENDER VALUE.**—Any cash surrender value available under the policy in the event of default in the premium payment due on any policy anniversary, whether or not required by subsection (2), shall be an amount not less than the excess, if any, of the present value on such anniversary of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of:

(a) The then present value of the adjusted premiums as defined in subsection (6), corresponding to premiums which would have fallen due on and after such anniversary, and

(b) The amount of any indebtedness to the insurer on account of or secured by the policy.

Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments, or any policy continued under any paid-up nonforfeiture benefits, whether or

not required by such subsection (2), shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the insurer on account of or secured by the policy.

(5) **PAID-UP NONFORFEITURE BENEFITS.**—Any paid-up nonforfeiture benefit available under the policy in the event of default in the premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy, or, if none is provided for, that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

(6) **THE ADJUSTED PREMIUM.**—The adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding extra premiums on a substandard policy, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of:

(a) The then present value of the future guaranteed benefits provided for by the policy;

(b) Two per cent of the amount of the insurance if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with the duration of the policy;

(c) Forty per cent of the adjusted premium for the first policy year;

(d) Twenty-five per cent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. Provided, however, that in applying the percentages specified in paragraphs (c) and (d) above, no adjusted premium shall be deemed to exceed four per cent of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this subsection shall be the date as of which the rated age of the insured is determined.

(7) In the case of a policy providing an amount of insurance varying with the duration of the policy, the equivalent uniform amount thereof for the purpose of subsection (6) shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy, provided, however, that in the case of a policy for a varying

amount of insurance issued on the life of a child under age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten were the amount provided by such policy at age ten.

(8) All adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of the commissioners' 1958 standard ordinary mortality table, provided that for any category of such policies issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured. Such calculations for all policies of industrial insurance shall be made on the following tables:

(a) For policies issued on and after the operative date of this section but before January 1, 1968, the 1941 standard industrial mortality table unless the commissioners' 1961 standard industrial mortality table is applicable according to subsection (11) of this section;

(b) For policies issued on and after January 1, 1968, the commissioners' 1961 standard industrial mortality table.

All calculations shall be made on the basis of the rate of interest, not exceeding three and one half per cent per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners' 1958 extended term insurance table, for ordinary policies, and, in the case of industrial policies;

(c) For policies issued on and after the operative date of this section but before January 1, 1968, not more than one hundred thirty per cent of the rates of mortality according to the 1941 standard industrial mortality table, unless the commissioners' 1961 industrial extended term insurance table is applicable according to subsection (11) of this section, in which case not more than those of the latter table;

(d) For policies issued on and after January 1, 1968, not more than those of the commissioners' 1961 industrial extended term insurance table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the department.

(9) **CALCULATION OF VALUES.**—Any cash surrender value and any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary

shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in subsections (4)-(8) of this section may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the dividends used to provide such additions. If term insurance benefits are provided by a rider or by a supplemental policy provision to which, if issued as a separate policy, this section would apply, additional cash surrender values and additional paid-up nonforfeiture benefits, if any, at least equal to those required if issued as a separate policy, may be provided by the insurer and shall be deemed to be in compliance with this section. Notwithstanding the provisions of subsection (4), additional benefits payable:

(a) In the event of death or dismemberment by accident or accidental means.

(b) In the event of total and permanent disability,

(c) As reversionary annuity or deferred reversionary annuity benefits,

(d) As term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, and

(e) As term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid-up by reason of the death of a parent of the child, and

(f) As other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

(10) **EXCEPTIONS.**—This section shall not apply to any re-insurance, group insurance, pure endowment, annuity or reversionary annuity contract, nor to any term policy of uniform amount, or renewal thereof, of, fifteen years or less expiring before age sixty-six, for which uniform premiums are payable during the entire term of the policy, nor to any term policy of decreasing amount on which each adjusted premium calculated as specified in subsections (6)-(8) is less than the adjusted premium so calculated on a policy of uniform amount issued at the same age and for the same initial amount of insurance for a term defined as follows: For ages at issue fifty and under the term shall be fifteen years; thereafter, the term shall decrease one year for each year of age beyond fifty.

(11) **OPERATIVE DATE.**—After the effective date of this code, any insurer may file with the department a written notice or notices of its election to comply with the provisions of this section on and after a specified date or dates before January 1, 1966, as to either or both of its policies of ordinary and industrial insurance, in which case such specified date or dates shall be the operative date of this section with respect to such policies. The operative date of this section for policies of both ordinary and industrial insurance shall be the earlier of January 1, 1966, and any prior operative date or dates resulting from such previously filed written notices. With respect to policies of industrial insurance issued on and after the operative date of this section for such policies but before January 1, 1968, any insurer may file with the department written notice of its election to have the commissioners' 1961 standard industrial mortality table and the commissioners' 1961 industrial extended term insurance table applicable with respect to subsection (8) of this section for policies issued on and after the date specified in such election.

History.—§503, ch. 59-205; §3, ch. 61-106; §§2, 3, ch. 65-11; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §§635.211, 635.213.

627.0226 Registered policies; deposit of assets.—

(1) Any life insurer which has outstanding any policies heretofore issued under laws heretofore in force providing for the deposit with the commissioner of assets equal to the legal reserve on such policies in force, less any loans or liens on such policies not in excess of such legal reserve, and providing for a certificate upon the face of such policies in substantially the following words: "This policy is registered, and approved securities equal in value to the legal reserve thereon are held in trust by the insurance commissioner," shall continue to make such deposits as required by such laws and such policies.

(2) No insurer shall hereafter issue any new such policy.

(3) All deposits under this section are subject to the applicable provisions of part III of

chapter 625 of this code (administration of deposits).

History.—§504, ch. 59-205.

Note.—Similar provisions found in former §§635.11, 635.13.

627.0227 Same; deficiency of deposit.—

(1) If at any time the value of assets held on deposit as to a particular insurer under §627.0226 is less than the legal reserves currently required to be held as to all the insurer's life insurance policies and annuity contracts, which are subject to §627.0226, then in force, the insurer shall not issue any additional life insurance policies or annuity contracts while such deficiency exists. This provision does not apply as to industrial life insurance.

(2) If the insurer has failed to cure such a deficiency after the department has given the insurer notice thereof by registered mail, within such reasonable time, not exceeding ninety days, as may be allowed therefor by the department and so specified in such notice, the insurer shall be deemed to be insolvent and the department shall revoke its certificate of authority and institute delinquency proceedings against the insurer under chapter 631 of this code.

History.—§505, ch. 59-205; §§13, 35, ch. 69-106.

627.0228 Prohibited policy plans.—

(1) No insurer shall issue policies, certificates or contracts to policyholders or members providing for the grouping of its policyholders or members into groups and divisions, classified according to age, and providing for payment of contingent endowment benefits, by whatever name called, from special funds created for such purpose to the oldest member in seniority of the group or division, or under any other similar plan.

(2) The department shall revoke the certificate of authority of any insurer which violates this section. Any officer or agent of an insurer who violates this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished as provided in §624.15 of this code.

627.0312 Facility of payment.—The policy may also provide that if the beneficiary designated in the policy does not make a claim under the policy or does not surrender the policy with due proof of death within the period stated in the policy, which shall not be less than thirty days after the death of the insured, or if the beneficiary is the estate of the insured or is a minor, or dies before the insured or is not legally competent to give valid release, then the insurer may make payment thereunder to the executor or administrator of the insured, or to any of the insured's relatives by blood or legal adoption or connection by marriage, or to any person appearing to the insurer to be equitably entitled thereto or to any person who has incurred expense for the maintenance, medical attention or burial of the insured. The policy may also include a similar provision applicable to any other payment due under the policy.

History.—§519, ch. 59-205.

Note.—Similar provisions found in former §635.213.

627.0313 Nonforfeiture benefits; certain interim policies.—Each industrial life insurance policy issued between the effective date of this code and the operative date of §627.0225 (standard nonforfeiture law) shall provide:

(1) That, in the event of default in any premiums, the insurer will grant upon proper request not later than thirteen weeks or three months after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy.

(2) That upon surrender of the policy within thirteen weeks or three months after the due date of any premium payment in default after premiums have been paid for at least five full years, the insurer will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value at least equal to the minimum cash surrender value hereinafter specified. The minimum cash surrender value shall be equal to

(a) The reserve on the date of default of the premium less a sum of not more than two and one-half per cent of the face amount, or

(b) An amount as defined in §627.0225. The policy shall reserve to the insurer the right to

defer the granting of any cash surrender value for six months after demand therefor with surrender of the policy.

(3) That a specified paid-up nonforfeiture benefit, the present value of which shall be at least equal to the cash surrender value, shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than thirteen weeks or three months after the due date of the premium in default, provided, however, that where the mortality table used is the 1941 standard industrial mortality table, the rates of mortality to be assumed in calculating any extended term insurance with accompanying pure endowment, if any, may be not more than one hundred and thirty per cent of the rates of mortality according to such table.

(4) A statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefits, if any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter.

(5) This section does not apply to term policies of uniform amount of fifteen years duration or less, to increasing term policies of fifteen years duration or less, nor to decreasing term policies.

History.—§520, ch. 59-205.

Note.—Similar provisions found in former §635.213.

627.0314 Title.—There shall be a title on the face of each such policy briefly describing its form.

History.—§521, ch. 59-205.

627.0315 Direct payment of premiums.—In the case of weekly premium policies, there may be a provision that upon proper notice to the insurer, while premiums on the policy are not in default beyond the grace period, of the intention to pay future premiums directly to the insurer at its home office or any office designated by the insurer for the purpose, the insurer will at the end of each period of a year from the due date of the first premium so paid, for which period such premiums are so paid continuously without default beyond the grace period, refund a stated percentage of the premiums in an amount which fairly represents the savings in collection expense.

History.—§522, ch. 59-205.

627.0316 Conversion.—There may be a provision in the case of industrial policies granting to the insured, upon proper written request and upon presentation of evidence of insurability satisfactory to the insurer, the privilege of converting any industrial insurance policy to any form of life insurance with less frequent premium payments regularly issued by the insurer, in accordance with terms and conditions

agreed upon with the insurer. The privilege of making such conversion need be granted only if the insurer's industrial policies on the life insured, in force as premium paying insurance and on which conversion is requested, grant benefits in event of death, exclusive of additional accidental death benefits and exclusive

of any dividend additions, in an amount not less than the minimum amount of such insurance with less frequent premium payments issued by the insurer at the age of the insured on the plan of industrial or ordinary insurance desired.

627.0400 Group contracts must meet group requirements.—

(1) No life insurance policy shall be delivered or issued for delivery in this state insuring the lives of more than one individual unless to one of the groups as provided for in §§627.0401-627.0405, and unless in compliance with the other applicable provisions of part V of this chapter.

(2) Subsection (1) shall not apply to life insurance policies:

(a) Insuring only individuals related by blood, marriage or legal adoption; or

(b) Insuring only individuals having a common interest through ownership of a business enterprise, or a substantial legal interest or equity therein, and who are actively engaged in the management thereof; or

(c) Insuring only individuals otherwise having an insurable interest in each other's lives.

(3) Nothing in this chapter shall affect the provisions of §§112.08 to 112.14.

History.—§524, ch. 59-205.

Note.—Similar provisions found in former §635.24.

627.0401 Employee groups.—The lives of a group of individuals may be insured under a policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustees shall be deemed the policyholder, to insure employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(1) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated cor-

porations, proprietors or partnerships if the business of the employer and of such affiliated corporations, proprietors or partnerships is under common control. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director. No individual proprietor or partner shall be eligible for insurance under the policy unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. A policy issued to insure the employees of a public body may provide that the term "employees" shall include elected or appointed officials.

(2) The premium for the policy shall be paid by the policyholder, either wholly from the policyholder's funds or funds contributed by the employer, or partly from such funds and partly from funds contributed by the insured employees. No policy may be issued on which the entire gross premium charged for the insurance by the insurer is to be derived from funds contributed by the insured employees. A policy on which part of the premium is to be derived from funds contributed by the insured employees may be placed in force only if at least sixty per cent of the then eligible employees, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible em-

ployees, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(3) The policy must cover at least ten employees at date of issue.

(4) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustees.

History.—§525, ch. 59-205; §1, ch. 63-187.

Note.—Similar provisions found in former §635.24.

627.0402 Debtor groups.—The lives of a group of individuals may be insured under a policy issued to a creditor, who shall be deemed the policyholder, to insure debtors of the creditor, subject to the following requirements:

(1) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness. The policy may provide that the term "debtors" shall include the debtors of one or more subsidiary corporations, and the debtors of one or more affiliated corporations, proprietors or partnerships if the business of the policyholder and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract, or otherwise.

(2) The premium for the policy shall be paid by the policyholder, either from the creditor's funds, or from charges collected from the insured debtors, or from both. A policy on which part or all of the premium is to be derived from the collection from the insured debtors of identifiable charges not required of uninsured debtors shall not include, in the class or classes of debtors eligible for insurance, debtors under obligations outstanding at its date of issue without evidence of individual insurability unless at least seventy-five per cent of the then eligible debtors elect to pay the required charges. A policy on which no part of the premium is to be derived from the collection of such identifiable charges must insure all eligible debtors, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer. The policy may be issued only if the group of eligible debtors is then receiving new entrants at the rate of at least one hundred persons yearly, or may reasonably be expected to receive at least one hundred new entrants during the first policy year, and only if the policy reserves to the insurer the right to require evidence of individual insurability if less than seventy-five per cent of the new entrants become insured. The policy may exclude from the classes eligible for insurance classes of debtors determined by age.

(3) The amount of insurance on the life of any debtor shall at no time exceed the amount owed by him which is repayable in installments to the creditor, or five thousand dollars, whichever is less, except that loans not

exceeding one year duration shall not be subject to the five thousand dollars limit; provided further, that on such loans not exceeding one year duration the limit of coverage shall not exceed ten thousand dollars with any one insurer.

(4) The insurance shall be payable to the policyholder. Such payment shall reduce or extinguish the unpaid indebtedness of the debtor to the extent of such payment.

(5) On a policy for which the premium is paid wholly from the creditor's funds without the collection of identifiable charges from the insured debtors for the insurance, directly or indirectly, and which policy is effected through a licensed life agent principally engaged in the sale of life insurance, other than one defined in §626.321(1)(e), who shall receive all commission or any other form of compensation thereunder, the provisions of part VIII of this chapter shall not apply to such policy, and the amount of insurance under such policy on the life of any debtor shall at no time exceed the amount owed by him to the creditor or ten thousand dollars, whichever is less, and the term of insurance on any loan insured thereunder shall not be longer than five years from the date it becomes effective.

History.—§526, ch. 59-205; §1, ch. 67-131.

Note.—Similar provisions found in former §635.24.

627.0403 Labor union groups.—The lives of a group of individuals may be insured under a policy issued to a labor union, or to the trustees of a fund established in this state by a labor union, which shall be deemed the policyholder, to insure members of such union for the benefit of persons other than the union or any of its officials, representatives or agents, subject to the following requirements:

(1) The members eligible for insurance under the policy shall be all of the members of the union, or all of any class or classes thereof determined by conditions pertaining to their employment, or to membership in the union, or both. In the case of a policy issued to the trustees of a fund established in this state by a labor union, the policy may provide that the trustees or their employees, or both, may be insured under the policy if their duties are principally connected with such trusteeship.

(2) The premium for the policy shall be paid by the policyholder either wholly from the policyholder's funds or funds contributed by the employer or employers of the insured persons, or by the labor union, or by both, or partly from such funds and partly from funds contributed by the insured members specifically for their insurance. No policy may be issued on which the entire gross premium charged for the insurance by the insurer is to be derived from funds contributed by the insured members specifically for their insurance. A policy on which part of the premium is to be derived from funds contributed by the insured members specifically for their insurance may be placed in force only if at least sixty per cent of the then

eligible members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured members specifically for their insurance must insure all eligible members, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(3) The policy must cover at least ten members at date of issue.

(4) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the members or by the union.

History.—§527, ch. 59-205; §1, ch. 61-107; §2, ch. 63-187.
Note.—Similar provisions found in former §635.24.

627.0404 Trustee groups.—The lives of a group of individuals may be insured under a policy issued to the trustees of a fund established by two or more employers in the same industry, or by two or more labor unions, or to the trustees of a fund established by one or more employers in the same industry and one or more labor unions, or by one or more employers and one or more labor unions whose members are in the same or related occupations or trades, which trustees shall be deemed the policyholder, to insure employees of the employers or members of the unions for the benefit of persons other than the employers or the unions, subject to the following requirements:

(1) No policy may be issued

(a) To insure employees of any employer whose eligibility to participate in the fund as an employer arises out of considerations directly related to the employer being a commercial correspondent or business client or patron of another employer (regardless of whether such other employer is or is not participating in the fund), or

(b) To insure employees of any employer which is not located in this state, unless the majority of the employers whose employees are to be insured are located in this state, or unless the employer has assumed obligations through a collective bargaining agreement and is participating in the fund either pursuant to those obligations with regard to one or more classes of his employees which are encompassed in the collective bargaining agreement or as a method of providing insurance benefits for other classes of his employees, or unless the policy is issued to the trustees of a fund established by two or more labor unions.

(2)(a) The persons eligible for insurance shall be all of the employees of the employers or all of the members of the unions, or all of any class or classes thereof determined by conditions pertaining to their employment or to membership in the unions, or both. The policy may provide that the term "employees" shall include retired employees and the individual proprietor or partners if an employer

is an individual proprietor or a partnership. No director of a corporate employer shall be eligible for insurance under the policy unless such person is otherwise eligible as a bona fide employee of the corporation by performing services other than the usual duties of a director.

(b) Except as otherwise provided herein with respect to retired employees, no individual proprietor or partner shall be eligible for insurance under the policy as an employee unless he is actively engaged in and devotes a substantial part of his time to the conduct of the business of the proprietor or partnership. The policy may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship.

(3) The premium for the policy shall be paid by the policyholder either wholly from the policyholder's fund or funds contributed by the employer or employers of the insured persons, or by the union or unions, or by both, or partly from such funds and partly from funds contributed by the insured persons. No policy may be issued on which the entire gross premium charged for the insurance by the insurer is to be derived from funds contributed by the insured employees or members specifically for their insurance. A policy on which part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance may be placed in force only if at least seventy-five per cent of the then eligible persons, excluding any as to whom evidence of insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured persons specifically for their insurance must insure all eligible persons or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(4) The policy must cover at date of issue at least one hundred persons and not less than an average of five persons, other than individual proprietors or partners per employer unit unless the policy is issued to the trustees of a fund established by employers which have assumed obligations through a collective bargaining agreement and are participating in the fund either pursuant to those obligations with regard to one or more classes of their employees which are encompassed in the collective bargaining agreement or as a method of providing insurance benefits for other classes of their employees, or unless the employer unit is a subsidiary corporation of an employer in the group or is an affiliated corporation, proprietorship or partnership of an employer in the group whose business and that of such employer is under common control, or unless the policy is issued to the trustees of a fund established by two or more labor unions; and in addition to the foregoing requirements if the fund is established by the members of a

group of employers the policy may be issued only if either

(a) The participating employers constitute at date of issue at least sixty per cent of those employer members whose employees are not already covered for group life insurance, or

(b) The total number of persons covered at date of issue exceeds six hundred; and the policy shall not require that, if a participating employer discontinues membership in such group of employers, the insurance of his employees shall cease solely by reason of such discontinuance.

(5) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the insured persons or by the policyholder, or employers or unions.

627.0405 Credit union groups.—The lives of a group of individuals may be insured under a policy issued to a credit union, which shall be deemed to be the policyholder for the purpose of this section, the premium on which is to be paid by the credit union or by the credit union and its members jointly, and insuring all of its eligible members for the amounts of insurance, not in excess of the share balance, or two thousand dollars, whichever is less, as to each member, based upon some plan which will preclude individual selection, for the benefit of the share account of the member or some person or persons other than the credit union or its officials, provided, that all eligible members of a credit union may be insured; provided, also, that when the premium is to be paid by the credit union and its members jointly and the benefits are offered to all eligible members, not less than seventy-five per cent of such members may be so insured.

History.—§529, ch. 59-205; §1, ch. 63-6.

Note.—Similar provisions found in former §635.24.

627.0406 Limit as to amount.—

(1) No such policy of group life insurance may be issued to an employer or to a labor union, or to the trustees of a fund established in whole or in part by an employer or a labor union, which provides term insurance on any person which together with any other term insurance under any group life insurance policy or policies issued to any employer or employers of such person or to any labor union or labor unions of which such person is a member or to the trustees of any fund or funds established in whole or in part by such employer or employers or such labor union or labor unions, exceeds twenty thousand dollars, unless two hundred per cent of the annual compensation of such person from such employer or employers exceeds twenty thousand dollars, in which event all such term insurance shall not exceed one hundred thousand dollars or two hundred per cent of such annual compensation, whichever is the lesser.

(2) No policy of group life insurance as

described above providing insurance in excess of twenty thousand dollars on any individual shall be delivered in this state unless the eligibility requirements for the life insurance and schedule of amounts of life insurance with respect to individuals insured for more than twenty thousand dollars do not unfairly discriminate in favor of the officers, employees who are directors, partners, or proprietors.

Note.—Similar provisions found in former §635.24.

(1) Sections 627.0413-627.0417 inclusive shall not apply to policies issued to a creditor to insure debtors of such creditor;

(2) The standard provisions required for individual life insurance policies shall not apply to group life insurance policies; and

(3) If the group life insurance policy is on a plan of insurance other than the term plan, it shall contain a nonforfeiture provision or provisions which in the opinion of the department is or are equitable to the insured persons and to the policyholder, but nothing herein shall be construed to require that group life insurance policies contain the same nonforfeiture provisions as are required for individual life insurance policies.

(1) The individual policy shall, at the option of such person, be on any one of the forms, except term insurance, then customarily issued by the insurer at the age and for the amount applied for;

(2) The individual policy shall be in an amount not in excess of the amount of life insurance which ceases because of such termination, less, in the case of a person whose membership in the class or classes eligible for coverage terminates but who continues in employment in another class, the amount of any life insurance for which such person is or becomes eligible under any other group policy within thirty-one days after such termination, provided that any amount of insurance which shall have matured on or before the date of such termination as an endowment payable to the person insured, whether in one sum or in installments or in the form of an annuity, shall not, for the purposes of this provision, be included in the amount which is considered to cease because of such termination; and

(3) The premium on the individual policy shall be at the insurer's then customary rate applicable to the form and amount of the individual policy, to the class of risk to which such person then belongs, and to his age attained on the effective date of the individual policy.

(1) The amount of the person's life insurance protection ceasing because of the termination or amendment of the group policy, less the amount of any life insurance for which he is or becomes eligible under any group policy issued or reinstated by the same or another insurer within thirty-one days after such termination, and

If the aforesaid dividend, premium refund, rate reduction, commission or service fee is received by a trustee fund, it shall be applied by the trustees for the sole purposes of the trust.

Note.—Similar provisions found in former §§642.01, 642.09.

627.0501 Scope, format of policy.—No policy of disability insurance shall be delivered or issued for delivery to any person in this state unless it otherwise complies with this code, and complies with the following:

(1) The entire money and other considerations therefor shall be expressed therein;

(2) The time when the insurance takes effect and terminates shall be expressed therein;

(3) It shall purport to insure only one person, except that a policy may insure, originally or by subsequent amendment, upon the application of an adult member of a family who shall be deemed the policyholder, any two or more eligible members of that family, including husband, wife, dependent children or any children under a specified age which shall not exceed twenty-one years and any other person dependent upon the policyholder;

(4) The style, arrangement and overall appearance of the policy shall give no undue prominence to any portion of the text, and every printed portion of the text of the policy and of any endorsements or attached papers shall be plainly printed in lightfaced type of a style in general use, the size of which shall be uniform and not less than ten-point with a lower case unspaced alphabet length not less than one hundred and twenty-point (the "text" shall include all printed matter except the name and address of the insurer, name or title of the policy, the brief description, if any, and captions and subcaptions);

(5) The exceptions and reductions of indemnity shall be set forth in the policy and, other than those contained in §§627.0505-627.0528, inclusive, shall be printed, at the insurer's option, either included with the benefit provisions to which they apply, or under an appropriate caption such as "Exceptions," or "Exceptions and Reductions," except that if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of such exception or reduction shall be included with the benefit provision to which it applies;

(6) Each such form, including riders and endorsements, shall be identified by a form number in the lower left-hand corner of the first page thereof; and

(7) The policy shall contain no provision purporting to make any portion of the charter, rules, constitution or by-laws of the insurer a part of the policy unless such portion is set forth in full in the policy, except in the case

of the incorporation of, or reference to, a statement of rates or classification of risks, or short-rate table filed with the department.

(8) The department may require any disability insurance policy or certificate containing a provision commonly known as a deductible provision to have printed or stamped on such policy or certificate "this policy or certificate contains a deductible provision," or appropriate words of similar import approved by the department. This legend shall appear on the first page of such policy or certificate in at least eighteen point type and may be either as an overprint or by means of a rubber stamp impression in a contrasting color.

627.0502 Death benefits.—Any such policy may contain a provision for paying a benefit for death from any cause in an amount not exceeding two hundred and fifty dollars, which benefit shall not relieve such policy from the requirements of this chapter. This provision shall not limit benefits for death by accident.

Note.—Similar provisions found in former §642.031.

627.0503 Nonresident insured.—If any policy is issued by an insurer domiciled in this state for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state shall have advised the department that any such policy is not subject to approval or disapproval by such official, the department may by ruling require that such policy meet the standards set forth in this part VI.

History.—§547, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §642.031.

627.0504 Required provisions; captions, omissions, substitutions.—

(1) Except as provided in subsection (2), each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in §§627.0505-627.0516, inclusive, in the words in which the same appear; except, that the insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different wording approved by the department which are in each instance not less favorable in any respect to the insured or the beneficiary. Each such provision shall be preceded individually by the applicable caption shown, or at the option of the insurer, by such appropriate individual or group captions or subcaptions as the department may approve.

(2) If any such provision is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the department, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of a provision in such manner as to make the

provision as contained in the policy consistent with the coverage provided by the policy.

History.—§548, ch. 59-205; §§13, 35, ch. 69-106.

627.0505 Entire contract; changes.—There shall be a provision as follows:

“Entire Contract; Changes: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.”

History.—§549, ch. 59-205.

Note.—Similar provisions found in former §642.031.

627.0506 Time limit on certain defenses.—There shall be a provision as follows:

“Time Limit on Certain Defenses: (1) After three years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such three-year period.”

(The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial three-year period, nor to limit the application of §§627.0518-627.0522 in the event of misstatement with respect to age or occupation or other insurance.)

A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (a) Until at least age fifty or, (b) In the case of a policy issued after age forty-four, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurer's option) under the caption “Incontestable”:

“After this policy has been in force for a period of three years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.

“(2) No claim for loss incurred or disability (as defined in the policy) commencing after three years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.”

(For the purpose of permitting insurers to use a uniform policy in several states, the insurer is permitted to print in the policy form in required provisions (1) and (2), above, the term “three years.” Nevertheless, the provisions of the contract and text of the statute to the contrary notwithstanding, the time limits

for such defenses under any contract delivered or issued for delivery to any person in this state shall not exceed two years.)

History.—§550, ch. 59-205.

Note.—Similar provisions found in former §642.031.

627.0507 Grace period.—There shall be a provision as follows:

“Grace Period: A grace period of . . . (insert a number not less than ‘7’ for the weekly premium policies, ‘10’ for monthly premium policies and ‘31’ for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.”

(A policy which contains a cancellation provision may add, at the end of the above provision:

“subject to the right of the insurer to cancel in accordance with the cancellation provision hereof.”)

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision:

“Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.”

History.—§551, ch. 59-205.

Note.—Similar provisions found in former §642.031.

627.0508 Reinstatement.—There shall be a provision as follows:

“Reinstatement: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy; provided, however, that if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been pre-

viously paid, but not to any period more than sixty days prior to the date of reinstatement."

(The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue.)

History.—§552, ch. 59-205.

(1) There shall be a provision as follows:

"Notice of Claim: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of insured or the beneficiary to the insurer at . . . (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer."

(2) In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

"Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he shall, at least once in every six months after having given notice of the claim, give to the insurer notice of continuance of the disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given."

Note.—Similar provisions found in former §642.031.

627.0510 Claim forms.—There shall be a provision as follows:

"Claim Forms: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made."

Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required."

History.—§555, ch. 59-205.

Note.—Similar provisions found in former §642.031.

627.0512 Time of payment of claims.—There shall be a provision as follows:

"Time of Payment of Claims: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid . . . (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof."

History.—§556, ch. 59-205.

Note.—Similar provisions found in former §642.031.

627.0513 Payment of claims.—

(1) There shall be a provision as follows:

"Payment of Claims: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured."

(2) The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

"If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding \$_____ (insert an amount which shall not exceed \$1,000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith

pursuant to this provision shall fully discharge the insurer to the extent of such payment."

"Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proof of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person."

Note.—Similar provisions found in former §642.031.

beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the department may approve.

627.0518 Change of occupation.—There may be a provision as follows:

"Change of Occupation: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation."

Note.—Similar provisions found in former §642.031.

627.0520 Other insurance in this insurer.—There may be a provision as follows:

"Other Insurance in This Insurer: If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured be in force concurrently herewith, making the aggregate indemnity for _____ (insert type of coverage or coverages) in excess of \$_____ (insert maximum limit of in-

demnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to his estate."

Or, in lieu thereof:

"Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, his beneficiary or his estate, as the case may be, and the insurer will return all premiums paid for all other such policies."

History.—§564, ch. 59-205.

Note.—Similar provisions found in former §642.031.

627.0521 Insurance with other insurers.—
(Provision of service or expense incurred basis).

(1) There may be a provision as follows:

"Insurance with Other Insurers: If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the 'like amount' of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage."

(2) If the foregoing policy provision is included in a policy which also contains the policy provision set out in §627.0522 there shall be added to the caption of the foregoing provision the phrase "—Expense Incurred Benefits." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the department, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the department. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured

pursuant to any compulsory benefit statute (including any workmen's compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

History.—§565, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §642.031.

627.0522 Same; other benefits.—

(1) There may be a provision as follows:

"Insurance With Other Insurers: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined."

(2) If the foregoing policy provision is included in a policy which also contains the policy provision set out in §627.0521, there shall be added to the caption of the foregoing provision the phrase "—Other Benefits." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the department, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the department. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workmen's compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

627.0523 Relation of earnings to insurance.—

(1) There may be a provision as follows:

"Relation of Earnings to Insurance: If the

total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of \$200 or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time."

(2) The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the department, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the department or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workmen's compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations.

notice delivered to the insured, or mailed to his last address as shown by the records of the insurer, stating when, not less than five days thereafter, such cancellation shall be effective; and after the policy has been continued beyond its original term the insured may cancel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation."

History.—§610, ch. 59-205.

627.0851 Automobile liability insurance; uninsured vehicle coverage; insolvent insurer protection.—

(1) No automobile liability insurance, covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in not less than limits described in §324.021 (7), under provisions filed with and approved by the department, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom; provided, however, that the coverage required under this section shall not be applicable where any insured named in the policy shall reject the coverage; provided further that, unless the named insured requests such coverage in writing, the coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with a policy previously issued to him by the same insurer.

(2) For the purpose of this coverage the term "uninsured motor vehicle" shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency.

(3) An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within one year after such an accident. Nothing herein contained shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to its insureds than is provided hereunder.

(4) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of

627.0852 Cancellations; nonrenewals.—

(1) As used in this section:

(a) "Policy" means the bodily injury and property damage liability, medical payments and uninsured motorist coverage portions of a policy of automobile liability insurance delivered or issued for delivery in this state:

1. Insuring a natural person as named insured or one or more related individuals resident of the same household, and

2. Insuring only a motor vehicle of the private passenger or station wagon type which is not used as a public or livery conveyance for passengers or rented to others; or insuring any other four-wheel motor vehicle having a load capacity of fifteen hundred pounds or less which is not used in the occupation, profession, or business of the insured other than farming, and

3. Other than any policy:

a. Issued under an automobile insurance assigned risk plan, or

b. Insuring more than four automobiles, or

c. Covering garage, automobile sales agency, repair shop, service station, or public parking place operation hazards.

(b) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term. Any policy with a policy period or term of less than six months or any policy with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months.

(c) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy or any installment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

(2) No notice of cancellation of a pol-

icy shall be effective unless it is based on one or more of the following reasons:

- (a) Nonpayment of premium; or
- (b) The policy was obtained through a material misrepresentation; or
- (c) Any insured violated any of the terms and conditions of the policy; or
- (d) Any insured made a false or fraudulent claim or knowingly aided or abetted another in the presentation of such a claim; or
- (e) The named insured or any other operator who either resides in the same household or customarily operates an automobile insured under such policy:

1. Has, within the thirty-six months prior to the notice of cancellation, had his driver's license under suspension or revocation; or

2. Has had a history of and is subject to epilepsy or heart attacks, and such individual cannot produce a certificate from a physician testifying to his unqualified ability to operate a motor vehicle safely; or

3. Has an accident record, conviction record (criminal or traffic), or a physical, mental, or other condition which is such that his operation of an automobile might endanger the public safety; or

4. Has, within the thirty-six months prior to the notice of cancellation, been addicted to the use of narcotics or other drugs; or

5. Uses alcoholic beverages to excess; or

6. Has been convicted, or forfeited bail, during the thirty-six months immediately preceding the notice of cancellation, for:

Has been convicted of, or forfeited bail for, three or more violations within the thirty-six months immediately preceding the notice of cancellation, of any law, ordinance, or regulation limiting the speed of motor vehicles, or any of the provisions of the motor vehicle laws of any state, violation of which constitutes a misdemeanor, whether or not the violations were repetitions of the same offense or different offenses.

(f) The insured automobile is:

1. So mechanically defective that its operation might endanger public safety; or

2. Used in carrying passengers for hire or compensation, except that use of an automobile for a car pool shall not be considered use of an automobile for hire or compensation; or

3. Used in the business of transportation of flammables or explosives; or

4. An authorized emergency vehicle; or

5. Modified, or changed in condition, during the policy period so as to increase the risk substantially; or

6. Subject to an inspection law and has not been inspected or if inspected has failed to qualify.

This subsection (2) shall not apply to any policy which has been in effect less than sixty days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy. Nothing in this subsection (2) shall apply to nonrenewal.

(3)(a) No notice of cancellation of a policy to which this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty days prior to the effective date of cancellation, except that where cancellation is for nonpayment of premium, at least ten days' notice of cancellation accompanied by the reason therefor shall be given. Unless the reason or reasons accompany or are included in the notice of cancellation, the notice of cancellation shall state or be accompanied by a statement that upon written request of the named insured, mailed or delivered to the insurer not less than ten days prior to the effective date of cancellation, the insurer will specify the reason or reasons for such cancellation.

(b) Nothing in this subsection (3) shall apply to nonrenewal.

(4)(a) No insurer shall fail to renew a policy unless it shall mail by registered mail or certified mail or deliver to the named insured, at the address shown in the policy, at least thirty days advance notice of its intention not to renew. This subsection (4) shall not apply:

1. If the insurer has manifested its willingness to renew; or

2. In case of nonpayment of premium.

Notwithstanding the failure of an insurer to comply with this subsection, the policy shall terminate on the effective date of any other automobile liability insurance policy procured by the insured, with respect to any automobile designated in both policies. Where a written explanation for refusal to renew does not accompany or is not included in the notice of refusal to renew, the insurer, upon written request of the named insured mailed or delivered to the insurer not less than fifteen days prior to the effective date of such refusal to renew, shall provide a written explanation for such refusal to renew.

(b) Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(5) Proof of mailing of notice of cancellation, of intention not to renew, or of reasons for cancellation to the named insured at the address shown in the policy shall be sufficient proof of notice.

(6) When a policy is cancelled, other than for nonpayment of premium, or in the event of failure to renew a policy to which subsection (4) applies, the insurer shall notify the named insured of his possible eligibility for insurance through the automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew, and shall state that such notice of availability of the automobile assigned risk plan is given pursuant to this section.

(7) Where the reason or reasons for cancellation do not accompany or are not included in the notice of cancellation, the insurer shall, upon written request of the named insured mailed or delivered to the insurer not less than fifteen days prior to the effective date of cancellation, specify in writing the reason or reasons for such cancellation. Such reasons shall be mailed or delivered to the named insured within five days after receipt of such request, except in the case of cancellation for nonpayment of premium, and shall contain or be accompanied by a notice of the named insured's right to apply to the department for a hearing thereon if the application is made not less than four days prior to the effective date of cancellation and is accompanied by a filing fee of seven dollars and fifty cents. If the reasons for cancellation are stated in or accompany the notice of cancellation, such notice shall, except in the case of cancellation of nonpayment of premium, also contain or be accompanied by a notice of the named insured's right to apply to the department for a hearing if the application is made not less than ten days prior to the effective date of cancellation and is accompanied by a filing fee of seven dollars and fifty cents. This subsection shall apply only to a cancellation to which subsection (2) applies.

(8)(a) A named insured who wishes to contest the reason or reasons for a cancellation to which subsection (2) is applicable, shall, not less than four days prior to the effective date of cancellation where the reasons for cancellation are furnished upon written request and not less than ten days prior to the effective date of cancellation where the reasons for cancellation are furnished with the notice of cancellation, mail or deliver to the department a written request for a hearing, which shall state clearly the basis for the appeal and be accompanied by a filing fee of seven dollars and fifty cents. This subsection shall not apply to cancellation for nonpayment of premium.

(b) A cancellation which is subject to the provisions of this subsection shall be deemed effective unless the department determines otherwise in accordance with the provisions of this section.

(9)(a) Within two working days after receipt of a timely request for a hearing, the department shall call a hearing upon ten days' notice to the parties. The department

may, where it finds that a request for a hearing is not timely made because the insurer did not, within the time period provided in subsection (8), furnish the reason for cancellation upon the timely request therefor by the named insured, accept the request for a hearing and, after notice to the insurer, extend the effective date of cancellation for a period not to exceed four days from the date the reason for cancellation was mailed or delivered.

(b) Each insurer subject to this section shall maintain on file with the department the name and address of the person authorized to receive notices pursuant to this section on behalf of the insurer.

(c) The department shall, at the conclusion of the hearing or not later than two working days thereafter, issue its written findings to the parties and, if it finds for the named insured, it shall assess the insurer seven dollars and fifty cents to defray the cost of the hearing and shall refund the seven dollars and fifty cents filing fee to the named insured, and it shall either order the insurer to rescind its notice of cancellation or, if the date cancellation is to be effective has elapsed, order the policy reinstated. Such order shall operate retroactively only to cover a period not to exceed fifteen days from the date cancellation otherwise would have been effective and prospectively from the date on which the order was issued, but no policy shall be reinstated while the named insured is in arrears in payment of premium on such policy. If it finds for the insurer, its written order shall so state, and it shall assess the named insured seven dollars and fifty cents and apply the named insured's seven dollars and fifty cents filing fee against the assessment to defray the cost of the hearing.

(d) Reinstatement of a policy under this subsection shall not operate in any way to extend the expiration, termination, or anniversary date provided in the policy.

(10) The department shall deposit all filing fees provided for in this section in the insurance commissioner's regulatory trust fund.

(11) There shall be no liability on the part of, and no cause of action of any nature shall arise against, any insurer or its authorized representative, agents, or employees or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in any written notice of cancellation or refusal to renew, for the providing of information pertaining thereto, or for statements made or evidence submitted at the hearings conducted in connection therewith.

(12) The notice of cancellation as provided by this section shall contain the following words which are to be prominently displayed:

"You are permitted by law to appeal this cancellation. Appeal should be filed before the effective date of cancellation set forth in this notice. Forms for such appeal and the regula-

tions pertaining thereto may be obtained from the offices of the Department of Insurance. Appeals must be accompanied by a deposit. You

or this company may be charged with the costs of the appeal, depending on the outcome."

627.0952 Limit of risk.—

(1) No title insurer shall issue any contract of title insurance, either as a primary insurer or as a coinsurer or reinsurer, upon an estate, lien or interest in property located in this state, which does not show on its face the dollar amount of the risk assumed and which is in an amount exceeding one half of its surplus to policyholders, unless the excess shall be simultaneously reinsured in one or more approved insurers. No title insurer shall circumvent the foregoing limitation by the issuance of two or more policies upon the same estate, lien or interest. This subsection shall not be construed to prohibit:

(a) The simultaneous issuance of policies insuring different estates, liens or interests in the same property provided each of such simultaneous policies except the paramount estates, liens or interests to which the insured estate, lien or interest is subject and provided

that each policy so simultaneously issued conforms to the limitations and inhibitions of this subsection;

(b) Ceding portions of the total risk to authorized insurers. Insurance ceded, including coinsurance effected shall be deemed a retention of risk by the insurer assuming the ceded risk and not by the insurer ceding the same.

(2) Surplus to policyholders shall be determined from the last annual statement of the insurer as provided by §624.0223.

History.—§4, ch. 65-359.

627.0953 Trained employees.—The department shall appoint, employ, prescribe the duties of and discharge such employees trained and knowledgeable in the field of title insurance as it deems necessary. The department shall fix the compensation of all such personnel in such amount as other state employees receive for similar services.

History.—§5, ch. 65-359; §§13, 35, ch. 69-106.

627.0954 Illegal dealings in minimum risk rate premium.—

(1) No person shall knowingly quote, charge, accept, collect or receive a premium for title insurance less than the minimum risk rate premium promulgated by the department.

(2) No insurer shall knowingly accept, collect or receive any sum as minimum risk rate premium for title insurance, which insurance is not then provided or is not in due course (subject to acceptance of the risk) to be provided, unless such sum be promptly entered upon the books of account of such insurer as premium collected in advance.

History.—§6, ch. 65-359; §§13, 35, ch. 69-106.

627.0955 Risk premium defined.—

(1) "Risk premium" or "premium" for the purpose of part XII of this chapter is the charge as promulgated by the department of insurance which shall be made by a stock insurer for the assumption of the risk or the contribution or deposit allocated to and charged by a business trust title insurer for the assumption of risk, under the several classifications of title insurance contracts. Wherever the words "premium" or "risk premium" are used in part XII of this chapter, or in the laws of this state, with respect to title insurance the same shall be construed to mean "premium" or "risk premium" as defined in this section and shall not relate to any other charge incidental to title insurance.

(2) The minimum risk premium shall not be construed to prevent a title insurer from making a reasonable charge in addition to the minimum risk premium for other services rendered the insured.

History.—§7, ch. 65-359; §§13, 35, ch. 69-106.

627.0956 Promulgation of rates.—

(1) The department of insurance shall have the power and it shall be its duty, subject to the applicable rating section of this code, to promulgate the minimum risk rate premium

to be charged in this state by insurers for the respective types of title insurance contracts and services incident thereto and in connection therewith to promulgate rules and regulations incident to the applicability of such rates. Rates shall be made in accordance with the following:

(a) Due consideration shall be given to past and prospective loss experience, to a reasonable margin for underwriting profit and contingencies, to past and prospective expenses for administration and handling of risks, and other relevant factors.

(b) Rates may be grouped by classification or schedule and may differ as to class of risk assumed.

(c) Rates shall not be excessive, inadequate, or unfairly discriminatory.

(2) The minimum risk rate premium shall apply to each one hundred dollars of insurance issued to an insured. Only the minimum risk rate premium shall be published by the department.

(3) The minimum risk rate premium promulgated for title insurance shall apply throughout this state.

History.—§8, ch. 65-359; §§13, 35, ch. 69-106.

627.0957 Rate deviation.—

(1) At any time after the first promulgation of risk rates as provided for in part XII of this chapter, an authorized insurer may petition the department for an order authorizing and permitting a specific deviation in the risk premium. Such petition shall be in writing and sworn to and shall set forth allegations of fact upon which the petitioner will rely including the petitioner's reasons for requesting such deviation.

(2) If in the judgment of the department the petition does not set forth upon its face a case justifying a hearing and formal consideration, the department may, at any time within thirty days after receipt of such petition, enter an order denying such petition. In the event the department determines that such petition states a case which justifies a hearing it shall, within thirty days after receipt of such petition, fix a reasonable date for a public hearing upon such petition and shall give notice of such hearing. At any time prior to such hearing any authorized title insurer may join in such petition for like authority to deviate or may file a separate petition praying for such authority, or opposing such deviation. All such petitions shall be heard at the same hearing and such petitions shall be ruled upon simultaneously. The order or orders entered by the department granting a deviated rate shall be in the nature of a change and amendment of the promulgated risk rate and the provisions of the rate section of part XII of this chapter shall apply to any such change and amendment and the order or orders affecting the same.

History.—§9, ch. 65-359; §§13, 35, ch. 69-106.

(2) Subsection (1) shall not apply to any insurer actively transacting title insurance and any other kind of insurance in this state on January 1, 1965.

History.—§12, ch. 65-359.

All amounts received by the company which are required by contract to be applied to provide such variable annuity payments or values shall be added to the appropriate separate account, and the assets of any such separate account shall not be chargeable with liabilities arising out of any other business the company may conduct. Any surplus or deficit from mortality experience which may arise in any such separate account shall be adjusted by withdrawals from, or additions to such account by the company so that the assets of such account are always equal to the assets required to satisfy the company's obligations for such variable payments.

627.0977 Statement of value of annuity benefits.—Any annuity contract on a variable basis delivered or issued for delivery in this state, and any group annuity certificate evidencing variable benefits issued pursuant to any such annuity contract on a group basis, shall contain a statement of the essential features of the procedure to be followed by the

insurance company in determining the dollar amount of variable annuity benefits or values thereunder and shall state in clear terms that such amount may decrease or increase according to such procedure. Any such annuity contract delivered or issued for delivery in this state, and any such group annuity certificate, shall contain on its first page, in a prominent position in ten point type or larger, a clear statement that the annuity benefits or values thereunder are on a variable basis.

contract on a variable basis, and no insurance company formed by authority of another state or foreign country and heretofore or hereafter admitted to transact business in this state, shall undertake the issuance or delivery of any contract on a variable basis within this state, until said company has satisfied the department that its condition or methods of operation in connection with the issuance of such contracts on a variable basis will not be such as would render its operation hazardous to the public or its policyholders in this state.

In determining the qualification of a company requesting authority to issue or deliver contracts on a variable basis within this state, the department will consider, among other things,

- (a) The history of the company;
- (b) The character, responsibility and general fitness of the officers and directors of the company; and

(b) A person engaged, in whole or in part, in the business of acquiring premium finance agreements from other premium finance companies.

(2) Credit unions, banks, building and loan associations, and other lending institutions as defined under chapters 516, 519, 656, 657, 658, and 665 are exempt from the provisions of part XIV of this chapter.

(3) The inclusion of a charge for insurance on a bona fide sale of goods or services on installments is not subject to the provisions of part XIV of chapter 627.

contract, together with a service charge as authorized and limited by law.

History.—§1, ch. 63-16.

627.0992 License required.—

(1) Except as provided in §§627.1020 and 627.1021, no person shall engage in the business of a premium finance company without a license therefor obtained from the department, as provided in part XIV of this chapter.

(2) Application for license required under part XIV of this chapter shall be in writing, and in the form prescribed by the department.

(3) When an applicant has more than one office, separate applications for license shall be made for each such office.

(4) At the time of filing an application for a license, the applicant shall pay to the department the license fee and, upon original application or upon application subsequent to denial of application, or revocation, suspension or surrender of a license, an investigation fee.

627.0993 Approval; disapproval of application; and waiting period.—

(1) Within sixty days after the filing of an application for a license accompanied by payment of the fees for license and investigation, the department shall issue the license or refuse to issue the license, if it is found by it that the management of the premium finance company filing the application is lacking in managerial experience as to make the proposed operation hazardous to the insurance buying public, or which it has good reason to believe is affiliated directly or indirectly through ownership, control, or in other business relations with any person or persons whose business operations are or have been marked as detrimental to the public, policyholders, stockholders, investors, or creditors by manipulation of assets or of accounts or by bad faith. Such license to engage in business in accordance with the provisions of this law at the location specified in the application shall be executed in duplicate by the department, and it shall transmit one copy thereof to the applicant and file a copy in the office of the department.

(2) If the department refuses to issue a license, it shall notify the applicant of the denial, return to the applicant the sum paid as a license fee, but retain the investigation fee to cover the costs of investigating the applicant.

(3) Each license issued hereunder shall remain in full force and effect until the last day of September of the year for which issued unless earlier surrendered, suspended, or revoked pursuant to part XIV, and may be renewed for the ensuing license year upon the filing of an application in conformity with §627.0992 but subject to all of the provisions of this section. If an application for a renewal of a license is filed with the department before October 1 of any year, the license sought to be renewed shall be continued in full force and effect either until the issuance by the department of the renewal license applied for or until five days after the department refuses to issue such renewal license under the provisions of this section.

(4) Only one office may be maintained under each license, but more than one license may be issued to the same licensee pursuant to part XIV.

(5) Any person engaged in the business of a premium finance company on October 1, 1963 may continue in operation in accordance with the provisions of part XIV but must obtain a license for each office at which he engages in the business of a premium finance agency by October 1, 1963.

History.—§1, ch. 63-16; §§13, 35, ch. 69-106.

627.0996 Grounds for refusal, suspension, and revocation of license.—

(1) The department may forthwith deny, suspend, revoke, or refuse to renew or continue any license hereunder, if it shall find that:

(b) The licensee has violated any provision of part XIV or any rule or regulation lawfully made by the department under and within the authority of part XIV.

(c) Any fact or condition exists which, if it had existed at the time of the original application for such license, clearly would have warranted the department in refusing originally to issue such license.

(2) The department may revoke or suspend only the particular license with respect to which grounds for revocation or suspension may occur or exist; or if it shall find that such grounds for revocation or suspension are of general application to all offices, or to more than one office, operated by such licensee, it shall revoke or suspend all of the licenses issued to such licensee or such number of licenses as such grounds apply to, as the case may be.

(3) Any licensee may surrender any license by delivering to the department written notice that he thereby surrenders such license, but such surrender shall not affect such licensee's civil or criminal liability for acts committed prior to such surrender.

(4) No revocation or suspension or surrender of any license shall impair or affect the obligation of any insured under any lawful premium finance agreement previously acquired or held by the licensee.

(5) Every license issued hereunder shall remain in force and effect until the same shall have been surrendered, revoked, suspended, or expires in accordance with the provisions of part XIV; but the department shall have authority to reinstate suspended licenses or to issue new licenses to a licensee whose license or licenses shall have been revoked, if no fact or condition then exists which clearly would have

warranted the department in refusing originally to issue such license under part XIV.

627.0997 Administrative fine and probation in lieu of suspension, revocation, or refusal to renew license.—The department may in its discretion in lieu of a suspension, revocation, or refusal to renew or continue any license, impose on the licensee an administrative penalty or place such licensee on probation pursuant to §§626.681 and 626.691 of this code.

(2) Section 624.15 shall be applicable to each wilful violation as to which a greater penalty is not provided by another provision of this code or by other applicable laws of this state.

History.—§1, ch. 63-16.

627.1000 Licensee's books and records; reports.—

(1) The licensee shall keep and use in his business such books, accounts, and records as will enable the department to determine whether such licensee is complying with the provisions of part XIV and with the rules and regulations lawfully made by the department hereunder. Every licensee shall preserve such books, accounts, and records, including cards used in a card system, if any, for at least three years after making the final entry in respect to any premium finance agreement recorded therein; provided, however, the preservation of photographic reproductions thereof or records in photographic form shall constitute compliance with this requirement.

(2) Each licensee shall annually on or before March 1 file a report with the department giving such information as the department may require concerning the business and operations during the preceding calendar year of each licensed place of business conducted by

the licensee within the state under the authority of part XIV. Such report shall be made under oath and be in the form prescribed by the department which may make and publish annually an analysis and recapitulation of such reports. In addition to such annual reports, the department may require of licensees under oath and in the form prescribed by it, such additional regular or special reports as it may deem necessary to the proper supervision of licensees under part XIV.

(2) No filing of the assignment or notice thereof to the insured shall be necessary to the validity of the written assignment of a premium finance agreement as against creditors or subsequent purchasers, pledgees, or encumbrancers of the assignor.

History.—§1, ch. 63-16.

627.1002 Filing, approval of forms, service charge filing.—

(1) No premium finance agreement form or related form shall be used in this state by a premium finance company unless it has been filed with and approved by the department.

(2) Every such filing shall be made not less than thirty days in advance of issuance or use. At the expiration of thirty days from date of filing, a form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by written order of the department. The department may extend by not more than an additional fifteen days the period within which it may so affirmatively approve or disapprove any such form by giving notice of such extension before the expiration of the initial thirty day period. At the expiration of any such period as so extended and in the absence of prior affirmative approval or disapproval, any such form shall be deemed approved.

(3) In addition each premium finance company shall file with the department the service charge and interest rate plan to be charged in premium financing including all modifications of service charges and interest rate to be paid by the insured or others under a premium finance agreement. Every filing shall state the effective date thereon. Such filing shall be made not less than thirty days prior to its effective date.

(2) It shall contain the entire agreement of the parties with respect to the insurance contract, the premiums for which are advanced or to be advanced under it, and:

(a) At its top, the words PREMIUM FINANCE AGREEMENT in at least ten point bold type; and

(b) A notice in at least eight point bold type, reading as follows: NOTICE:

1. Do not sign this agreement before you read it or if it contains any blank space.

3. Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the service charge.

(3) A premium finance agreement shall:

(a) Contain the name and place of business of the insurance agent negotiating the related insurance contract, the name and residence or the place of business of the insured as specified by him, the name and place of business of the premium finance company to which installment or other payments are to be made, a description of the insurance contract, the premiums for which are advanced or to be advanced under the agreement, and the amount of the premiums for such insurance contract; and

(b) Set forth the following items:

2. The amount of the down payment;

3. The principal balance, which is the difference between subparagraphs 1. and 2.;

4. The amount of the service charge;

5. The balance, which is the sum of subparagraphs 3. and 4., payable by the insured, the number of installments required, the amount of each installment expressed in dollars and the due date or period thereof;

(4) The items need not be stated in the sequence or order set forth above, inapplicable items may be omitted; additional items may be included to explain the computations made in determining the amount to be paid by the insured.

(5) No premium finance agreement shall be signed by an insured when it contains any blank space to be filled in after it has been

signed; however, if the insurance contract, the premiums for which are advanced or to be advanced under the agreement, has not been issued at the time of its signature by the insured and it so provides, the name of the authorized insurer by whom such insurance contract is issued and the policy number and the due date of the first installment may be left blank and later inserted in the original of the agreement after it has been signed by the insured.

History.—§1, ch. 63-16.

627.1004 Limitation on service and other charges.—

(1) A premium finance company shall not charge, contract for, receive, or collect a service charge other than as permitted by part XIV of this chapter.

(2) A premium finance company may, in a premium finance agreement, contract for, charge, receive, and collect a service charge for financing the premiums under the agreement computed as provided in subsection (3).

(3)(a) The service charge provided for in this section shall be computed on the balance of the premiums due, after subtracting the down payment made by the insured in accordance with the premium finance agreement, from the effective date of the insurance coverage for which the premiums are being advanced to and including the date when the final payment of the premium finance agreement is payable.

(b) The service charge shall be a maximum of nine dollars per one hundred dollars per annum plus an additional charge, which shall not exceed ten dollars per premium finance agreement, which additional charge need not be refunded upon prepayment. However, any insured may prepay his premium finance agreement in full at any time before due date of the final payment, and in such event the unearned service charge shall be refunded in accordance with the "Rule of 78ths" and shall represent at least as great a proportion of the service charge, if any, as the sum of the periodic balances after the month in which prepayment is made bears to the sum of all periodic balances under the schedule of payments in the agreement. When the amount of the refund is less than one dollar, no refund need be made.

(c) Such service charge shall be inclusive of all charges incident to the premium finance agreement and for the extension of credit provided therein.

(d) Paragraphs (a)-(c) of this subsection apply if the premiums under only one insurance contract are advanced or to be advanced under a premium finance agreement; if premiums under more than one insurance contract are advanced or to be advanced under a premium finance agreement, the service charge shall be computed from the inception date of such insurance contracts, or from the due date of such premiums; however, not more than one minimum service charge shall apply to each premium finance agreement.

(e) No insurance agent or premium finance company shall induce an insured to become ob-

(1) A premium finance agreement may provide for the payment by the insured of a delinquency and collection charge on each installment in default for a period of not less than five days in an amount of one dollar to a maximum not to exceed five per cent of such installment or five dollars, whichever is less, provided that only one such delinquency and collection charge may be collected on any such installment regardless of the period during which it remains in default; and if the default results in the cancellation of any insurance contract listed in the agreement, the agreement may provide for the payment by the insured of a cancellation charge equal to the difference between any delinquency and collection charge imposed in respect to the installment in default and five dollars.

(2) A premium finance agreement may, also, provide for the payment of attorney's fees not exceeding twenty per cent of the amount due and payable under the agreement if it is referred for collection to an attorney not a salaried employee of the premium finance company holding the agreement.

(3) Notwithstanding the provisions of this section, a premium finance company shall not take, receive from, or charge an insured any cancellation charge or attorney's fees unless, within ten days after default in the payment of any installment of a premium finance agreement, the premium finance company has mailed a notice of the default to the insured at his address as shown on the agreement and to any insurance agent named therein at his place of business as shown giving the insured at least five days within which to make the payment in default.

(2) All such applications shall be in writing signed by the applicant, covering subjects of insurance resident, located or to be performed in this state.

(2) Upon issuance to the corporation of a certificate of authority as an insurer for the kind of insurance for which such applications were solicited, all funds so held in trust shall become the funds of the insurer, and the insurer shall thereafter in due course, issue and deliver its policies for which premiums had been paid and accepted. The insurance provided by such policies shall be effective as of the date of the certificate of authority, or thereafter as provided in the respective policies.

(b) For election of directors by the members, and the number, qualifications, terms of office, and powers of directors;

Any person who removes or attempts to remove such records or assets or such material part thereof from the home office or other place of business or of safekeeping of the insurer in this state with the intent to remove the same from this state, or who conceals or attempts to conceal the same from the department, in violation of this subsection, shall upon conviction thereof be guilty of a felony, punishable by a fine of

not more than \$10,000, or by imprisonment in the penitentiary for not more than 5 years, or by both such fine and imprisonment in the discretion of the court. Upon any removal or attempted removal of such records or assets or upon retention of such records or assets or material part thereof outside this state, beyond the period therefor specified in the department's consent under which the records were so removed thereat, or upon concealment of or attempt to conceal records or assets in violation of this section, the department may institute delinquency proceedings against the insurer pursuant to the provisions of chapter 631 of this code.

(1) The provisions of §628.271 shall not be deemed to prohibit or prevent an insurer from:

(a) Establishing and maintaining branch offices or regional home offices in other states where necessary or convenient to the transaction of its business and keeping therein the detailed records and assets customary and reasonably necessary for the servicing of its insurance in force and affairs in the territory served by such an office, as long as such records and assets are made readily available at such office for examination by the department at its request.

(b) Having, depositing or transmitting funds and assets of the insurer in or to jurisdictions outside of this state as reasonably and customarily required in the regular course of its business.

(c) Establishing and maintaining its principal operations offices, its usual operations records and such of its assets as may be necessary or convenient for the purpose, in another state in which the insurer is authorized to transact insurance in order that general administration of its affairs may be combined with that of an affiliated insurer or insurers, but subject to the following conditions:

1. That the department consents in writing to such removal of offices, records, and assets from Florida upon evidence satisfactory to it that the same will facilitate and make more economical the operations of the insurer, and will not unreasonably diminish the service or protection thereafter to be given the insurer's policyholders in this state and elsewhere;

2. That the insurer will continue to maintain in this state its principal corporate office or place of business, and maintain therein available to the inspection of the department complete records of its corporate proceedings, and a copy of each financial statement of the insurer current within the preceding five years, including a copy of each interim financial state-

ment prepared for the information of the insurer's officers or directors;

3. That upon the department's written request the insurer will with reasonable promptness produce at its principal corporate offices in this state for examination or for subpoena, its records or copies thereof relative to a particular transaction or transactions of the insurer as designated by the department in its request; and

4. That if at any time, after a hearing of which not less than thirty days' written notice was given the insurer by registered mail, the department finds that the conditions justifying the maintenance of such offices, records, and assets outside of this state no longer exist, or that the insurer has wilfully and knowingly violated any of the conditions hereinabove stated in subparagraphs 2. and 3., the department may order the return of such offices, records, and assets to this state within such reasonable time, not less than six months, as may be specified in the order; and that for failure to comply with such order, as thereafter modified or extended, if any, the department shall suspend or revoke the insurer's certificate of authority.

(2) Section 628.271 does not apply as to domestic insurers which, as of immediately prior to the effective date of this code, had lawfully established, and thereafter maintain, their principal offices, records, and assets in another state.

(a) Contracts entered into where the prospective insured is personally present in the state in which the insurer is authorized to do business when he signs the application;

(b) Issuance of certificates under any lawfully transacted group life or group disability policy, where the master policy is entered into in a state in which the insurer is authorized to do business;

(d) The renewal, reinstatement, conversion, or continuance in force with or without modification of contracts otherwise lawfully entered into and which were not originally entered into in violation of this section.

(2) The term "reciprocal state" as used in this section means a state, the laws of which

prohibit an insurer organized under the laws of that state from insuring the lives or property of persons resident or located in Florida, unless such insurer is authorized pursuant to the laws of this state to do business in this state.

(2) Any person, public or private corporation, board, association, firm, estate, trustee or fiduciary may be a member of a domestic mutual insurer. Any officer, stockholder, trustee or legal representative of any such corporation, board, association or estate may be recognized as acting for or on its behalf for the purpose of such membership, and shall not be personally liable upon any contract of insurance for acting in such representative capacity. A mutual insurer may issue policies of insurance covering property of this state, or of any county or municipality of this state, without contingent liability, when such policy contains a provision that the state or any such county or municipality insured under it may not participate in the profits of such insurer.

(2) Termination of the policy of any such member shall not relieve the member of contingent liability for his proportion, if any, of the obligations of the insurer which accrued while the policy was in force.

(3) Unrealized contingent liability of members does not constitute an asset of the insurer in any determination of its financial condition.

History.—§651, ch. 59-205.

Note.—Similar provisions found in former §§632.12, 632.16.

628.321 Levy of contingent liability.—

(1) If at any time the assets of a domestic mutual insurer are less than its liabilities and the minimum amount of surplus required to be maintained by it under this code for authority to transact the kinds of insurance being trans-

acted, and the deficiency is not cured from other sources, its directors shall levy an assessment only upon its members who held policies providing for contingent liability at any time within the twelve months preceding the date notice of such assessment was mailed to them, and such members shall be liable to the insurer for the amount so assessed.

(2) The assessment shall be for such an amount as is required to cure such deficiency and to provide a reasonable amount of working funds above such minimum amount of surplus, but such working funds so provided shall not exceed five per cent of the insurer's liabilities as of the date as of which the amount of such deficiency was determined.

(3) In levying an assessment on policies providing for contingent liability, the assessment shall be computed on a basis of premium earned on such policy.

(4) No member shall have an offset against any assessment for which he is liable, on account of any claim for unearned premium or loss payable.

(5) As to life insurance, any part of such an assessment upon a member which remains unpaid following notice of assessment, demand for payment, and lapse of a reasonable waiting period as specified in such notice, may, if approved by the department as being in the best interests of the insurer and its members, be secured by placing a lien upon the cash surrender values and accumulated dividends held by the insurer to the credit of such member.

History.—§652, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §632.16.

628.331 Enforcement of contingent liability.—

(1) Any assessment made by an insurer under §628.321 is prima facie correct. The amount of such assessment to be paid by each member as determined by the insurer is likewise prima facie correct.

(2) The insurer shall notify each member of the amount of the assessment to be paid by written notice mailed to the address of the member last of record with the insurer. Failure of the member to receive the notice so mailed, within the time specified therein for the payment of the assessment or at all, shall be no defense in any action to collect the assessment.

(3) If a member fails to pay the assessment within the period specified in the notice, which period shall not be less than twenty days after mailing, the insurer may institute suit to collect the same.

History.—§653, ch. 59-205.

628.341 Nonassessable policies; mutual insurers.—

(1) While possessing surplus funds in amount not less than the paid-in capital stock required of a domestic stock insurer transacting like kinds of insurance, a domestic mutual insurer may, upon receipt of the department's order so authorizing, extinguish the con-

tingent liability of its members as to all its policies in force and may omit provisions imposing contingent liability in all its policies currently issued so long as such surplus funds meet such requirement as to amount.

(2) A foreign or alien mutual insurer may issue nonassessable policies to its members in this state pursuant to its articles of incorporation and the laws of its domicile.

During the absence of such authority the insurer shall not issue any policy without providing therein for the contingent liability of the policyholder, nor renew any policy which is renewable at the option of the insurer without endorsing the same to provide for such contingent liability. Such renewal or endorsement shall bear conspicuously on its face the provision for contingent liability of the policyholder.

History.—§655, ch. 59-205; §§13, 35, ch. 69-106.

628.361 Participating policies.—

(1) If provided in its certificate of incorporation, a domestic stock or domestic mutual insurer may issue any or all of its policies with or without participation in profits, savings or unabsorbed portions of premiums, may classify policies issued on a participating and nonparticipating basis, and may determine the right to participate and the extent of participation of any class or classes of policies. Any such classification or determination shall be reasonable, and shall not unfairly discriminate as between policyholders within the same such classifications. A life insurer may issue both participating and nonparticipating policies only if the right or absence of right to participate is reasonably related to the premium charged.

(2) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy.

History.—§656, ch. 59-205.

628.371 Dividends to stockholders.—

(1) A domestic stock insurer shall not pay any cash dividend to stockholders except out of that part of its available and accumulated surplus funds which is derived from realized net operating profits on its business and realized capital gains.

(2) A stock dividend may be paid out of any available surplus funds in excess of the aggregate amount of surplus advanced to the insurer under §628.401.

(3) A dividend otherwise lawful may be payable out of the insurer's earned surplus even though its total surplus is then less than the

aggregate of its past contributed surplus resulting from issuance of its capital stock at a price in excess of the par value thereof.

Note.—Similar provisions found in former §625.14.

628.381 Dividends to mutual policyholders.—

(2) A dividend otherwise proper may be payable out of such savings and earnings even though the insurer's total surplus is then less than the aggregate of its contributed surplus.

History.—§658, ch. 59-205.

628.391 Illegal dividends; penalty.—

(1) Any director of a domestic stock or mutual insurer who knowingly votes for or concurs in declaration or payment of a dividend to stockholders or members other than as authorized under §628.371 or §628.381 shall upon conviction thereof be guilty of a misdemeanor and shall be jointly and severally liable, together with other such directors likewise voting for or concurring, for any loss thereby sustained by creditors of the insurer to the extent of such dividend.

(2) Any stockholder receiving such an illegal dividend shall be liable in the amount thereof to the insurer.

(3) The department may revoke or suspend the certificate of authority of an insurer which has declared or paid such an illegal dividend.

History.—§659, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §625.14.

628.401 Borrowed surplus.—

(1) A domestic stock or mutual insurer may borrow money to defray the expenses of its organization, provide it with surplus funds, or for any purpose of its business, upon a written agreement that such money is required to be repaid only out of the insurer's surplus in excess of that stipulated in such agreement. The agreement may provide for interest not exceeding six per cent per annum, which interest shall or shall not constitute a liability of the insurer as to its funds other than such excess of surplus, as stipulated in the agreement. No commission or promotion expense shall be paid in connection with any such loan.

(2) Money so borrowed, together with the interest thereon if so stipulated in the agreement, shall not form a part of the insurer's legal liabilities except as to its surplus in excess of the amount thereof stipulated in the agreement, or be the basis of any set-off; but until repaid, financial statements filed or published by the insurer shall show as a footnote thereto the amount thereof then unpaid to-

gether with any interest thereon accrued but unpaid.

(3) Any such loan to a mutual insurer shall be subject to the department's approval. The insurer shall, in advance of the loan, file with the department a statement of the purpose of the loan and a copy of the proposed loan agreement. The loan and agreement shall be deemed approved unless within fifteen days after date of such filing the insurer is notified of the department's disapproval and the reasons therefor. The department shall disapprove any proposed loan or agreement if it finds the loan is unnecessary or excessive for the purpose intended, or that the terms of the loan agreement are not fair and equitable to the parties, and to other similar lenders, if any, to the insurer, or that the information so filed by the insurer is inadequate.

(4) Any such loan to a mutual insurer or substantial portion thereof shall be repaid by the insurer when no longer reasonably necessary for the purpose originally intended. No repayment of such a loan shall be made by a mutual insurer unless in advance approved by the department.

(5) This section shall not apply to loans obtained by the insurer in ordinary course of business from banks and other financial institutions, nor to loans secured by pledge or mortgage of assets.

628.411 Impairment of capital or assets.—

(1) If a domestic stock insurer's capital (as represented by the aggregate par value of its outstanding capital stock) becomes impaired, or the assets of a mutual insurer are less than its liabilities and the minimum amount of surplus required to be maintained by it under this code for authority to transact the kinds of insurance being transacted, the department shall at once determine the amount of deficiency and serve notice upon the insurer to make good the deficiency within ninety days after service of such notice.

(2) The deficiency may be made good in cash or in assets eligible under part II of chapter 625 (investments) for the investment of the insurer's funds; or by amendment of the insurer's certificate of authority to cover only such kind or kinds of insurance thereafter for which the insurer has sufficient paid-in capital (if a stock insurer) or surplus (if a mutual insurer) under this code; or, if a stock insurer, by reduction of the insurer's authorized capital stock through amendment of its certificate of incorporation, to an amount of paid-in capital stock not below the minimum required for the kinds of insurance thereafter to be transacted.

(3) After any such reduction of authorized capital stock the insurer shall have the right to require the return of the original certificate of stock held by each stockholder in exchange for new certificates to be issued in lieu thereof

for such number of shares as the stockholder is entitled to in the proportion that the reduced capital bears to the original capital.

(4) If the deficiency is not made good and proof thereof filed with the department within such ninety-day period, the insurer shall be deemed insolvent and the department shall institute delinquency proceedings against it under chapter 631 of this code; except that if such deficiency exists because of increased loss reserves required by the department, or because of disallowance by the department of certain assets or reduction of the value at which carried in the insurer's accounts, the department may, in its discretion and upon application and good cause shown, and if it finds that establishment or maintenance of such inadequate reserves or over-valued assets were not wilful on the part of the insurer, extend for not more than an additional sixty days the period within which such deficiency may be so made good and such proof thereof so filed.

(1) Any insurer receiving the department's notice mentioned in §628.411(1):

(a) If a stock insurer, by resolution of its board of directors and subject to any limitations upon assessment contained in its certificate of incorporation, may assess its stockholders for amounts necessary to cure the deficiency and provide the insurer with a reasonable amount of surplus in addition. If any stockholder fails to pay a lawful assessment after notice given to him in person or by advertisement in such time and manner as approved by the department, the insurer may require the return of the original certificate of stock held by the stockholder, and in cancellation and in lieu thereof issue a new certificate for such number of shares as the stockholder may then be entitled to, upon the basis of the stockholder's proportionate interest in the amount of the insurer's capital stock as determined by the department to be remaining at the time of determination of amount of impairment under §628.411, after deducting from such proportionate interest the amount of such unpaid assessment. The insurer may pay for or issue fractional shares under this subsection.

(b) If a mutual insurer, shall levy such an assessment upon members as is provided for under §628.321.

(2) Neither this section nor §628.411 shall be deemed to prohibit the insurer from curing any such deficiency through any lawful means other than those referred to in such sections.

628.431 Mutualization of stock insurers.—

(1) A stock insurer other than a title insurer may become a mutual insurer under such

plan and procedure as may be approved by the department after a hearing thereon.

(2) The department shall not approve any such plan, procedure or mutualization unless:

(a) It is equitable to stockholders and policyholders;

(b) It is subject to approval by the holders of not less than three-fourths of the insurer's outstanding capital stock having voting rights and by not less than two-thirds of the insurer's policyholders who vote on such plan in person, by proxy or by mail pursuant to such notice and procedure as may be approved by the department;

(c) If a life insurer, the right to vote thereon is limited to holders of policies other than term or group policies, and whose policies have been in force for more than one year;

(d) Mutualization will result in retirement of shares of the insurer's capital stock at a price not in excess of the fair market value thereof as determined by competent disinterested appraisers;

(e) The plan provides for the purchase of the shares of any nonconsenting stockholder in the same manner and subject to the same applicable conditions as provided by §608.23, as to rights of nonconsenting stockholders, with respect to consolidation or merger of private corporations;

(f) The plan provides for definite conditions to be fulfilled by a designated early date upon which such mutualization will be deemed effective; and

(g) The mutualization leaves the insurer with surplus funds reasonably adequate for the security of its policyholders and to enable it to continue successfully in business in the states in which it is then authorized to transact insurance, and for the kinds of insurance included in its certificates of authority in such states.

(3) This section shall not apply to mutualization under order of court pursuant to rehabilitation or reorganization of an insurer under chapter 631.

History.—§663, ch. 59-205; §§13, 35, ch. 69-106.

628.441 Converting mutual insurer.—

(1) A mutual insurer may become a stock insurer under such plan and procedure as may be approved by the department after a hearing thereon.

(2) The department shall not approve any such plan or procedure unless:

(a) It is equitable to the insurer's members;

(b) It is subject to approval by vote of not less than three-fourths of the insurer's current members voting thereon in person, by proxy, or by mail at a meeting of members called for the purpose pursuant to such reasonable notice and procedure as may be approved by the department; if a life insurer, right to vote may be limited to members who hold policies other

than term or group policies, and whose policies have been in force for not less than one year;

(c) The corporate equity of each policyholder in the insurer (other than as to unearned premiums, nonforfeiture rights, and benefit claims under his policy) is determinable under a fair formula approved by the department, which such equity shall be based upon not less than the insurer's entire surplus (after deducting contributed or borrowed surplus funds) plus a reasonable present equity in its reserves and in all nonadmitted assets;

(d) The policyholders entitled to participate in the purchase of stock or distribution of assets shall include all current policyholders and all existing persons who had been a policyholder of the insurer within three years prior to the date such plan was submitted to the department;

(e) The plan gives to each policyholder of the insurer as specified in paragraph (d) a preemptive right to acquire his proportionate part of all of the proposed capital stock of the insurer, within a designated reasonable period, and to apply upon the purchase thereof the amount of his equity in the insurer as determined under paragraph (c);

(g) Shares are so offered to policyholders at a price not greater than to be thereafter offered to others;

(h) The plan provides for payment to each policyholder not electing to apply his equity in the insurer for or upon the purchase price of stock to which preemptively entitled, of cash in the amount of not less than fifty per cent of the amount of his equity not so used for the purchase of stock, and which cash payment together with stock so purchased, if any, shall constitute full payment and discharge of the policyholder's corporate equity in such mutual insurer; and

(i) The plan, when completed, would provide for the converted insurer paid-in capital stock in an amount not less than the minimum paid-in capital required of a domestic stock insurer transacting like kinds of insurance, together with surplus funds in amounts not less than one-half of such required capital.

History.—§664, ch. 59-205; §§13, 35, ch. 69-106.

628.451 Mergers and consolidations of stock insurers.—

(1) A domestic stock insurer may merge or consolidate with one or more domestic or foreign stock insurers authorized to transact insurance in this state, by complying with the applicable provisions of the statutes of this state governing the merger or consolidation of stock corporations formed for profit, but subject to the special provisions of this section:

(a) Mergers or consolidations may be initially proposed at any meeting of the board of directors of a domestic stock insurer by the affirmative vote of two-thirds of the total number of directors of the corporation, or at any meeting of the stockholders of the corpora-

tion by the affirmative vote of a majority of the total number of shares of stock outstanding and entitled to vote, provided the notice of such meeting shall set forth such proposal.

(b) The plan of merger or consolidation, proposed as required by paragraph (a) of this subsection, shall be submitted to a duly called meeting of the stockholders of record of each domestic stock insurer, and may become effective only if adopted at such meeting by the affirmative vote of seventy-five per cent of the total number of shares of stock outstanding and entitled to vote. The notice of such meeting shall set forth in full the proposed plan of merger or consolidation.

(2) No such merger or consolidation shall be effectuated unless in advance thereof the plan and agreement therefor have been filed with the department and approved in writing by it after a hearing thereon. The department shall give such approval within a reasonable time after such filing unless it finds such plan or agreement:

(a) Is contrary to law; or

(b) Inequitable to the stockholders of any insurer involved; or

(c) Would substantially reduce the security of and service to be rendered to policyholders of the domestic insurer in this state or elsewhere.

(3) No director, officer, agent or employee of any insurer party to such merger or consolidation shall receive any fee, commission, compensation or other valuable consideration whatsoever for in any manner aiding, promoting or assisting therein except as set forth in such plan or agreement.

(4) If the department does not approve any such plan or agreement it shall so notify the insurer in writing specifying in detail its reasons therefor.

(5) Any plan or proposal through which a stock insurer proposes to acquire a controlling stock interest in another stock insurer through an exchange of stock of the first insurer, issued by the insurer for the purpose, for such controlling stock of the second insurer is deemed to be a plan or proposal of merger of the second insurer into the first insurer for the purposes of this section and is subject to the applicable provisions hereof.

History.—§665, ch. 59-205; §1, ch. 61-5; §§13, 35, ch. 69-106.

628.461 Acquisition of controlling stock.—

(1) In event any person or persons propose to purchase or acquire the controlling capital stock of any domestic stock insurer and thereby to change the control of such insurer, other than as provided for in §628.451(5), such person or persons shall first make application to the department for approval of such proposed change of control. The application shall contain the name and address of the proposed new owner or owners of the controlling stock, and the department shall approve the proposed change of control only after it has become

satisfied that the proposed new owner or owners of the controlling stock are qualified by character, experience and financial responsibility to control and operate the insurer in a lawful and proper manner; and that the interest of the insurers, stockholders and policyholders and the interest of the public generally will not be jeopardized by the proposed change in ownership and management. If the department does not by affirmative action approve or disapprove the proposed change within thirty days after the date such application was so filed with it, the proposed change shall be deemed to be approved at the expiration of such thirty day period.

(2) No such change in the control of a domestic stock insurer shall be effectuated unless approved as provided in subsection (1).

(3) In event it disapproves the proposed change in control the department shall give written notice thereof to the person or persons so applying for approval, setting forth in detail the reasons for disapproval.

History.—§666, ch. 59-205; §§13, 35, ch. 69-106.

628.471 Mergers and consolidations, mutual insurers.—

(1) A domestic mutual insurer shall not merge or consolidate with a stock insurer.

(2) A domestic mutual insurer may merge or consolidate with another mutual insurer under the applicable procedures prescribed by the statutes of this state applying to corporations formed for profit, except as hereinbelow provided.

(3) The plan and agreement for merger or consolidation shall be submitted to and approved by at least two-thirds of the members of each mutual insurer voting thereon at meetings called for the purpose pursuant to such reasonable notice and procedure as has been approved by the department. If a life insurer, right to vote may be limited to members whose policies are other than term and group policies, and have been in effect for more than one year.

(4) No such merger or consolidation shall be effectuated unless in advance thereof the plan and agreement therefor have been filed with the department and approved by it in writing after a hearing thereon. The department shall give such approval within a reasonable time after such filing unless it finds such plan or agreement:

(a) Inequitable to the policyholders of any domestic insurer involved; or

(b) Would substantially reduce the security of and service to be rendered to policyholders of the domestic insurer in this state and elsewhere.

(5) If the department does not approve such plan or agreement it shall so notify the insurers in writing specifying in detail its reasons therefor.

History.—§667, ch. 59-205; §§13, 35, ch. 69-106.

628.481 Bulk reinsurance; stock insurers.—

(1) A domestic stock insurer may reinsure all or substantially all of its insurance in force or a major class thereof, with another insurer by an agreement of bulk reinsurance; but no such agreement shall become effective unless filed with the department and approved by it in writing.

(2) The department shall approve such agreement within a reasonable time after such filing unless it finds that it is inequitable to the stockholders of the domestic insurer or would substantially reduce the protection or service to its policyholders. If the department does not approve the agreement it shall so notify the insurer in writing specifying in detail its reasons therefor.

History.—§668, ch. 59-205; §§13, 35, ch. 69-106.

Note.—Similar provisions found in former §626.10.

628.491 Same; mutual insurers.—

(1) A domestic mutual insurer may reinsure all or substantially all its business in force, or all or substantially all of a major class thereof, with another insurer, stock or mutual, by an agreement of bulk reinsurance after compliance with this section. No such agreement shall become effective unless filed with the department and approved by it in writing.

(2) The department shall approve such agreement within a reasonable time after filing if it finds it to be fair and equitable to each domestic insurer involved, and that such reinsurance if effectuated would not substantially reduce the protection or service to its policyholders. If the department does not so approve, it shall so notify each insurer involved in writing specifying in detail its reasons therefor.

(3) The plan and agreement for such reinsurance must be approved by vote of not less than two-thirds of each domestic mutual insurer's members voting thereon at meetings of members called for the purpose, pursuant to such reasonable notice and procedure as the department may approve. If a life insurer, right to vote may be limited to members whose policies are other than term or group policies, and have been in effect for more than one year.

(4) If for reinsurance of a mutual insurer in a stock insurer, the agreement must provide

for payment in cash to each member of the insurer entitled thereto as upon conversion of such insurer pursuant to §628.441, of his equity in the business reinsured as determined under a fair formula approved by the department, which equity shall be based upon such member's equity in the reserves, assets (whether or not admitted assets) and surplus, if any, of the mutual insurer to be taken over by the stock insurer.

History.—§669, ch. 59-205; §§13, 35, ch. 69-106.

628.501 Mutual member's share of assets on liquidation.—

(1) Upon any liquidation of a domestic mutual insurer, its assets remaining after discharge of its indebtedness, policy obligations, repayment of contributed or borrowed surplus, if any, and expenses of administration, shall be distributed to existing persons who were its members at any time within five years next preceding the date such liquidation was authorized or ordered, or date of last termination of the insurer's certificate of authority whichever date is the earlier; except, that if the department has reason to believe that those in charge of the management of the insurer have caused or encouraged the reduction of the number of members of the insurer in anticipation of liquidation and for the purpose of reducing thereby the number of persons who may be entitled to share in distribution of the insurer's assets, it may enlarge the five years qualification period above provided for by such additional period as it may deem to be reasonable.

(2) The distributive share of each such member shall be in the proportion that the aggregate premiums earned by the insurer on the policies of the member during the combined periods of his membership bear to the aggregate of all premiums so earned on the policies of all such members. The insurer may, and if a life insurer shall, make a reasonable classification of its policies so held by such members, and a formula based upon such classification, for determining the equitable distributive share of each such member. Such classification and formula shall be subject to the approval of the department.

629.231 Assessments.—

(1) Assessments may from time to time be levied upon subscribers of a domestic recip-

cal insurer liable therefor under the terms of their policies by the attorney upon approval in advance by the subscribers' advisory committee and the department; or by the department in liquidation of the insurer.

(2) Each subscriber's share of a deficiency for which an assessment is made, but not exceeding in any event his aggregate contingent liability as computed in accordance with §629.251, shall be computed by applying to the premium earned on the subscriber's policy or policies during the period to be covered by the assessment, the ratio of the total deficiency to the total premiums earned during such period upon all policies subject to the assessment.

(3) In computing the earned premiums for the purposes of this section, the gross premium received by the insurer for the policy shall be used as a base, deducting therefrom solely charges not recurring upon the renewal or extension of the policy.

(4) No subscriber shall have an offset against any assessment for which he is liable, on account of any claim for unearned premium or losses payable.

History.—§693, ch. 59-205; §§13, 35, ch. 69-106.

629.241 Time limit for assessments.—Every subscriber of a domestic reciprocal insurer having contingent liability shall be liable for, and shall pay his share of any assessment, as computed and limited in accordance with this chapter, if:

(1) While his policy is in force or within one year after its termination, he is notified by either the attorney or the department of its intentions to levy such assessment, or

(2) If an order to show cause why a receiver, conservator, rehabilitator or liquidator of the insurer should not be appointed is issued while his policy is in force or within one year after its termination.

History.—§694, ch. 59-205; §§13, 35, ch. 69-106.

629.251 Aggregate liability.—No one policy or subscriber as to such policy, shall be assessed or charged with an aggregate of contingent liability as to obligations incurred by a domestic reciprocal insurer in any one calendar year, in excess of the amount provided for in the power of attorney or in the subscribers' agreement, computed solely upon premium earned on such policy during that year.

History.—§695, ch. 59-205.

629.261 Nonassessable policies.—

(1) If a reciprocal insurer has a surplus of assets over all liabilities at least equal to the minimum paid-in capital stock required of a domestic stock insurer authorized to transact like kinds of insurance, upon application of the attorney and as approved by the subscribers' advisory committee the department shall issue its certificate authorizing the insurer to extinguish the contingent liability of subscribers under its policies then in force in this state, and to omit provisions imposing contingent liability in all policies delivered or issued for de-

livery in this state for so long as all such surplus remains unimpaired.

(2) Upon impairment of such surplus, the department shall forthwith revoke the certificate. Such revocation shall not render subject to contingent liability any policy then in force and for the remainder of the period for which the premium has theretofore been paid; but after such revocation no policy shall be issued or renewed without providing for contingent assessment liability of the subscriber.

(3) The department shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state.

History.—§696, ch. 59-205; §§13, 35, ch. 69-106.

629.271 Distribution of savings.—A reciprocal insurer may from time to time return to its subscribers any unused premiums, savings or credits accruing to their accounts. Any such distribution shall not unfairly discriminate between classes of risks, or policies, or between subscribers, but such distribution may vary as to classes of subscribers based upon the experience of such classes.

History.—§697, ch. 59-205.

629.281 Subscribers' share in assets.—Upon the liquidation of a domestic reciprocal insurer, its assets remaining after discharge of its indebtedness and policy obligations, the return of any contributions of the attorney or other persons to its surplus made as provided in §629.161, and the return of any unused premium, savings, or credits then standing on subscribers' accounts, shall be distributed to its subscribers who were such within the twelve months prior to the last termination of its certificate of authority, according to such reasonable formula as the department may approve.

History.—§698, ch. 59-205; §§13, 35, ch. 69-106.

629.291 Merger or conversion.—

(1) A domestic reciprocal insurer upon affirmative vote of not less than two-thirds of its

subscribers who vote on such merger pursuant to due notice and the approval of the department of the terms therefor, may merge with another reciprocal insurer or be converted to a stock or mutual insurer.

(2) Such a stock or mutual insurer shall be subject to the same capital or surplus requirements and shall have the same rights as a like domestic insurer transacting like kinds of insurance.

(3) The department shall not approve any plan for such merger or conversion which is inequitable to subscribers, or which, if for conversion to a stock insurer, does not give each subscriber preferential right to acquire stock of the proposed insurer proportionate to his interest in the reciprocal insurer as determined in accordance with §629.281, and a reasonable length of time within which to exercise such right.

(4) Reinsurance of all or substantially all of the insurance in force of a domestic reciprocal insurer in another insurer shall be deemed to be a merger for the purposes of this section.

History.—§699, ch. 59-205; §§13, 35, ch. 69-106.
Note.—Similar provisions found in former §628.12.

629.301 Impaired reciprocals.—

(1) If the assets of a domestic reciprocal insurer are at any time insufficient to discharge its liabilities, other than any liability on account of funds contributed by the attorney or others, and to maintain the required surplus, its attorney shall forthwith make up the deficiency or levy an assessment upon the subscribers for the amount needed to make up the deficiency; but subject to the limitation set forth in the power of attorney or policy.

(2) If the attorney fails to make up such deficiency or to make the assessment within thirty days after the department orders him to do so, or if the deficiency is not fully made up within sixty days after the date the assessment was made, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If liquidation of such an insurer is ordered, an assessment shall be levied upon the subscribers for such an amount, subject to limits as provided by this chapter, as the department determines to be necessary to discharge all liabilities of the insurer, exclusive of any funds contributed by the attorney or other persons, but including the reasonable cost of the liquidation.

(c) For the purpose of making deposits required by law in any state in which the insurer is or thereafter becomes an authorized insurer, for the protection of the insurer's policyholders or policyholders and creditors in such state or in the United States, if such withdrawal does not reduce the insurer's deposit in this state to an amount less than the minimum deposit required under §624.0211 (1) (a) and (b) of this code. The trustee or trustees shall transfer any assets so withdrawn and in the amount so required to be deposited in the other state direct to the depository required to receive such deposit in such other state, as certified in writing by the public official having supervision of insurance in the other state.

(3) If at any time the insurer becomes insolvent, or if its assets held in the United States are less in amount than as required under §624.0211 (1) of this code, upon determination thereof the department shall in writing order the trustee to suspend the right of the insurer or any other person to withdraw assets as otherwise authorized under (1) (a), (b) and (c) and the trustee shall comply with such order and until the further order of the department.

(4) In the case of withdrawal of trusteed assets deposited in another state in which the insurer is authorized to do business, it shall be sufficient if the trust agreement requires similar written approval of the insurance supervisory official of such state in lieu of any required approval of the department. Upon the ultimate release by any such state officer or agency of any such deposits, the securities and cash constituting such released deposit shall be delivered and paid over to the domestic insurer as the lawful successor in interest to the United States branch.

(3) The filing or recording of the order directing possession to be taken, or a certified copy thereof, in any office where instruments affecting title to property are required to be filed or recorded shall impart the same notice as would be imparted by a deed, bill of sale, or other evidence of title duly filed or recorded.

(4) The department as domiciliary receiver shall be responsible for the proper administration of all assets coming into its possession or control. The court may at any time require a bond from it or its agents if deemed desirable for the protection of such assets.

(5) Upon taking possession of the assets of an insurer, the domiciliary receiver shall,

subject to the direction of the court, immediately proceed to conduct the business of the insurer or to take such steps as are authorized by this chapter for the purpose of rehabilitating, liquidating or conserving the affairs or assets of the insurer.

(6) In connection with delinquency proceedings, the department may appoint one or more special agents to act for it and it may employ such counsel, clerks and assistants as it deems necessary. The compensation of the special agents, counsel, clerks or assistants and all expenses of taking possession of the insurer and of conducting the proceedings shall be fixed by the receiver, subject to the approval of the court, and shall be paid out of the funds or assets of the insurer. Within the limits of duties imposed upon them, special agents shall possess all the powers given to and, in the exercise of those powers, shall be subject to all duties imposed upon the receiver with respect to such proceedings.

The department shall file a petition requesting the appointment on the grounds set forth in §631.091:

(a) If it finds that there are sufficient assets of the insurer located in this state to justify the appointment of an ancillary receiver, or

(b) If ten or more persons resident in this state having claims against such insurer file a petition with the department requesting the appointment of such ancillary receiver.

(2) The domiciliary receiver for the purpose of liquidating an insurer domiciled in a reciprocal state shall be vested by operation of law with the title to all of the property, contracts and rights of action, and all of the books and records of the insurer located in this state, and it shall have the immediate right to recover balances due from local agents and to obtain possession of any books and records of the insurer found in this state. It shall also be entitled to recover the other assets of the insurer located in this state, except that upon the appointment of an ancillary receiver in this state, the ancillary receiver shall during the ancillary receivership proceedings have the sole right to recover such other assets. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state, and shall pay the necessary expenses of the proceedings. All remaining assets it shall promptly transfer to the domiciliary receiver. Subject to the foregoing provisions, the ancillary receiver and its agents shall have the same powers and be subject to the same duties with respect to the administra-

(3) The domiciliary receiver of an insurer domiciled in a reciprocal state may sue in this state to recover any assets of such insurer to which it may be entitled under the laws of this state.

All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings.

(2) Controverted claims belonging to claimants residing in reciprocal states may either:

(a) Be proved in this state, or

(b) If ancillary proceedings have been commenced in such reciprocal states, may be proved in those proceedings. In the event a claimant elects to prove his claim in ancillary proceedings, if notice of the claim and opportunity to appear and be heard is afforded the domiciliary receiver of this state, as provided in §631.171 with respect to ancillary proceedings in this state, the final allowance of such claim by the courts in the ancillary state shall be accepted in this state as conclusive as to its amount and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within the ancillary state.

History.—§732, ch. 59-205.

631.171 Claims against foreign insurers.—

(1) In a delinquency proceeding in a reciprocal state against an insurer domiciled in that state, claimants against such insurer who reside within this state may file claims either with the ancillary receiver, if any, appointed in this state, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings.

(2) Controverted claims belonging to claimants residing in this state may either:

(a) Be proved in the domiciliary state as provided by the law of that state, or

(b) If ancillary proceedings have been commenced in this state, be proved in those proceedings. In the event that any such claimant elects to prove his claim in this state, he shall file his claim with the ancillary receiver and shall give notice in writing to the receiver in the domiciliary state, either by registered mail or by personal service at least forty days prior to the date set for hearing. The notice shall contain a concise statement of the amount of the claim, the facts on which the claim is based, and the priorities asserted, if any. If the domiciliary receiver within thirty days af-

ter the giving of such notice shall give notice in writing to the ancillary receiver and to the claimant, either by registered mail or by personal service, of his intention to contest such claim, he shall be entitled to appear or to be represented in any proceeding in this state involving adjudication of the claim. The final allowance of the claim by the courts of this state shall be accepted as conclusive as to its amount and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within this state.

History.—§733, ch. 59-205.

631.181 Form of claim; notice; hearing.—

(1) All claims against an insurer against which delinquency proceedings have been begun shall set forth in reasonable detail the amount of the claim, or the basis upon which such amount can be ascertained, the facts upon which the claim is based, and the priorities asserted, if any. All such claims shall be verified by the affidavit of the claimant, or someone authorized to act on his behalf and having knowledge of the facts, and shall be supported by such documents as may be material thereto.

(2) All claims filed in this state shall be filed with the receiver, whether domiciliary or ancillary, in this state, on or before the last date for filing as specified in this chapter.

(3) Within ten days of the receipt of any claim, or within such further period as the court may, for good cause shown, fix, the receiver shall report the claim to the court, specifying in such report its recommendation with respect to the action to be taken thereon. Upon receipt of such report, the court shall fix a time for hearing the claim and shall direct that the claimant or the receiver, as the court shall specify, shall give such notice as the court shall determine to such persons as shall appear to the court to be interested therein. All such notices shall specify the time and place of the hearing and shall concisely state the amount and nature of the claim, the priorities asserted, if any, and the recommendation of the receiver with reference thereto.

(4) At the hearing, all persons interested shall be entitled to appear and the court shall enter an order allowing, allowing in part, or disallowing the claim. Any such order shall be deemed to be an appealable order.

631.191 Priority of certain claims.—

(1) In a delinquency proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states shall be preferred claims if like claims are preferred under the laws of this state. All such claims owing to residents or nonresidents shall be given equal priority of payment from general assets regardless of where such assets are located.

(2) In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims

owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

(3) The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(4) The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this chapter, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amounts shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state.

History.—§735, ch. 59-205.

631.201 Attachment and garnishment of assets.—During the pendency of delinquency proceedings in this or any reciprocal state, no action or proceeding in the nature of an attachment, garnishment or execution shall be commenced or maintained in the courts of this state against the delinquent insurer or its assets. Any lien obtained by any such action or proceeding within four months prior to the commencement of any such delinquency proceeding or at any time thereafter shall be void as against any rights arising in such delinquency proceeding.

rights of claimants holding contingent claims.

History.—§741, ch. 59-205.

631.261 Voidable transfers.—

(1) Any transfer of, or lien upon, the property of an insurer which is made or created within four months prior to the granting of an order to show cause under this chapter with the intent of giving to any creditor a preference or of enabling him to obtain a greater percentage of his debt than any other creditor of the same class and which is accepted by such creditor having reasonable cause to believe that such preference will occur, shall be voidable.

(2) Every director, officer, employee, stockholder, member, subscriber and any other person acting on behalf of such insurer who shall be concerned in any such act or deed and every person receiving thereby any property of such insurer or the benefit thereof shall be personally liable therefor and shall be bound to account to the department.

(3) The department as receiver in any proceeding under this chapter may avoid any transfer of or lien upon the property of an insurer which any creditor, stockholder, subscriber or member of such insurer might have avoided and may recover the property so transferred unless such person was a bona fide holder for value prior to the date of the entering of an order to show cause under this chapter. Such property or its value may be recovered from anyone who has received it except a bona fide holder for value as herein specified.

History.—§742, ch. 59-205; §§13, 35, ch. 69-106.

(1) Compensation actually owing to employees other than officers of an insurer, for services rendered within three months prior to the commencement of a proceeding against the insurer under this chapter, but not exceeding five hundred dollars for each employee, shall be paid prior to the payment of any other debt or claim, and in the discretion of the department may be paid as soon as practicable after the proceeding has been commenced; except that at all times the department shall reserve such funds as will in its opinion be sufficient for the expenses of administration.

(2) Such priority shall be in lieu of any other similar priority which may be authorized by law as to wages or compensation of such employees.

History.—§743, ch. 59-205; §§13, 35, ch. 69-106.

(1) In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this chapter, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in subsection (2).

(2) No offset shall be allowed in favor of any such person where:

(a) The obligation of the insurer to such person would not at the date of the entry of any liquidation order or otherwise, as provided in §631.251, entitle him to share as a claimant in the assets of the insurer, or

(b) The obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as an offset, or

(c) The obligation of such person is to pay an assessment levied against the members of a mutual insurer, or against the subscribers of a reciprocal insurer, or is to pay a balance upon the subscription to the capital stock of a stock insurer.

History.—§744, ch. 59-205.

631.291 Allowance of certain claims.—

(1) No contingent and unliquidated claim shall share in a distribution of the assets of an insurer which has been adjudicated to be insolvent by an order made pursuant to this chapter, except that such claim shall be considered, if properly presented, and may be allowed to share where:

(a) Such claim becomes absolute against the insurer on or before the last day for filing claims against the assets of such insurer, or

(b) There is a surplus and the liquidation is thereafter conducted upon the basis that such insurer is solvent.

(2) Where an insurer has been so adjudicated to be insolvent any person who has a cause of action against an insured of such insurer under a liability insurance policy issued by such insurer shall have the right to file a claim in the liquidation proceeding, regardless of the fact that such claim may be contingent, and such claim may be allowed:

(a) If it may be reasonably inferred from the proof presented upon such claim that such person would be able to obtain a judgment upon such cause of action against such insured, and

(b) If such person shall furnish suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claim against such insurers arising out of his cause of action other than those already presented can be made, and

(c) If the total liability of such insurer to all claimants arising out of the same act of its insured shall be no greater than its maximum liability would be were it not in liquidation.

(3) No judgment against such an insured taken after the date of entry of the liquidation order shall be considered in the liquidation proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured taken by default, or by collusion prior to the entry of the liquidation order shall be considered as conclusive evidence in the liquidation proceedings, either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

(4) No claim of any secured claimant shall be allowed at a sum greater than the difference between the value of the claim without security and the value of the security itself as of the date of the entry of the order of liquidation or such other date set by the court for determining rights and liabilities as provided in §631.251 unless the claimant shall surrender his security to the department, in which event the claim shall be allowed in the full amount for which it is valued.

History.—§745, ch. 59-205; §§13, 35, ch. 69-106.

631.301 Time to file claims.—

(1) If upon the entry of an order of liquidation under this chapter or at any time thereafter during liquidation proceedings the insurer shall not be clearly solvent, the court shall, upon hearing after such notice it deems proper, make and enter an order adjudging the insurer to be insolvent.

(2) After the entry of the order of insolvency, regardless of any prior notice that may have been given to creditors, the department shall notify all persons who may have claims against such insurer to file such claims with it, at a place and within the time specified in the notice, or that such claims shall be forever barred. The time specified in the notice shall be as fixed by the court for filing of claims and which shall be not less than six months after the entry of the order of insolvency. The notice shall be given in such manner and for such reasonable period of time as may be ordered by the court.

(1) The reasonable value of the assets of the insurer;

(2) The liabilities of the insurer to the extent thus far ascertained by the department;

(3) The aggregate amount of the assessment, if any, which the department deems reasonably necessary to pay all claims, the costs and expenses of the collection of the assessments and the costs and expenses of the delinquency proceedings in full;

(4) Any other information relative to the affairs or property of the insurer that the department deems material.

History.—§747, ch. 59-205; §§13, 35, ch. 69-106.

631.321 Order and levy of assessment.—

(1) Upon the filing and reading of the report and petition provided for in §631.311, the court, ex parte, may order the department to assess all members or subscribers of the insurer who may be subject to such an assess-

ment, in such an aggregate amount as the court finds reasonably necessary to pay all valid claims as may be timely filed and proved in the delinquency proceedings, together with the costs and expenses of levying and collecting assessments and the costs and expenses of the delinquency proceedings in full. Any such order shall require the department to assess each such member or subscriber for his proportion of the aggregate assessment, according to such reasonable classification of such members or subscribers and formula as may be made by the department and approved by the court.

(2) The court may order additional assessments upon the filing and reading of any amendment or supplement to the report and petition referred to in subsection (1), if such amendment or supplement is filed within three years after the date of the entry of the order of rehabilitation or liquidation.

(3) After the entry of the order to levy an assessment upon members or subscribers of an insurer referred to in subsections (1) or (2), the department shall levy an assessment upon such members or subscribers in accordance with the order.

(4) The total of all assessments against any member or subscriber with respect to any policy, whether levied pursuant to this chapter or pursuant to any other provision of this code, shall be for no greater amount than that specified in the policy or policies of the member or subscriber and as limited under this code; except as to any policy which was issued at a rate of premium below the minimum rate lawfully permitted for the risk insured, in which event the assessment against any such policyholder shall be upon the basis of the minimum rate for such risk.

(5) No assessment shall be levied against any member or subscriber with respect to any nonassessable policy issued in accordance with this code.

History.—§748, ch. 59-205; §§13, 35, ch. 69-106.

631.331 Assessment prima facie correct; notice; payment; proceedings to collect.—

(1) Any assessment of a subscriber or member of an insurer made by the department pursuant to the order of court fixing the aggregate amount of the assessment against all members or subscribers and approving the classification and formula made by the department under §631.321(1) shall be prima facie correct.

(2) Each member or subscriber shall be notified of the amount of assessment to be paid by him by written notice mailed to the address of the member or subscriber last of record with the insurer. Failure of the member or subscriber to receive the notice so mailed, within the time specified therein or at all, shall be no defense in any proceeding to collect the assessment.

(3) If any such member or subscriber fails to pay the assessment within the period speci-

(1) A society may grant paid-up nonforfeiture benefits, cash surrender values, certificate loans and such other options as its laws may permit. As to certificates issued on and after the effective date of this chapter, a society shall grant at least one paid-up nonforfeiture benefit, except in the case of pure endowment, annuity or reversionary annuity contracts, reducing term insurance contracts or contracts of term insurance of uniform amount of fifteen years or less expiring before age sixty-six.

(2) In the case of certificates other than those for which reserves are computed on the commissioners 1941 standard ordinary mortality table or the 1941 standard industrial table, the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan or other option granted shall not be less than the excess, if any, of (a) over (b) as follows:

(a) The reserve under the certificate determined on the basis specified in the certificate; and

(b) The sum of any indebtedness to the society on the certificate, including interest due and accrued, and a surrender charge equal to two and one-half per cent of the face amount

of the certificate, which, in the case of insurance on the lives of children, shall be the ultimate face amount of the certificate, if death benefits provided therein are graded.

(3) However, in the case of certificates issued on a substandard basis or in the case of certificates, the reserves for which are computed upon the American men ultimate table of mortality, the term of any extended insurance benefit granted including accompanying pure endowment, if any, may be computed upon the rates of mortality not greater than one hundred thirty per cent of those shown by the mortality table specified in the certificate for the computation of the reserve.

(4) In the case of certificates for which reserves are computed on the commissioners 1941 standard ordinary mortality table or the 1941 standard industrial table, every paid-up non-forfeiture benefit and the amount of any cash surrender value, loan or other option granted shall not be less than the corresponding amount ascertained in accordance with the provisions of the laws of this state applicable to life insurers issuing policies containing like insurance benefits based upon such tables.

(2) A society may make provisions for the payment of funeral benefits to the extent of such portion of any payment under a certificate as might reasonably appear to be due to any person equitably entitled thereto by reason of having incurred expense occasioned by the burial of the member, but the portion so paid shall not exceed the sum of five hundred dollars.

(3) If, at the death of any member, there is no lawful beneficiary to whom the insurance benefits are payable, the amount of such benefits, except to the extent that funeral benefits may be paid as hereinbefore provided, shall be payable to the personal representative of the deceased member.

632.291 Contract.—

(1) Every society authorized to do business in this state shall issue to each benefit member a certificate specifying the amount of benefits provided thereby. The certificate, together with any riders or endorsements attached thereto, the charter or articles of incorporation, the constitution and laws of the society, the application for membership, and declaration of insurability, if any, signed by the applicant, and all amendments to each thereof, shall constitute the agreement, as of the date of issuance, between the society and the member, and the certificate shall so state. A copy of the application for membership and of the declaration of insurability, if any, shall be endorsed upon or attached to the certificate.

(2) All statements purporting to be made by the member shall be representations and not warranties. Any waiver of this provision shall be void.

(3) Any changes, additions or amendments to the charter or articles of incorporation, constitution or laws duly made or enacted subsequent to the issuance of the certificate, shall bind the member and the beneficiaries, and shall govern and control the agreement in all respects the same as though such changes, additions or amendments had been made prior to and were in force at the time of the application for membership, except that no change, addition, or amendment shall destroy or diminish benefits which the society contracted to give the member as of the date of issuance.

(4) Copies of any of the documents mentioned in this section, certified by the secretary or corresponding officer of the society, shall be received in evidence of the terms and conditions thereof.

History.—§779, ch. 59-205.

632.301 Standard provisions.—

(1) After one year from the effective date of this chapter, no life benefit certificate shall be delivered or issued for delivery in this state unless a copy of the form has been filed with the department.

(2) The certificate shall contain in substance the following standard provisions or, in lieu thereof, provisions which are more favorable to the member:

(a) Title on the face and filing page of the certificate clearly and correctly describing its form;

(b) A provision stating the amount of rates, premiums or other required contributions, by whatever name known, which are payable by the insured under the certificate;

(c) A provision that the member is entitled to a grace period of not less than a full month (or thirty days at the option of the society) in which the payment of any premium after the first, may be made. During such grace period the certificate shall continue in full force, but in case the certificate becomes a claim during the grace period before the overdue payment is made, the amount of such overdue payment or payments may be deducted in any settlement under the certificate;

(d) A provision that the member shall be entitled to have the certificate reinstated at any time within three years from the due date of the premium in default, unless the certificate has been completely terminated through the application of a nonforfeiture benefit, cash surrender value or certificate loan, upon the production of evidence of insurability satisfactory to the society and the payment of all overdue premiums and any other indebtedness to the society upon the certificate, together with interest on such premiums and such indebtedness, if any, at a rate not exceeding six per cent per annum compounded annually;

(e) Except in the case of pure endowment, annuity or reversionary annuity contracts, reducing term insurance contracts, or contracts of term insurance of uniform amount of fifteen years or less expiring before age sixty-six, a provision that, in the event of default in payment of any premium after three full years' premiums have been paid or after premiums for a lesser period have been paid if the contract so provides, the society will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on the plan stipulated in the certificate, effective as of such due date, of such value as specified in this chapter. The certificate may provide, if the society's laws so specify or if the member shall so elect prior to the expiration of the grace period of any overdue premium, that default shall not occur so long as premiums can be paid under the provisions of an arrangement for automatic premium loan as may be set forth in the certificate;

(f) A provision that one paid-up nonforfeiture benefit as specified in the certificate shall become effective automatically unless the member elects another available paid-up nonforfeiture benefit, not later than sixty days after the due date of the premium in default;

(g) A statement of the mortality table and rate of interest used in determining all paid-up nonforfeiture benefits and cash surrender options available under the certificate, and a brief general statement of the method used in calculating such benefits;

(h) A table showing in figures the value of every paid-up nonforfeiture benefit and cash

surrender option available under the certificate for each certificate anniversary either during the first twenty certificate years or during the term of the certificate whichever is shorter;

(i) A provision that the certificate shall be incontestable after it has been in force during the lifetime of the member for a period of two years from its date of issue except for nonpayment of premiums, violation of the provisions of the certificate relating to military, aviation, or naval service and violation of the provisions relating to suspension or expulsion as substantially set forth in the certificate. At the option of the society, supplemental provisions relating to benefits in the event of temporary or permanent disability or hospitalization and provisions which grant additional insurance specifically against death by accident or accidental means, may also be excepted. The certificate shall be incontestable on the ground of suicide after it has been in force during the lifetime of the member for a period of two years from date of issue. The certificate may provide, as to statements made to procure reinstatement, that the society shall have the right to contest a reinstated certificate within a period of two years from date of reinstatement with the same exceptions as herein provided;

(j) A provision that in case the age or sex of the member or of any other person is considered in determining the premium and it is found at any time before final settlement under the certificate that the age or sex has been misstated, and the discrepancy and premium involved have not been adjusted, the amount payable shall be such as the premium would have purchased according to the correct age or sex: but if the correct age or sex was not insurable under the society's charter or laws, only the premiums paid to the society, less any payments previously made to the member, shall be returned or, at the option of the society, the amount payable under the certificate shall be such as the premium would have purchased at the correct age according to the society's promulgated rates and any extension thereof based on actuarial principles;

(k) A provision or provisions which recite fully, or which set forth the substance of, all sections of the charter, constitution, laws, rules or regulations of the society, in force at the time of issuance of the certificate, the violation of which will result in the termination of, or in the reduction of, the benefit or benefits payable under the certificate;

(l) If the constitution or laws of the society provide for expulsion or suspension of a member, any member so expelled or suspended, except for nonpayment of a premium or within the contestable period for material misrepresentations in such member's application for membership shall have the privilege of maintaining his insurance in force by continuing payment of the required premium; and

(3) Any of the foregoing provisions or portions thereof not applicable by reason of the

plan of insurance or because the certificate is an annuity certificate may, to the extent inapplicable, be omitted from the certificate.

History.—§780, ch. 59-205; §§13, 35, ch. 69-106.

(1) Any provision limiting the time within which any action at law or in equity may be commenced to less than two years after the cause of action accrues;

(2) Any provision by which the certificate purports to be issued or to take effect more than six months before the original application for the certificate was made, except in case of transfer from one form of certificate to another in connection with which the member is to receive credit for any reserve accumulation under the form of certificate from which the transfer is made; or

(3) Any provision for forfeiture of the certificate for failure to repay any loan thereon or to pay interest on such loan while the total indebtedness, including interest, is less than the loan value of the certificate.

632.331 Accident and health insurance and total and permanent disability insurance certificates; filing and approval.—

(1) No domestic, foreign or alien society authorized to do business in this state shall issue or deliver in this state any certificate or other evidence of any contract of accident insurance or health insurance or of any total and permanent disability insurance contract unless and until the form thereof, together with the form of application and all riders or endorsements for use in connection therewith, shall have been filed with the department.

(2) The department shall have power, from time to time, to make, alter and supersede reasonable regulations prescribing the required, optional and prohibited provisions in such contracts, and such regulations shall conform, as far as practicable, to the provisions of part VI of chapter 627 (disability insurance policies). Where the department deems inapplicable, either in part or in their entirety, the provisions of said part VI, it may prescribe the portions or summary thereof of the contract to be printed on the certificate issued to the member.

(3) Any filing made hereunder shall be deemed approved unless disapproved within sixty days from the date of such filing.

History.—§783, ch. 59-205; §§13, 35, ch. 69-106.

It may take credit for the reserves on such ceded risks to the extent reinsured, but no credit shall be allowed as an admitted asset or as a deduction from liability, to a ceding society for reinsurance made, ceded, renewed, or otherwise becoming effective after the effective date of this chapter, unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding society under the contract or contracts reinsured without diminution because of the insolvency of the ceding society.

(2) A society may create, maintain, invest, disburse and apply any special fund or funds necessary to carry out any purpose permitted by the laws of such society.

(3) Every society, the admitted assets of which are less than the sum of its accrued liabilities and reserves under all of its certificates when valued according to standards required for certificates issued after one year from the effective date of this chapter, shall, in every provision of the laws of the society for payments by members of such society, in whatever form made, distinctly state the purpose of the same and the proportion thereof which may be used for expenses, and no part of the money collected for mortuary or disability purposes or the net accretions thereto shall be used for expenses.

The statement shall be in the general form and context as approved by the national association of insurance commissioners for fraternal benefit societies and as supplemented by additional information required by the department.

(2) A synopsis of its annual statement providing an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each benefit member of the society not later than June 1 of each year, or, in lieu thereof, such synopsis may be published in the society's official publication.

632.381 Annual valuation of certificates.—

(1) As a part of the annual statement required under §632.371, each society shall, on or before March 1, file with the department a valuation of its certificates in force on December 31 last preceding provided, the department may, in its discretion for cause shown, extend the time for filing such valuation for not more than two calendar months. Such report of valuation shall show, as reserve liabilities, the difference between the present midyear value of the promised benefits provided in the certificates of such society in force and the present midyear value of the future net premiums as the same are in practice actually collected, not including therein any value for the right to make extra assessments and not including any amount by which the present midyear value of future net premiums exceeds the present midyear value of promised benefits on individual certificates. At the option of any society, in lieu of the above, the valuation may show the net tabular value. Such net tabular value as to certificates issued prior to one year after the effective date of this chapter shall be determined in accordance with the provisions of law applicable prior to the effective date of this chapter and as to certificates issued on or after one year from the effective date of this chapter shall not be less than the reserves determined according to the commissioners' reserve valuation method as hereafter defined. If the premium charged is less than the tabular net premium according to the basis of valuation used, an additional reserve equal

to the present value of the deficiency in such premiums shall be set up and maintained as a liability. The reserve liabilities shall be properly adjusted in the event that the midyear or tabular values are not appropriate.

(2) Reserves according to the commissioners' reserve valuation method, for life insurance and endowment benefits of certificates providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such certificates, over the then present value of any future modified net premiums therefor. The modified net premiums for any such certificate shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the certificate, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the certificate and the excess of (a) over (b), as follows:

(a) A net level premium equal to the present value, at the date of issue, of such benefits provided for after the first certificate year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such certificate on which a premium falls due; provided however, that such net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such certificate; and

(b) A net one-year term premium for such benefits provided for in the first certificate year.

(3) Reserves according to the commissioners' reserve valuation method for

(a) Life insurance benefits for varying amounts of benefits or requiring the payment of varying premiums,

(b) Annuity and pure endowment benefits,

(c) Disability and accidental death benefits in all certificates and contracts, and

(d) All other benefits except life insurance and endowment benefits, shall be calculated by a method consistent with the principles of subsection (2) above.

(4) The present value of deferred payments due under incurred claims or matured certificates shall be deemed a liability of the society and shall be computed upon mortality and interest standards prescribed in the following subsection.

(5) Such valuation and underlying data shall be certified by a competent actuary or, at the expense of the society, verified by the actuary of the department of insurance of the state of domicile of the society.

(6) The minimum standards of valuation for certificates issued prior to one year from the effective date of this chapter shall be those

provided by the law applicable immediately prior to the effective date of this chapter but not lower than the standards used in the calculating of rates for such certificates.

(7) The minimum standard of valuation for certificates issued from and after the effective date of this act shall be three and one half per cent interest and the following tables:

(a) For certificates of life insurance—American men ultimate table of mortality, with Bowerman's or Davis' extension thereof, or with the consent of the department, the commissioners' 1941 standard ordinary mortality table, the 1941 standard industrial mortality table or the commissioners' 1958 standard ordinary mortality table; provided, that for any category of such certificates, based on the last mortality table listed above, issued on female risks modified net premiums and present values, referred to in subsection (2) of this section, may be calculated according to an age not more than three years younger than the actual age of the insured.

(b) For annuity and pure endowment certificates, including life annuities and settlements available under optional modes of settlement in such certificates, but excluding any disability or accidental death benefits in such certificates—the 1937 standard annuity mortality table or the annuity mortality table for 1949, ultimate, or any modification of either of these tables approved by the department;

(c) For disability benefits issued in connection with life benefit certificates—Hunter's disability table; except, that for total and permanent disability benefits the class three disability table (1926) modified to conform to the contractual waiting period, or the tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the society of actuaries, with due regard to the type of benefit shall be used to compute the reserves. Any such table for active lives, shall be combined with a mortality table permitted for calculating the reserves for life insurance certificates;

(d) For accidental death benefits issued in connection with life benefit certificates—the intercompany double indemnity mortality table or the 1959 accidental death benefits table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance certificates; and

(e) For noncancellable accident and health benefits—the class three disability table (1926) with conference modifications or, with the consent of the department, tables based upon the society's own experience.

(8) The department may, in its discretion, accept other standards for valuation if it finds that the reserves produced thereby will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard herein prescribed. The department may, in its discretion, vary the standards of mortality applicable to all certificates

of insurance on substandard lives or other extra hazardous lives by any society authorized to do business in this state. Whenever the mortality experience under all certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of three consecutive years, the department may require additional reserves when deemed necessary in its judgment on account of such certificates.

(9) Any society, with the consent of the insurance supervisory official of the state of domicile of the society and under such conditions, if any, which he may impose, may establish and maintain reserves on its certificates in excess of the reserves required thereunder, but the contractual rights of any insured member shall not be affected thereby.

632.391 Annual statement; penalty for failure to file or to comply.—A society neglecting to file the annual statement in the form and within the time provided by this section shall forfeit one hundred dollars for each day during which such neglect continues, and, upon notice by the department to that effect, its authority to do business in this state shall cease while such default continues. The department shall deposit all sums collected by it under this section to the credit of the insurance commissioner's regulatory trust fund.

It may employ assistants for the purpose of such examination, and it, or any person it may appoint, shall have free access to all books, papers and documents that relate to the business of the society.

(2) In making any such examination the department may summon and qualify as witnesses under oath and examine its officers, agents and employees or other persons in relation to the affairs, transactions and condition of the society.

(3) A summary of the report of the department and such recommendations or statements of the department as may accompany such report, shall be read at the first meeting of the board of directors or corresponding body of the society following the receipt thereof, and if directed so to do by the department, shall also be read at the first meeting of the supreme legislative or governing body of the society following the receipt thereof. A copy of the report, recommendations and statements of the department shall be furnished by the society to each member of such board of directors or other governing body.

(4) The expense of each examination and of each valuation, including compensation and ac-

tual expense of examiners, shall be paid by the society examined or whose certificates are valued, upon statements furnished by the department.

It may employ assistants and it, or any person it may appoint, shall have free access to all books, papers and documents that relate to the business of the society. It may in its discretion accept, in lieu of such examination, the examination of the insurance department of the state, territory, district, province or country where such society is organized. The compensation and actual expenses of the examiners making any examination or general or special valuation shall be paid by the society examined or by the society whose certificate obligations have been valued, upon statements furnished by the department.

***Note.**—In order to conform to the terminology of §13, ch. 69-106, the editors have substituted a definition of "department" for that of "commissioner." The subsection will be appropriately amended by a subsequent reviser's bill.

634.021 Powers of department; rules.—The

department shall administer this act and to that end it may adopt, promulgate and enforce rules and regulations necessary and proper to effectuate any provisions of this act.

History.—§2, ch. 59-110; §§13, 35, ch. 69-106.

634.031 License required.—

(1) No automobile inspection and warranty association shall transact, attempt to transact, or in any manner hold itself out as transacting such business in this state unless it is authorized therefor under a subsisting license issued to it by the department. The association shall pay to the department a license tax of one hundred dollars for such license, for each license year or part thereof the license is in force.

(2) An insurer while authorized to transact property or casualty insurance in this state may transact also an automobile inspection and warranty business without additional qualifications or authority, but otherwise subject to the applicable provisions of this act.

History.—§3, ch. 59-110; §§13, 35, ch. 69-106.

634.041 Qualifications for license.—The department shall not issue a license to any such association unless the association is qualified therefor as follows:

(1) Is a solvent corporation formed under the laws of Florida or of another state, district, territory or possession of the United States.

(2) Furnishes the department with evidence satisfactory to it that the management of the association is competent and trustworthy, and can successfully manage its affairs in compliance with law.

(3) Proposes to use and uses in its business a name, together with trade mark or emblem, if any, which is distinctive and not so similar to the name of any other association, corporation, or organization already doing busi-

(2) In lieu of any deposit of securities required under subsection (1), the association may file with the department a surety bond in like amount. The bond shall be one issued by an authorized surety insurer, shall be for the same purpose as the deposit in lieu of which it is filed, and shall be subject to the department's approval. No such bond shall be cancelled or subject to cancellation unless at least thirty days' advance notice thereof in writing is filed with the department.

(3) The state shall be responsible for the safekeeping of all securities deposited with the department under this act. Such securities shall not, on account of being in this state, be subject to taxation, but shall be held exclusively and solely to guarantee the association's faithful performance of its obligations to its members or subscribers.

(4) The depositing association shall, during its solvency, have the right to exchange or substitute other securities of like quality and value for securities so on deposit, to receive the interest and other income accruing on such securities, and to inspect the deposit at all reasonable times.

(5) Such deposit or bond shall be maintained unimpaired as long as the association continues in business in this state. Whenever the association ceases to do business in this state and furnishes to the department proof satisfactory to it that it has discharged or otherwise adequately provided for all its obligations to its members or subscribers in this state, the department shall release the deposited securities to the parties entitled thereto, on presentation of the department's re-

(4) Upon completion of the application for license the department shall examine the same and make such further investigation of applicant as it deems advisable. If it finds that the applicant is qualified therefor under this act, it shall issue to the applicant a license as an automobile inspection and warranty association. If the department does not so find, it shall refuse to issue the license and shall give the applicant written notice of such refusal, setting forth the grounds therefor. (3) Upon expiration of the suspension period (if within such period the license has not otherwise terminated) the association's license shall automatically reinstate unless the department finds that the causes of the suspension have not been removed, or that the association is otherwise not in compliance with the requirements of this chapter, and of which the department shall give the association notice not less than thirty days in advance of the expiration of the suspension period. If not so automatically reinstated the license shall be deemed to have expired as of the end of the suspension period or upon failure of the association to continue the license during the suspension period, whichever event first occurs.

Such notice and charges shall be mailed by registered or certified mail, addressed to the salesman

(9) Following the hearing the department shall make its order thereon and mail a copy thereof by registered or certified mail to the address last of record in its office of each party to the hearing. The administrative penalty may, in the department's discretion, be augmented in amount by an amount equal to any commissions received by or accruing to the credit of the registrant in connection with any transaction as to which the grounds for suspension, revocation or refusal related.

(2) The department may allow the registrant a reasonable period, not to exceed thirty days, within which to pay to the department the amount of the penalty so imposed. If the registrant fails to pay the penalty in its entirety to the department at its office at Tallahassee within the period so allowed, the registration of the registrant shall stand suspended, revoked, or renewal or continuation refused, as the case may be, upon expiration of such period and without any further proceedings.

During the period said securities are deposited with the department, the owner of the same shall be entitled to the interest collected thereon. When such a final judgment has been rendered against any person having made the deposit, he shall pay same within sixty days thereafter, provided he does not prosecute or appeal from said judgment within said period; and if an appeal is so prosecuted and on appeal the judgment is affirmed, such person shall pay same within fifteen days from the date mandate from the appellate court is filed in the cause in the trial court. (2) Upon application for such rule to show cause, the court may, in its discretion, issue an injunction restraining defendant from transacting further business until further order of the court.

(3) Upon return of such order to show cause, the court shall hear and try the issues forthwith. If the court shall determine that the person so charged as defendant in such proceeding has not been guilty of the omission, failure or violation alleged in the complaint by the department, the court shall dismiss such complaint. On the other hand, if the court shall determine that the charges of the department are supported by the evidence, it may enter an order directing the liquidation of such business of said person and shall appoint a receiver who shall, under such conditions as may be prescribed by the court, take into his possession the assets of said person for the purpose of liquidation.

(4) In any such order of liquidation, or in any order or orders thereafter entered, the court shall provide for notice to creditors, filing of claims, and all other details necessary and essential to an estate in receivership.

History.—§15, ch. 65-393.

639.19 Legislative intent.—It is the legislative intent that the provisions of this chapter shall be construed as a limitation upon the manner in which a licensed funeral director holding a license to operate a funeral establishment under the provisions of chapter 470, is permitted to accept funds in prepayment of funeral services to be performed in the future to the end that at all times members of the public may have an opportunity to arrange and pay for funerals for themselves and their families in advance of need while at the same time providing all possible safeguards whereunder such prepaid funds cannot be dissipated, whether

intentionally or not so as to be available for the payment of funeral services arranged for. Further, it is the legislative intent that no person may offer, sell or negotiate for sale of a pre-need funeral service contract through anyone who is not licensed to make funeral arrangements or plan details of funeral services in accordance with the provisions of chapter 470, as well as the provisions of this chapter. Such agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the state agency and the secretary of health, education and welfare shall agree upon, but, except as may be otherwise required by or under the social security act as to the services to be covered, such agreement shall provide in effect that:

(a) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of title II of the social security act;

(b) The state will pay to the secretary of the treasury, at such time or times as may be prescribed under the social security act, contributions with respect to wages (as defined in §650.02), equal to the sum of the taxes which would be imposed by the federal insurance contributions act if the services covered by the agreement constituted employment within the meaning of that act.

(c) Such agreement shall be effective with respect to services in employment covered by the agreement performed after January 1, 1951;

(d) All services which constitute employment as defined in §650.02 and are performed in the employ of the state by employees of the state, shall be covered by the agreement.

(g) As modified, the agreement shall include all services described in either paragraph (d) or paragraph (e) of this subsection and performed by individuals in positions covered by a retirement system with respect to which the governor has issued a certificate to the secretary of health, education, and welfare pursuant to §218 (d) (3) of the social security act, as amended.

(2) Any instrumentality jointly created by this state and any other state or states is hereby authorized, upon the granting of like authority by such other state or states,

(a) To enter into an agreement with the secretary of health, education, and welfare whereby the benefits of the federal old-age and survivors insurance system shall be extended to employees of such instrumentality.

(4) For the purposes of this chapter any retirement system established by the state or any political subdivision thereof, which, on, before, or after the date of enactment of this subsection is divided into two divisions or parts, one of which is composed of positions of members of such system who desire coverage under an agreement under this chapter and the other of which is composed of positions of members of such system who do not desire

such coverage, shall, upon the governor's authorization of a referendum for either division or part, be deemed to be a separate retirement system with respect to each such division or part. Such liability shall arise in consideration of the employee's retention in the service of the state, or his entry upon such service, after the enactment of this chapter.

(2) The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

(a) It is in conformity with the requirements of the social security act and with the agreement entered into under §650.03;

(b) It provides that all services which constitute employment as defined in §650.02 are performed in the employ of the political subdivisions by employees thereof, shall be covered by the plan, except such of those services set forth in §650.02(2)(c) as the political subdivision specifically elects to exclude.

(c) It specifies the source or sources from which the funds necessary to make the payments required by paragraph (a) of subsection (3) and by subsection (4) are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(d) It provides for such methods of administration of the plan by the political subdivision as are found by the state agency to be necessary for the proper and efficient administration of the plan;

(e) It provides that the political subdivision will make such reports, in such form and containing such information, as the state agency may from time to time require, and comply with such provisions as the state agency or the secretary of health, education, and welfare may from time to time find necessary to assure the correctness and verification of such reports; and

(f) It authorizes the state agency to terminate the plan in its entirety, in the discretion of the state agency, if it finds that there has been a failure to comply substantially with any provisions contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the state agency and may be consistent with the provisions of the social security act.

(2) The state agency shall not finally refuse to approve a plan submitted by a political subdivision under subsection (1), and shall not terminate an approved plan, without reasonable notice and opportunity for hearing to the political subdivision affected thereby. Any final decision of the state agency shall be subject to proper judicial review.

(3) (a) Each political subdivision as to which a plan has been approved under this section shall pay into the social security contribution trust fund, with respect to wages (as de-

fined in §650.02), at such time or times as the state agency may by regulation prescribe, contributions in the amounts and at the rates specified in the applicable agreement entered into by the state agency under §650.03.

(b) Each political subdivision required to make payments under paragraph (a) of this subsection is authorized, in consideration of the employee's retention in, or entry upon, employment after enactment of this chapter, to impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to his wages as defined in §650.02 not exceeding the amount of the employee tax which would be imposed by the federal insurance contributions act if such services constituted employment within the meaning of that act, and to deduct the amount of such contribution from his wages as and when paid. Contributions so collected shall be paid into the social security contribution trust fund in partial discharge of the liability of such political subdivision or instrumentality under paragraph (a) of this subsection. Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(4) Delinquent payments due under subsection (3)(a) may, with interest of one-half of one percent for each calendar month or part thereof past the due date, be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or shall, at the request of the state agency, be deducted from any other moneys payable to such subdivision by any department or agency of the state.

(5) Each political subdivision as to which a plan has been approved shall be liable to the state agency for a proportionate part of the cost of administering this chapter. Such proportionate cost shall be computed and paid in accordance with such regulations relating thereto as may be adopted by the state agency, and shall be deposited in the social security administration trust fund, and if any such payment be not made when due, the amount thereof, with interest of one-half of one percent for each calendar month or part thereof past the due date, shall, upon request of the state agency, be deducted from any other moneys payable to such political subdivision by any officer, department, or agency of the state, and forthwith paid to the state agency. Withdrawals from the social security administration trust fund shall be made solely for the payment of costs of administering this chapter, and the necessary amounts are hereby appropriated from said fund for this purpose.

(a) All contributions, interest, and penalties collected under §§650.04 and 650.05;

(b) All moneys appropriated thereto under this chapter;

(d) Interest earned upon any moneys in the fund, and

(e) All sums recovered upon the bond of the custodian or otherwise for losses sustained by the fund and all other moneys received for the fund from any other source. All moneys in the fund shall be mingled and undivided. (2) The social security contribution trust fund shall be established and held separate and apart from any other funds or moneys of the state and shall be used and administered exclusively for the purpose of this chapter. Withdrawals from such fund shall be made for, and solely for:

(b) Payments of refunds provided for in §650.04(3); and

(4) The treasurer of the state shall be ex-officio treasurer and custodian of the social security contribution trust fund and shall administer such fund in accordance with the provisions of this chapter and the directions of the state agency. The treasurer shall pay all warrants drawn by the comptroller and counter-signed by the governor upon the fund in accordance with the provisions of this section and with such regulations as the state agency may prescribe pursuant thereto.

(5) There are hereby authorized to be appropriated to the social security contribution trust fund, out of the general funds of this state not otherwise appropriated, such additional sums as are found to be necessary to make the payments to the secretary of the treasury which the state is required to make pursuant to an agreement entered into under §650.03.

The notice of referendum required by §218 (d) (3) (C) of the social security act to be given to employees shall contain or shall be accompanied by a statement, in such form and such detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient, to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject, if their services are included under an agreement under this chapter.

(2) Upon receiving evidence satisfactory to him that with respect to any such referendum the conditions specified in §218 (d) (3) of the social security act have been met, the governor, or an official of the state designated by him for the purpose, shall so certify to the secretary of health, education and welfare.

(1) Prepare and furnish all forms necessary under the provisions of this chapter in relation to applications for certificates of authority, renewals thereof, statements, examinations, and other required reports.

(2) Promulgate regulations, within the standards of this chapter, considered by it necessary to effectuate the purposes of this law; and in this connection it is provided that specific enumeration of this chapter with respect to a given phase or subject matter shall not preclude the department from promulgating regulations concerning such phase or subject matter, which regulations are within the standards and purposes of the chapter.

History.—§3, ch. 28190, 1953; §§13, 35, ch. 69-106.

651.04 Certificate of authority. — On and after July 1, 1953, no person shall receive transfers of property conditioned upon an agreement to furnish life care or care for a term of years to a transferor or his nominee, nor shall such person enter into any such agreements with a transferor or his nominee for such purpose, nor shall such a person presently engaged in the furnishing of such care continue to engage in such business, unless and until such person is possessed of a certificate of authority, or renewal thereof, issued by the department under the circumstances hereinafter stated. An original certificate of authority shall expire on March 1st succeeding its issuance, and annually thereafter, on or before March 1st, a renewal thereof shall be issued under the conditions set forth, except that this provision shall not apply to any such retirement home presently or hereafter being operated under receivership or under trustees appointed by any circuit court of this state, during the period of such operation.

History.—§4, ch. 28190, 1953; §§13, 35, ch. 69-106.

651.05 Same; application; renewals.—

(1) An application for a certificate of authority by any person to the department shall be accompanied by the statement and other matters as provided in this section and by the deposit required by §651.09. Annually thereafter on or before March 1st, such person shall file said statement, as of January 1st of the calendar year in which it is filed, and such other information and data which may be required by the department.

(2) If the applicant is a corporation, the original application for said certificate of au-

thority shall also be accompanied by a copy of the charter. Thereafter, the annual statement as provided in subsection (1), shall be accompanied by a copy of any charter amendments during the period covered by said statement.

(3) Such statement shall be in the form as the department shall elect and shall evidence the following:

(a) The type of agreements for care to be entered into by such person; and if such person on July 1, 1953, is engaged in the business of furnishing care, an itemization of outstanding agreements, dates thereof, transferors or their nominees named in such agreements, consideration with respect to each agreement and conditions thereof.

(b) For use in annual statements after the issuance of an original certificate, an itemization of contracts outstanding, dates thereof, transferors or their nominees named therein, consideration with respect to each agreement and conditions thereof.

(c) Location and description of physical property or properties essential for and proposed to be used or being used, in connection with such person's agreements to furnish care.

(d) Such detailed requirements with respect to assets and liabilities as will evidence to the department;

1. Sufficiency of funds available or reasonably available during the calendar year in which such statement is filed for such person to perform his obligations under such agreements;

2. The "unearned reserve," as hereinafter defined; and

3. Investments.

(e) Such other information as may be considered essential by the department in meeting its responsibilities under this chapter.

(4) The application for original certificate of authority shall be accompanied by forms of agreements proposed to be used by such person in the furnishing of care. If the department finds that such agreements comply with §651.07, it shall approve same; provided, it shall not be responsible for any other features of said agreements. Thereafter, no other form of agreement shall be used by such person until it has been submitted to and approved by the department.

(5) Upon the department being satisfied that such statement and other accompanying matters meet the requirements of this chapter, that there has been evidenced the information required by said statement, that such person has deposited the securities required by §651.09, and has paid the fee set forth in subsection (6) hereof, it shall issue to such person said certificate of authority; and thereafter, if the annual statement of such person shall evidence such matters, if said deposit is maintained unimpaired, and if said fee is paid, it shall issue to such person a renewal of said certificate.

(6) If such person is an individual, said statement shall be sworn to by him; if a firm or association, by all members thereof; and if

a corporation, by the president and secretary thereof.

(7) The fee payable to the department for issuance of the original certificate and each annual renewal thereof shall be five dollars, which sum shall accompany each application for original certificate and thereafter each annual statement.

History.—§5, ch. 28190, 1953; §§13, 35, ch. 69-106.

651.06 Unearned reserve.—

(1) The unearned reserve with respect to any such agreement shall be that portion of the consideration paid by any transferor which has not been earned by the person agreeing to furnish care, computed on the following basis:

(a) As to an agreement for care for a term of years:

1. The consideration paid for such agreement shall be prorated on an annual basis during its term depending upon the date of execution of the agreement to fix such annual periods. Upon execution of such agreement the pro rata part of such consideration for the first year thereof shall be considered earned by said person agreeing to furnish care and shall be available to said person for such year to apply to the performance of such agreement by him; and

2. Thereafter during the term of said agreement on each anniversary date thereof the pro rata amount of such consideration shall be considered earned for each said years by, and shall be available to, such person for application to performance of said agreement during said respective years. The unearned portion of said consideration, or unearned reserve, shall be that part thereof which has not been earned on the basis mentioned.

(b) As to an agreement for life care:

1. Parts of years shall be construed as calendar years. The unearned portion of the consideration for such an agreement shall be that part thereof which at any time has not been earned by the person contracting to furnish care on the basis of the number of years which the agreement has been in force plus the number of years evidenced in the American experience table of mortality as the life expectancy of the transferor or his nominee at the attained age of such transferor or his nominee when such computation is made. Upon execution of such agreement, the pro rata part of such consideration for that calendar year shall be considered earned by such person agreeing to furnish care and shall be available to said person for such year to apply to the performance of said agreement by him; and

2. On January 1 of each year thereafter during the existence of said agreement, the pro rata amount of such consideration, computed as herein contemplated, shall be considered earned for each said calendar years by, and shall be available to, such person for application to the performance of said agreement during such respective calendar years.

(2) For the purpose of computing the un-

earned reserve with respect to a care agreement executed prior to July 1, 1953, and which provides for care for more than one transferor or nominee, the consideration set forth in such agreement shall be prorated as follows between such transferors or their nominees:

(a) As to an agreement for care for a term of years: Such consideration shall be prorated on an equal basis.

(b) As to an agreement providing for life care: The consideration named in said agreement shall be prorated between such transferors or their nominees on the basis of their respective life expectancies at the time of execution of such agreement as evidenced by the American experience table of mortality.

(3) Said unearned reserve with respect to all outstanding agreements for care, shall be maintained unimpaired, either in the form of money in bank, securities of the nature described in §651.09, or other admissible assets, as hereinafter mentioned. The value of the physical property or properties of a person who has agreed to furnish care essential to the performance of such agreements, shall not be considered in relation to funds required and available for the performance of such agreements or for the required unearned reserve.

History.—§6, ch. 28190, 1953.

651.07 Agreement provisions.—In addition to such other provisions as may be considered proper to effectuate the purpose of any such care agreement, each such agreement executed on and after July 1, 1953, shall comply with the following requirements:

(1) Such agreement shall provide for the care of only one transferor or his nominee and shall state in terms of money the consideration therefor.

(2) If such an agreement is entered into between a transferor or his nominee and any such person, the same shall provide whether, upon cancellation thereof, the unearned reserve with respect thereto shall be paid to the transferor or his nominee.

(3) A provision in such an agreement that the same may be cancelled on any anniversary date thereof by a transferor or his nominee, or any such person, upon the giving of notice of cancellation at least thirty days prior to said anniversary date by such person to a transferor or his nominee, or by a transferor or his nominee to said person. On or before the anniversary date on which such agreement shall stand cancelled, said person shall pay in money to the transferor or his nominee, as the agreement may provide, the unearned reserve with respect to said cancelled agreement.

(4) Such agreement may contain a provision to the effect that upon the death of a transferor or his nominee, the unearned reserve with respect to such agreement shall be considered earned by, and become the property of, the person contracting therein to furnish such care; provided, that at the time of such death, no notice of cancella-

tion of such agreement, as provided in preceding subsection (3) has been given such person, in which latter event such reserve shall be paid to the legal representative of the transferor where the agreement is for the latter's care, or to the transferor where the agreement is for the care of a nominee.

History.—§7, ch. 28190, 1953.

651.08 Conversion of property.—When the consideration received by any such person to furnish care in pursuance of an agreement is in a form other than money or securities as described in §651.09, such person shall convert said property into money within one year of the date of such agreement unless an extension is granted by the department; and during such one year period and extension, if any be granted, prior to conversion of said property into money, the value thereof as set forth in such agreement is an admissible asset of such person for the purposes of available funds or unearned reserve in relation to such agreement. Such property not converted into cash within one year, or such extended period, shall not be counted an asset in relation to such agreement for any purpose under this chapter. Provided, that as to any such property received as consideration by a person in connection with such an agreement prior to July 1, 1953, such person shall have one year from said effective date to convert said property into money.

History.—§8, ch. 28190, 1953; §§13, 35, ch. 69-106.

651.09 Deposit.—Any application for an original certificate of authority shall be accompanied by a deposit with the department by the person making such application, of bonds or revenue certificates of the United States, of any of the states of the United States, of the District of Columbia, or of the cities or counties of Florida, in the aggregate market value of seventy-five thousand dollars, which securities, if such certificate of authority is issued, shall be receipted for by the department and held by it in the manner and for the purposes herein-after mentioned. Such deposit, in said aggregate value, shall be maintained by any such person entering into care agreements. Whenever such person ceases to engage in such business in this state, and has settled all claims arising in connection with such care agreements or business in connection with performance of such care agreements, and has discharged all his obligations under any such agreements, upon proof of such facts to the department, and delivery to the department of the latter's receipt for such securities, the department shall deliver said securities to such person or his assignee. During the period said securities are deposited with the department, the owner of the same shall be entitled to the interest collected thereon. Such bonds so deposited shall be held by the department solely for the purpose of satisfying judgments obtained by transferors or their nominees for breach of, or amounts adjudged to be due under, said care agreements. When such a final

judgment has been rendered against any person party to such a care agreement, he shall pay same within sixty days thereafter, provided he does not prosecute or appeal from said judgment within said period; and if an appeal is so prosecuted and on the appeal the judgment is affirmed, such person shall pay same within fifteen days from the date mandate from the appellate court is filed in the cause in the trial court. Should any such person fail to pay such a judgment within the time contemplated by the immediately preceding sentence, the department shall, in pursuance of order entered in the cause in the trial court, sell sufficient of the securities of such person so deposited with it to satisfy said judgment and costs, and shall pay to the person recovering such judgment the amount thereof and costs.

History.—§9, ch. 28190, 1953; §§13, 35, ch. 69-106.

651.10 Examinations.—The department shall have power, and is required from time to time as it may deem necessary, to examine the business of any person engaged in the execution of care agreements or engaged in the performance of obligations under such agreements, in the same manner as is provided for examination by insurance companies. Such examinations shall be made by the department's designated representative or examiner, whose compensation shall be fixed by the department. The written report of all such examinations, when completed, shall be filed in the office of the department, and when so filed shall constitute public records. Any such person being examined shall produce, upon request, all records of the company. The department's designated representative may at any time examine into the records and affairs and inspect the physical property of any such person, whether in connection with a formal examination or not.

History.—§10, ch. 28190, 1953; §§13, 35, ch. 69-106.

651.11 Liquidation proceedings.—

(1) Whenever the department shall determine that any such person so engaged in the entering into said care agreements and/or the business of the performance of obligations under such agreements so entered into:

(a) Has not the necessary physical property or properties to perform the obligations assumed under such agreement; or

(b) Has not available sufficient current funds to perform the obligations assumed under such agreement; or

(c) Has not maintained the unearned reserve with respect to any such agreements; or

(d) Has failed to maintain with the department the deposit in the amount of seventy-five thousand dollars required by §651.09; or

(e) Has refused to produce papers or other books and records in connection with such person's said business for examination or inspection by the department or its representative; or

(f) Has otherwise failed to comply with the provisions of this chapter or any regulation promulgated by the department in pursuance of this law;

and if any such person shall omit to correct any such failure, refusal or violation within thirty days after written notice from the department to effect such correction, the department may, the department of legal affairs representing it, file complaint setting forth the relevant facts in the circuit court of the county wherein the business of such person is located, praying for issuance of an order directed to such person to show cause why the business and affairs of such person should not be liquidated and a receiver appointed by the court to accomplish such purpose.

(2) Upon application for such rule to show cause, or at any time thereafter, the court may, in its discretion, issue an injunction restraining the defendant from the further transaction of business, or disposition of the defendant's property, until the further order of the court.

(3) Upon return of such order to show cause, the court shall hear and try the issues forthwith. If the court shall determine that the person so charged as defendant in such proceeding has not been guilty of the omission, failure or violation alleged in the complaint by the department, the court shall dismiss such complaint. On the other hand, if the court shall determine that the charges of the department are sufficiently supported by the evidence, it may enter an order directing the liquidation of such business of said person and shall appoint a receiver who shall, under such conditions as may be prescribed by the court, take into his possession the assets of said person for the purpose of liquidation.

(4) In any such order of liquidation, or in order or orders thereafter entered, the court shall provide for notice to creditors, filing of claims and all other details necessary and essential to an estate in receivership. The court shall retain jurisdiction until the receiver is finally discharged.

History.—§11, ch. 28190, 1953; §24, ch. 57-1; §§11, 13, 35, ch. 69-106.

651.12 Penalties.—Any person who maintains, enters into, or, as manager, officer or in any other administrative capacity, assists in entering into, maintaining or performing any such care agreement provided for in this chapter without doing so in pursuance of a valid certificate of authority, or renewal thereof, as contemplated by or provided in this chapter, or who otherwise violates any provision of this chapter or regulation promulgated in pursuance of this chapter, shall, upon conviction, be punished by imprisonment for not more than one year in the state prison, or by fine not in excess of two thousand dollars, or both, in the discretion of the court.

carry ten per cent of its net profits for such preceding period as is covered by the dividend to its surplus fund, until the same shall at least equal the amount of its common and preferred stock. Whenever the surplus becomes impaired or reduced below the aggregate amount of common and preferred stock, it shall be reimbursed in the manner provided for its accumulation.

(3) Each director, upon assuming office, shall take an oath that he will, so far as the duty devolves on him, diligently and honestly administer the affairs of such bank and will not knowingly violate, or willfully permit to be violated, any of the provisions of this chapter, and that he is the owner in good faith and in his own right of shares of voting common stock in the amount required by subsection (2) subscribed by him or standing in his name on the books of the bank and that the same is not hypothecated or in any way pledged as security for any loan or debt. Persons holding stock as executors, administrators, guardians or trustees shall not be personally subject to any liability as stockholders, but the estates and funds in their hands shall be liable in like manner and to the same extent as the testator, intestate, ward or person interested in trust funds would be, if living and competent to hold the stock in his own name. Such stockholders who have transferred their shares or registered the transfer thereof within six months next before the date of the failure of such bank to meet its obligations, or with knowledge of such impending failure, shall be liable to the same extent as if they had made no such transfer, to the extent that the subsequent transferee fails to meet such liability; but this provision shall not be construed to affect in any way any recourse which such stockholders might otherwise have against those in whose names such shares are registered at the time of such failure, provided that this section shall not apply to stockholders in a bank which is a member of the federal deposit insurance corporation, a corporation under the laws of the United States, or which has an unimpaired surplus equalling the amount of its capital stock.

(2) Whenever the lawful reserve of any such bank as defined in subsection (1) shall be below the amount of fifteen per cent of its deposits, such bank shall not increase its liabilities by making any new loans or discounts otherwise than by discounting or purchasing of bills of exchange payable at sight, nor making any dividends of its profits until the required proportion between its deposits and its lawful money of the United States has been restored. The department may notify any bank whose lawful money reserves shall be below the amount above required to be maintained to make good such reserve, and if such bank shall fail in thirty days thereafter so to make good its reserve of lawful money, the department may appoint a liquidator to wind up the business of the bank as provided in §661.10.

The package shall then be placed in the general vaults of the lessor at a rental not exceeding the rental previously charged for the box.

(2)(a) If the contents of the safe deposit box have not been claimed within one year of the mailing of the certificate, the lessor may send a further notice to the last known address of the lessee stating that, unless the accumulated charges are paid within thirty days, the contents of the box will be sold at public auction at a specified time and place, or in the case of securities listed on a stock exchange, will be sold upon the exchange on or after a specified date and that unsalable items will be destroyed. The time, place and manner of sale shall also be posted conspicuously on the premises of the lessor and advertised once in a newspaper of general circulation in the community. If the articles are not claimed, they may then be sold in accordance with the notice.

(b) The balance of the proceeds, after deducting accumulated charges, including the expenses of advertising and conducting the sale, shall be deposited to the credit of the lessee in any account maintained by him, or if none, shall be deemed a deposit account with the bank operating the safe deposit facility, and shall be identified on the books of the bank as arising from the sale of contents of a safe deposit box.

(3) Any documents or writings of a private nature, and having little or no apparent value need not be offered for sale, but shall be retained, unless claimed by the owner, for the

period specified for unclaimed contents, after which they may be destroyed.

(4) The remedies provided for in this section shall apply to rental accrued or contents of safe deposit boxes held by banks prior to the enactment of chapter 28016 of the laws of 1953, chs. 656-661, Florida Statutes.

(1) Any seven resident persons of the state may apply to the department of banking and finance for permission to organize a credit union. A credit union is organized in the following manner:

(a) The applicants execute in duplicate a certificate of organization by the terms of which they agree to be bound. The certificate shall state:

1. The name and location of the proposed credit union.

2. The names and addresses of the subscribers to the certificate and the number of shares subscribed by each.

(b) They next prepare and adopt bylaws for the general governance of the credit union consistent with the provisions of this chapter, and execute the same in duplicate.

(c) The certificate and the bylaws, both executed in duplicate, are forwarded to the department with a filing fee of five dollars and an investigation fee of fifteen dollars for the use of the state.

Each loan officer shall furnish the credit committee a record of each loan approved or not approved within seven days after the filing of the application therefor. All loans not acted upon by the loan officer shall be acted upon by the credit committee. (2) By majority vote the supervisory committee may call a special meeting of the members to consider any matter submitted to it by said committee. The said committee shall fill vacancies in its own membership.

(6) Furniture, fixtures and equipment that may be required in the transaction of its business.

(7) With the approval of the department, credit unions may invest in corporation bonds with a fixed maturity of any corporation within the United States if such bonds are rated by at least two nationally recognized rating services in any one of the three highest classifications approved by the department of the currency for the investment of the funds of national banks; provided, however, that if only one nationally recognized rating service shall rate such obligations, then such rating service must have rated such obligations in any one of the two highest classifications heretofore mentioned. After the reserve has

Moneys acquired through the building up of this reserve fund may be invested under the terms of §657.04. The reserve fund herein provided for shall be held by the corporation as a reserve against bad debts of any nature owing to it; and said fund shall not be distributed or reduced except in cases of liquidation of the credit union or for the charging out of bad debts, and any such charge to this account must be first approved by the board of directors.

657.18 Dividends.—The directors of a credit union, after provision has been made for transfers to the reserve fund in accordance with the provisions of §657.17, may declare a dividend from undivided earnings not to exceed six percent per annum, which dividend shall be paid on all shares outstanding at the end of the period covered by such dividend. Shares which become fully paid up during the period covered by such dividend shall be entitled to a proportional part of such dividend, calculated from the first day of the month following such payments in full, or, if the bylaws so provide, dividends may be calculated from the first day of the month during which they are paid in full on or before the tenth of such month.

Any member may withdraw from the credit union at any time but notice of withdrawal may be required. All amounts paid on shares or as deposits of an expelled or withdrawing member, with any dividends or interest accreted thereto, to the date thereof, shall, as funds become available and after deducting all amounts due from the member to the credit union, be paid to him. If funds are not then available, sums due expelled or withdrawing member shall be paid in the order filed out of one-half of receipts. The credit union may require sixty days' notice of intention to withdraw shares and thirty days' notice of intention to withdraw deposits. Withdrawing or expelled members shall have no further rights in the credit union but are not, by such expulsion or withdrawal, released from any remaining liability to the credit union.

657.20 Dissolution.—A credit union established and operating under the provision of this chapter may be dissolved in one of the following ways:

(1) **VOLUNTARY LIQUIDATION.**—The process of voluntary liquidation shall be as follows:

(a) *Approval of liquidation.*—A state credit union may go into voluntary liquidation by a vote in favor of such liquidation by a majority of the members of the credit union in attendance at a regular meeting of the members or at a special meeting called for that purpose. Where authorization for liquidation is to be obtained at a meeting of members, notice in writing shall be given to each member at least seven days before such meeting, and the minutes of the meeting shall show the number of members present and the number that voted for and against liquidation.

(b) *Notice of liquidation to department.*—Within ten days after the decision of the board of directors to submit the question of liquidation to the members, the president shall notify the department thereof in writing, setting forth in detail the reasons for the proposed action. Within ten days after the action of the members on the question of liquidation, the president shall notify the department in writing as to whether or not a majority of the members approved the proposed liquidation.

(c) *Transaction of business during liquidation.*—Immediately on decision by the board of directors of a state credit union to seek approval of the members for liquidation, payments on shares, withdrawal of shares (including any transfer of shares to loans and interest), making investments of any kind, and granting of loans shall be suspended, pending action by members on the proposal to liquidate. On approval by a majority of the members of such proposal, payments on shares, withdrawal of shares (including any transfer of shares to loans and interest), making investments of any kind except with the approval of the department, and the making of loans shall be permanently discontinued. Necessary expenses of operation shall, however, continue to be paid on authorization by the board of directors or liquidating agent during the period of the liquidation.

(d) *Notice of liquidation to members.*—Immediately on decision by the board of directors, a notice of such decision shall be handed to each member or mailed to his last known address together with a request that the member furnish his passbook or confirm in writing the shares held by him in the state credit union and the loans owed by him to the credit union.

(e) *Notice of liquidation to creditors.*—On approval of a majority of the members of a state credit union of a proposal to liquidate, the board of directors of the state credit union shall immediately have prepared and mailed to all creditors a notice of liquidation containing instructions to them to present their claims to the state credit union within ninety days for payment.

(f) *Report at commencement of liquidation.*—At the commencement of voluntary liquidation of a state credit union, the treasurer or agent conducting the liquidation shall file with

the department a financial and statistical report and a schedule showing the name, book number, share balance, and loan balance of each member.

(g) *Reports during period of liquidation.*—State credit unions in the process of voluntary liquidation shall file with the department a financial and statistical report as of December 31 within ten days after such date. Additional reports, as determined by the department to be necessary, shall be furnished promptly on written request.

(h) *Examinations of state credit unions in voluntary liquidation.*—When deemed advisable by the department, an examination of the books and records of a state credit union may be made prior to, during, or following completion of voluntary liquidation. The fee for each such examination shall be waived by the department.

(i) *Responsibility for conduct of voluntary liquidation.*—The board of directors of a state credit union in voluntary liquidation shall be responsible for conserving the assets, for expediting the liquidation, and for equitably distributing the assets to members. The board of directors shall determine that all persons handling or having access to funds of the state credit union are adequately covered by surety bond. The board of directors shall appoint a custodian for the state credit union's records that are to be retained for five years after the charter is cancelled. The board of directors may appoint a liquidating agent and delegate part or all of these responsibilities to him and may authorize reasonable compensation for his services. Any such liquidating agent shall be bonded for faithful performance of his duties.

(j) *Partial distribution.*—Upon the request of the board of directors or liquidating agent and with written approval of the department, a partial distribution of the credit union's assets may be made to its members from cash funds available.

(k) *Completion of liquidation.*—When all assets of the state credit union have been converted to cash or found to be worthless and all loans and debts owing to it have been collected or found to be uncollectible and all obligations of the state credit union have been paid, with the exception of amounts due its members, the books shall be closed and the pro rata distribution to members computed. The amount of gain or loss shall be entered in each member's share account and should be entered in his passbook or statement of account.

(l) *Distribution of assets.*—Promptly after the pro rata distribution to members has been computed, checks shall be drawn for the amounts to be distributed to each member who has surrendered his passbook or has given a written confirmation of his balance. The checks shall be mailed to such members at their last known address or handed to them in person. The passbooks or written confirmations submitted by members to verify balances shall be retained with the credit union records. The department shall be notified promptly of the date final distribution of assets to the members is started. Unclaimed share

accounts which have been dormant for the period which makes them subject to the escheat or abandoned property laws of the state, shall be paid to the state as required by such laws.

(m) *Final report.*—Within 120 days after the final distribution to members is started, the state credit union shall furnish to the department's office the following:

1. A schedule, on an official form, of unpaid claims, if any, due members who failed to surrender their passbooks or confirm their balances in writing during liquidation whose share accounts are not payable to the state under applicable escheat or abandoned property laws and of unpaid claims, if any, due members or creditors who failed to cash final distribution checks within the said 120 days. This schedule shall be accompanied by a certified check or money order payable to the department in the exact amount of the total of these unpaid claims. The department shall deposit said funds in a special account with the state treasury where they will be held for the account of the individuals named on said schedule. Each such individual, or any authorized person on his behalf, may submit to the department a written claim for the amount of such funds held for him.

2. A schedule, on an official form, showing the name, book number, share balance at the commencement of liquidation, pro rata share of gain or loss, and amount of each unclaimed share account paid to the state under applicable escheat or abandoned property laws. The check number and date of payment to the state should be included in the schedule.

3. A schedule, on an official form, showing the name, book number, share balance at the commencement of liquidation, pro rata share of gain or loss, and amount distributed to each member.

4. A summary report on liquidation in duplicate, on an official form.

5. The certificate of dissolution and liquidation, on an official form, signed under oath by the board of directors or agent who conducted the liquidation and made the final distribution of assets to the members.

6. The name and address of the custodian of the state credit union's records.

7. The charter of the state credit union.

(n) *Retention of records.*—All records of the liquidated credit union necessary to establish that creditors were paid and that members' share holdings were equitably distributed shall be retained by a custodian appointed by the department, for a period of five years following the date of cancellation of the charter.

(o) *Cancellation of charter.*—On proof that distribution of assets has been made to members and within one year after receipt of the certificate of dissolution and liquidation, the department shall cancel the charter of the state credit union concerned.

(2) **INVOLUNTARY LIQUIDATION.**—The process of involuntary liquidation shall be as follows:

(a) *Basis for involuntary liquidation.*—The charter of any state credit union may be suspended or revoked, the state credit union placed in involuntary liquidation, and a liquidating agent therefor appointed, upon the finding by the department that the organization is bankrupt or insolvent or has violated any provisions of its charter, its bylaws, or any regulation issued by the department or that such suspension or revocation and liquidation is in the best interests of the membership of the state credit union concerned.

(b) *Suspension or revocation of charter.*—Except as otherwise provided for by the regulations in this chapter, the department, before suspending or revoking the charter of a state credit union and placing the state credit union in liquidation, may cause to be served on the state credit union concerned a notice of intention to suspend or revoke the charter, a statement of the reasons for such proposed action, and an order directing the state credit union concerned to show cause why its charter should not be suspended or revoked. Service of the order to show cause shall be either by mail addressed to the state credit union concerned at the last address of its office as shown by the records of the department or by delivery to any officer or member of the board of directors of the state credit union. The order shall be returned to the department. No oral hearing shall be held on such order to show cause, but the state credit union concerned may file with the department, within the period of time specified in the order to show cause, a statement in writing setting forth the grounds and reasons why its charter should not be suspended or revoked. This statement shall be accompanied by a certified copy of a resolution of the board of directors of the state credit union concerned authorizing the filing of the statement. If no statement is received within the period of time specified in the order, or if the proffered reasons why the charter should not be suspended or revoked are found to be insufficient by the department, it may order that the charter be suspended or revoked and may order the state credit union placed in involuntary liquidation. If the state credit union is ordered to be liquidated, the department shall designate the liquidating agent in the order directing the liquidation. A copy of the order directing the suspension or revocation and, when proper, of the order directing the involuntary liquidation and of the appointment of a liquidating agent and a statement of the findings on which the order is based shall be served on the state credit union concerned. Such service shall be either by mail addressed to the state credit union concerned at the last address of its office as shown by the records of the department or by delivery to any officer or member of the board of directors of the state credit union concerned.

(c) *Order directing involuntary liquidation.*—In the event the department does not order the state credit union placed in involuntary liquidation at the time it orders its charter sus-

pended or revoked, the department may, at any time prior to the cancellation of the suspension or the annulment of the revocation, order the state credit union concerned to show cause why it should not be placed in involuntary liquidation. Service of the order to show cause shall be either by mail addressed to the state credit union concerned at the last address of its office as shown by the records of the department or by delivery to any officer or member of the board of directors of the state credit union concerned. The order shall be returned to the department. No oral hearing shall be held on such order to show cause, but the state credit union concerned may file with the department, within the period of time specified in the order to show cause, a statement in writing setting forth the grounds and reasons why it should not be placed in involuntary liquidation. This statement shall be accompanied by a certified copy of a resolution of the board of directors of the state credit union concerned authorizing the filing of the statement. If no statement is received within the period of time specified in the order, or if the proffered reasons why the state credit union should not be placed in involuntary liquidation are found to be insufficient by the department, it may order that the state credit union be placed in involuntary liquidation and may appoint a liquidating agent. A copy of the order directing the involuntary liquidation and appointment of a liquidating agent and a statement of the findings on which the order is based shall be served on the state credit union concerned. Such service shall be either by mail addressed to the state credit union concerned at the last address of its office as shown by the records of the department or by delivery to any officer or member of the board of directors of the state credit union.

(d) *Immediate suspension or liquidation.*—In any case when the department shall find that a state credit union is insolvent, that the interests of its members require immediate action, or that the issuance of the order to show cause provided for in this chapter will not serve any purpose, the department may order the suspension or revocation of the charter and the involuntary liquidation of the state credit union and the appointment of a liquidating agent therefor, without prior notice to the state credit union of such action and without prior issuance of the order to show cause provided for in this chapter.

(e) *Involuntary liquidation and appointment of liquidating agent.*—On receipt of a copy of the order placing the state credit union in involuntary liquidation, the officers and directors of the state credit union concerned shall deliver to the liquidating agent possession and control of all books, records, assets, and property of every description of the state credit union, and the liquidating agent shall proceed to convert said assets to cash, collect all debts due to said state credit union and to wind up its affairs in accordance with the provisions of this chapter and the instructions and proce-

dures issued to said liquidating agent by the department.

(f) *Cancellation of charter.*—On the completion of the liquidation and certification by the liquidating agent that the distribution of the assets of the state credit union has been completed, the department shall cancel the charter of the state credit union concerned.

The procedure for obtaining such approval and effecting the conversion shall be as follows:

Proof of giving of the notice shall be by the affidavit of the president of the credit union. A majority of the members present at this meeting shall then approve the proposed conversion.

(3) The credit union shall then obtain, in writing, the approval of a majority of the shareholders on record as of the date of the resolution by the board of directors.

(4) Within ten days after the approval of the conversion by the majority of the shareholders, as provided in subsection (3), the president or vice-president and treasurer shall file a verified copy of the resolution adopted by the board of directors with the state or federal authority, under whose supervision the converting credit union is to operate.

(5) Upon the filing of the articles of incorporation with the proper state or federal authorities; and with the written approval of the state authorities for credit unions applying for conversion to state credit unions; and with the written approval of the federal authorities for credit unions applying for conversion to federal credit unions, the converting credit union shall, upon compliance with all other applicable state or federal laws, become a credit union under the laws of this state or the United States, as the case may be; and thereupon all assets shall become the property of the new state or federal credit union, as the case may be, subject to all existing liabilities against the credit union, and every person who was a shareholder, or member of the converting credit union, shall be a shareholder in the new state or federal chartered credit union in like amount.

(2) If the department finds that the proposed bank or trust company has in good faith complied with all the requirements of law, it shall within thirty days after the filing of the statement specified in subsection (1)(b), issue, in duplicate, under its official seal, a certificate of authorization to transact a general banking or trust business, transmitting one copy to the bank or trust company and placing one copy in the department file. preceding their election, and must be residents therein during their continuance in office. Every director of a bank or trust company hereafter chartered must own in his own right, free of lien, encumbrance, option or pledge agreement, voting common stock of the bank of which he is a director of not less than one thousand dollars par value; any director who ceases to be the owner of such amount of voting common stock, or who becomes in any other manner disqualified, shall thereby vacate his place as such director; provided that as to those banks having an authorized capital of twenty-five thousand dollars or less, such directors must own in his own right capital stock in such bank of not less than five hundred dollars par value in the manner above provided for other banks.

Such stockholders who have transferred their shares or registered the transfer thereof within six months next before the date of the failure of such bank or trust company to meet its obligations, or with knowledge of such impending failure, shall be liable to the same extent as if they had made no such transfer, to the extent that the subsequent transferee fails to meet such liability; but this provision shall not be construed to affect in any way any recourse which such stockholders might otherwise have against those in whose names such shares are registered at the time of such failure, provided that this section shall not apply to stockholders in a banking, savings or trust company which is a member of the federal deposit insurance corporation, a corporation under the laws of the United States, or which has an unimpaired surplus equalling the amount of its capital stock.

The department may notify any bank whose lawful money reserves shall be below the amount above required to be maintained to make good such reserve, and if such bank shall fail in thirty days thereafter so to make good its reserve of lawful money, the department may appoint a liquidator to wind up the business of the bank as provided in §661.10.

(e) The rates, penalties, premiums, costs, charges and minimum charge, authorized under this section, shall be construed as exceptions to the laws of Florida governing interest and usury and the penalties of such laws shall apply in all cases where the limitations or requirements of this section are exceeded or violated.

(f) The privileges conferred by subsection (1) shall not extend to any lending institution which, either

1. Refuses or neglects to rebate to the borrower any unearned interest or discount when the borrower shall repay the loan in full before the due date of the last and final installment, or

2. Misrepresents the interest or discount rates or charges or the conditions of making loans in any form of advertisement or notice to the public or to potential customers.

(g) It shall be the duty of the department to enforce the provisions of this section and to make such investigations and initiate such actions in court, or otherwise, as may insure its enforcements.

History.—§2, ch. 28016, 1953.

659.51 Special remedies for nonpayment of rent.—

(1) If the rental due on a safe deposit box has not been paid for six months, the lessor may send a notice by registered mail to the last known address of the lessee stating that the safe deposit box will be opened and its contents stored at the expense of the lessee unless payment of the rental is made within thirty days. If the rental is not paid within thirty days from the mailing of the notice, the box may be opened in the presence of an officer of the lessor and of a notary public who is not a director, officer, employee or stockholder of the lessor. The contents shall be sealed in a package by a notary public who shall write on the outside the name of the lessee and the date of the opening. The notary public shall execute a certificate reciting the name of the lessee, the date of the opening of the box and a list of its contents. The certificate shall be included in the package and a copy of the certificate shall be sent by registered mail to the last known address of the lessee. The package shall then be placed in the general vaults of the lessor at a rental not exceeding the rental previously charged for the box.

(2) If the contents of the safe deposit box have not been claimed within one year of the mailing of the certificate, the lessor may send a further notice to the last known address of the lessee stating that, unless the accumulated charges are paid within thirty days, the contents of the box will be sold at public auction at a specified time and place, or, in the case of securities listed on a stock exchange, will be sold upon the exchange on or after a specified date and that unsalable items will be destroyed. The time, place and manner of sale shall also be posted conspicuously on the premises of the lessor and advertised once in a newspaper of general circulation in the community. If the articles are not claimed, they may then be sold in accordance with the notice. The balance of the proceeds, after deducting accumulated charges, including the expenses of advertising and conducting the sale, shall be deposited to the credit of the lessee in any account maintained by him, or if none, shall be deemed a deposit account with the bank or trust company operating the safe deposit facility, and shall be identified on the books of the bank as arising from the sale of contents of a safe deposit box.

(3) Any documents or writings of a private nature, and having little or no apparent value need not be offered for sale, but shall be retained, unless claimed by the owner, for the period specified for unclaimed contents, after which they may be destroyed.

(4) The remedies provided for in this section shall apply to rental accrued or contents of safe deposit boxes held by banks prior to the enactment of chapter 28016 of the laws of 1953, chs. 658-661.

The issuance or sale by banks of travelers checks, money orders, or other instruments for the transmission or payment of money, by or through employees or agents of the bank off the bank premises shall not be deemed a violation of or inconsistent with the provisions of §659.06, relating to the place of transacting business by banks.

(b) Advertise that it is accepting deposits and issuing notes or certificates therefor, or making use of any office sign at the place where its business is transacted having thereon any artificial or corporate name or other words indicating that such place or office is the place or office of a bank or trust company, that deposits are received there or payments made on checks or any other form of banking business transacted, nor shall any such persons make use of or circulate any letterheads, billheads, blank notes, blank receipts, certificates or circulars, or any written or printed paper whatever having thereon any article or corporate name or other words indicating that such business is the business of a bank, commercial bank or trust company, or transact business in such a way or manner as to lead the public to believe that its business is that of a bank or trust company, except to the extent expressly authorized by this code.

(c) Transact business under any name or title which contains the word "bank," "banker," "banking," or "trust company," or which indicates that such business is the business of a bank or trust company; provided, however, that any bank holding company registered under the United States bank holding company act of 1956, 12 United States Code, §§1841 through 1849, as amended, may utilize a name or title which contains the word "bank," "banker," or "banking," or any plural thereof. Any building and loan association or savings and loan association having in its corporate name words not clearly indicating the nature of its business shall state in or on all signs, letterheads, and advertising, "This is a building and loan association," or "This is a savings and loan association," or words to that effect. This paragraph, as amended by chapter 61-164, Laws of Florida, shall not apply to any corporation or business

using such words as herein defined on the effective date of said chapter 61-164.

(2) This subsection shall in nowise restrict or impair any right, authority or power granted savings banks, Morris plan or industrial banks or credit unions organized and operated under the laws of the state.

(3) Any building and loan association may issue shares and investment certificates and do such other business as may be authorized by the laws of the state relating to building and loan associations, but no building and loan association shall advertise or hold itself out to the public as a bank.

(4) Any person, firm or corporation violating the provisions of this section shall be liable for a fine in the amount of one hundred dollars per day, or part thereof, during which such violation continues. Any court, in a proceeding brought by the commissioner or any interested person affected thereby, may enjoin any person from using words in violation of the provisions of this section, or from transacting business in violation of this code, or in such a way or manner as to lead the public to believe that its business is that of a bank, commercial bank or trust company.

(1) No limitation or prohibition otherwise imposed by any provision of the laws of this state exclusively relating to banks or any kind or class of banks shall prevent any two or more banks from investing not more than ten per cent of the paid-in and unimpaired capital and unimpaired surplus of each of them in a bank service corporation; and each of any two or more banks may invest not more than ten per cent of its paid-in and unimpaired capital and unimpaired surplus in a bank service corporation.

(2) If stock in a bank service corporation has been held by two or more banks, and one or more banks ceases to utilize the services of the bank service corporation and ceases to hold stock in it, and leaves only one bank as the sole stockholding bank, the bank service corporation may nevertheless continue to function as such and the sole remaining stockholding bank may continue to hold stock in it.

History.—§2, ch. 63-113.

659.62 Banks authorized to use services.—No limitation or prohibition otherwise imposed by any provision of the laws of this state, other than §§659.59-659.66, exclusively relating to banks or any kind or class of banks or exclusively relating to persons performing services

for banks or any kind or class of banks, shall prevent:

(1) Issuing stock to the applying bank and furnishing bank services to it on the same basis as to the other banks holding stock in the bank service corporation, or

(2) Furnishing bank services to the applying bank at rates no higher than necessary to fairly reflect the cost of such services, including the reasonable cost of the capital provided to the bank service corporation by its stockholders, at the option of the bank service corporation, unless comparable services at competitive overall cost are available to the applying bank from another source, or unless the furnishing of the services sought by the applying bank would be beyond the practical capacity of the bank service corporation. In any action or proceeding to enforce the duty imposed by this section, or for damages for the breach thereof, the burden shall be upon the bank service corporation to show such availability.

History.—§4, ch. 63-113.

659.65 Retention of supervision by department.—

No state bank may cause to be performed, by contract or otherwise, any bank services for itself, whether at or away from its banking house or on or off its premises, unless assurances satisfactory to the department are furnished to the department by both the state bank and the person performing such services that the performance thereof will be subject to regulation and examination by the department to the same extent as if such serv-

ices were being performed by the bank itself on its own premises.

History.—§6, ch. 63-113; §§12, 35, ch. 69-106.

(7) As assignee, receiver or trustee of any insolvent person or corporation or under any assignment for the benefit of creditors.

(8) As fiscal agent, transfer agent or registrar of any municipal or private corporation, provided that this prohibition shall not be so construed as to prevent banks and trust companies not located in this state from acting

within the state where located as fiscal agent, transfer agent or registrar of municipal or private corporations of this state; provided further, however, that nothing herein shall prevent any Florida corporation not a bank or trust company and not having trust powers from being its own fiscal agent, transfer agent or registrar concerning its own affairs, stock or securities. Provided, however, that nothing in this section or in any other law of this state shall be construed to prohibit a foreign bank or foreign trust company as trustee of any charitable foundation or endowment, employees' pension, retirement or profit-sharing trust, alone or together with a cotrustee from: contracting in this state or elsewhere with any person to acquire from such person a part or the entire interest in a loan which such person proposes to make, has heretofore made or hereafter makes, together with a like interest in any security instrument covering real or personal property in the state proposed to be given or hereafter or heretofore given to such person to secure or evidence such loan; servicing directly or entering into servicing contracts with persons, and enforcing in this state the obligations heretofore or hereafter acquired by it in the transaction of business outside of this state or in the transaction of any business authorized or permitted hereby; or acquiring, holding, leasing, mortgaging, contracting with respect to, or otherwise, protecting, managing, or conveying property in this state which has heretofore or may hereafter be assigned, transferred, mortgaged or conveyed to it as security for, or in whole or in part in satisfaction of, a loan or loans made by it or obligations acquired by it in the transaction of any business authorized or permitted hereby; provided, further, that no such foreign bank or trust company shall be deemed to be transacting business in this state, or be required to qualify so to do, or to be unlawfully exercising powers or duties or acting in an unlawful or prohibited capacity or to be violating any of the provisions of this section or of any other law of this state, solely by reason of the performance of any of the acts or business hereinbefore permitted or authorized hereby; and provided, further, that nothing herein shall be construed as authorizing or permitting any foreign bank or trust company to maintain an office within this state.

History.—§3, ch. 28016, 1953; §1, ch. 57-409.
Note: See former §655.27.

660.11 Establishment of common trust funds.—Any bank or trust company qualified to act as fiduciary in this state may establish one or more common trust funds for the exclusive purpose of furnishing investments to itself as fiduciary, including estates, guardianships, managing agencies, and all other fiduciary relationships, now in existence or hereafter created, requiring or authorizing investment of funds held as fiduciary including managing agencies, or to itself and others, as cofiduciaries. It may, as such fiduciary or cofiduciary,

invest funds which it lawfully holds for investment in interests in such common trust funds if such investment is not prohibited by the instrument, judgment, decree, or order creating such fiduciary relationship and if, in the case of cofiduciaries, the bank or trust company procures the consent of its cofiduciary or cofiduciaries to such investment, which consent such cofiduciary is hereby authorized to grant. The full management of the fund shall at all times be in full charge of such bank and trust company, and no cofiduciary shall have any right to interfere in the management of such common trust funds.

History.—§3, ch. 28016, 1953; §1, ch. 67-365.

Note: See former §655.29.

660.12 Common trust fund investments.—No bank or trust company shall mingle its own funds with any common trust fund managed by such bank or trust company, and every investment of a common trust fund shall, at all times, be such as would be a proper investment for each fiduciary account owning an interest in such common trust fund.

History.—§3, ch. 28016, 1953; §1, ch. 67-336.

Note: See former §655.30.

660.13 Common trust fund to be audited annually.—A bank administering a common trust fund shall keep proper records, which in addition to all other necessary and proper matters shall show at all times the proportionate interest of each trust in the common trust fund, and at least once during each period of twelve months, cause an audit to be made of the common trust fund by auditors responsible only to the board of directors of the bank. The report

of such audit shall include a list of the investments comprising the common trust fund at the time of the audit, which shall show the valuation placed on each item on such list by the trust investment committee of the bank as of the date of the audit, a statement of purchases, sales and any other investment changes, and of income and disbursements since the last audit, and appropriate comments as to any investment in default as to payment of principal or interest. The reasonable expenses or any such audit made by independent public accountants may be charged to the common trust fund. The bank shall manage such common trust funds without charge, save necessary expenses, and shall send a copy of the latest report of such audit annually to each person to whom a regular periodic accounting of the trusts participating in the common trust fund ordinarily would be rendered or shall send advice to each such person annually that the report is available and that a copy will be furnished without charge upon request.

History.—§3, ch. 28016, 1953.

Note: See former §655.31.

660.14 Common trust fund court accountings.—Unless ordered by a court of competent jurisdiction, the bank or trust company operating such common trust funds is not required to render a court accounting with regard to such funds; but it may, by application to the circuit court, secure approval of such an accounting after such notice, and on such conditions as the court may establish.

661.01 Definitions for §§661.01-661.09.—As used in §§ 661.01-661.09:

(1) "Constituent bank" means a party to a merger.

(2) "Converting bank" means a bank converting from a state to a national bank, or the reverse.

(3) "Converted bank" means the same bank after the conversion.

(4) "Merger" includes consolidation.

(5) "Resulting bank" means the combined banks and trust companies carrying on business upon completion of a merger.

History.—§4, ch. 28016, 1953.

Note: See former §§652.27, 653.27.

661.02 Merger; with resulting state or national bank.—

(1) Upon approval of the department banks may be merged with a resulting state bank as hereafter prescribed, except that the action by a constituent national bank shall be taken in the manner prescribed by and shall

be subject to any limitations or requirements imposed by any law of the United States which shall also govern the rights of its dissenting shareholders.

(2) Nothing in the law of this state shall restrict the right of a state bank to merge with a resulting national bank. The action to be taken by a constituent state bank and its rights and liabilities and those of its shareholders shall be the same as those prescribed for national banks at the time of the action by the applicable law of the United States and not by the law of this state.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.

Note: See former §652.28.

cf.—§659.02 Application to organize bank.

§659.03 Investigation by department.

§659.15 Filing fees.

661.03 Merger agreement.—Where there is to be a resulting state bank, the board of directors of each constituent state bank shall, by a majority of the entire board, approve a merger agreement which shall contain:

(1) The name of each constituent bank and the location of each office.

(2) With respect to the resulting bank:

(a) The name and the location of the proposed office;

(b) The name and residence of each director to serve until the next annual meeting of the stockholders;

(c) The name and residence of each officer;

(d) The amount of capital, the number of shares and the par value of each share;

(e) Whether preferred stock is to be issued and the amount, terms and preferences;

(f) The amendments to the charter and by-laws.

(3) The terms for the exchange of shares of the constituent banks for those of the resulting bank.

(4) A statement that the agreement is subject to approval by the department and by the stockholders of each constituent bank.

(5) Provisions governing the manner of disposing of the shares of the resulting state bank not taken by dissenting shareholders of constituent banks.

(6) Such other provisions as the department requires to enable it to discharge its duties with respect to the merger.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §652.29.

661.04 Approval by department; valuation of assets.—

(1) After approval by the board of directors of each constituent bank, the merger agreement shall be submitted to the department for approval, together with certified copies of the authorizing resolutions of the several boards of directors showing approval by a majority of the entire board and evidence of proper action by the board of directors of any constituent national bank.

(2) Without approval by the department no asset shall be carried on the books of the resulting bank at a valuation higher than that on the books of the constituent bank at the time of the last examination by a state or national bank examiner before the effective date of the merger.

(3) Within thirty days after receipt by the department of the papers specified in subsection (1), the department shall approve or disapprove the merger agreement. The department shall approve the agreement if it appears that:

(a) The resulting state bank meets all the requirements of state law as to the formation of a new state bank.

(b) The agreement provides an adequate capital structure including surplus in relation to the deposit liabilities of the resulting state bank and its other activities which are to continue or are to be undertaken.

(c) The agreement is fair.

(d) The merger is not contrary to the public interest.

If the department disapproves an agreement,

it shall state its objections and give an opportunity to the constituent banks to amend the merger agreement to obviate such objections.

(4) Where the resulting state bank is not to exercise trust powers, the department shall not approve a merger until satisfied that adequate provision has been made for successors to fiduciary positions held by constituent banks.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §652.30.

661.05 Approval by stockholders; rights of dissenters.—

(1) To be effective, a merger must be approved by the stockholders of each constituent state bank by a vote of two-thirds of the outstanding voting stock at a meeting called to consider such action, which vote shall constitute the adoption of the charter and by-laws of the resulting state bank, including the amendments set forth in the merger agreement.

(2) The notice of the meeting of the stockholders shall state that dissenting stockholders will be entitled to a payment of the value of only those shares which are voted against approval of the plan.

(3) The owner of shares which were voted against the approval of the merger shall be entitled to receive their value in cash, if and when the merger becomes effective, upon written demand, made to the resulting state bank at any time within thirty days after the effective date of the merger, accompanied by the surrender of the stock certificates. The value of such shares shall be determined as of the date of the shareholders' meeting approving the merger by three appraisers, one to be selected by the owners of two-thirds of the shares involved, one by the board of directors of the resulting state bank, and the third by the two so chosen. The valuation agreed upon by any two appraisers shall govern. If the appraisal is not completed within ninety days after the merger becomes effective, the department shall cause an appraisal to be made.

(4) The expenses of appraisal shall be paid by the resulting state bank.

(5) The resulting state bank may fix an amount which it considers to be not more than the fair market value of the shares of a constituent bank at the time of the stockholders' meeting approving the merger, which it will pay dissenting shareholders of that constituent bank entitled to payment in cash. The amount due under such accepted offer or under the appraisal shall constitute a debt of the resulting state bank.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §652.31.

661.06 Effective date of merger; filing of approved agreement; certificate of merger as evidence.—

(1) A merger shall, unless a later date is specified in the agreement, become effective upon the filing with the department of the executed agreement together with copies of the

resolutions of the stockholders of each constituent bank approving it, certified by such bank's president or vice-president and a secretary. The charters of the constituent banks, other than the resulting bank shall thereupon be deemed surrendered.

(2) The department shall thereupon issue to the resulting bank a certificate of merger setting forth the name of each constituent bank and the name of the resulting state bank. Such certificate shall be conclusive evidence of the merger and of the correctness of all proceedings therefor in all courts and places, and may be recorded in any office for the recording of deeds to evidence the new name in which the property of the constituent bank is held.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §652.32.

661.07 Continuation of corporate entity; use of old names.—

(1) The resulting state bank shall be considered the same business and corporate entity as each constituent bank with all of the rights, powers, and duties of each constituent bank except as limited by the charter and by-laws of the resulting state bank.

(2) The resulting state bank shall have the right to use the name of any constituent bank whenever it can do any act under such name more conveniently.

(3) Any reference to any constituent bank in any writing, whether executed or taking effect before or after the merger, shall be deemed a reference to the resulting state bank if not inconsistent with the other provisions of such writing.

History.—§4, ch. 28016, 1953.
Note: See former §652.33.

661.08 Conversion from state bank to national bank and the reverse.—

(1) Nothing in the law of this state shall restrict the right of a state bank to convert into a national bank upon compliance with the laws of the United States, and upon completion of such conversion it shall surrender its charter as a state bank.

(2) A national bank located in this state which follows the procedure prescribed by federal law to convert into a state bank, may be granted a state charter if it meets the requirements for the incorporation of a state bank. Any requirement of state law that shares must be paid for in cash may be satisfied by the exchange of shares of the converted state bank for those of the converting national bank, which may be valued at not more than their fair cash market value. The procedure for incorporation of a state bank may be modified to the extent made necessary by the difference between an ordinary incorporation and a conversion.

(3) The converted bank shall be considered the same business and corporate entity as the converting bank with all of the rights, powers and duties of the converting bank ex-

cept as limited by the charter and by-laws of the resulting bank. It may use the name of the converting bank whenever it can do any act under such name more conveniently.

(4) Any reference to the converting bank in any writing, whether executed or taking effect before or after the conversion, shall be deemed a reference to the converted bank if not inconsistent with the other provisions of such writing.

History.—§4, ch. 28016, 1953.
Note: See former §652.34.

661.09 Non-conforming assets of business.—

If a constituent bank has assets which do not conform to the requirements of state law for the resulting bank or if a converting national bank has assets which do not conform to the requirements of state law for the converted state bank, or in either case there are business activities which are not permitted for the resulting or converted state bank, the department may permit a reasonable time to conform with state law.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §652.35.

661.10 Insolvency; appointment of liquidator.—On becoming satisfied from the reports furnished to it by a state bank examiner, or upon other satisfactory evidence thereof, that any state bank or trust company has become insolvent and is in default, or that the affairs of any bank or trust company chartered under the laws of this state are in an unsound condition, or threatened with insolvency because of illegal or unsafe investments, or that its liabilities exceed its assets, or that it is transacting business without authority of law, or in violation of law, or if the directors of any bank or trust company chartered under the laws of this state shall knowingly violate or knowingly permit any of its officers, agents or servants to violate any of the provisions of law relative to such bank or trust company, the rights, privileges and franchises shall be subject to be forfeited, and the department may, in its discretion, forthwith designate and appoint a liquidator to take charge of the assets and affairs of such bank, and require of him such bond and security as the department deems proper, not exceeding double the amount that may come into his hands, and such liquidator shall be subject to dismissal by the department whenever in its judgment such dismissal is deemed necessary or advisable. When one liquidator is dismissed, another may be duly designated and appointed.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §653.45.

661.11 Liquidation procedure.—Such liquidator, under the direction and supervision of the department, shall take possession of the books, records and assets of every description of such bank or trust company, and in his name shall sue for and collect all debts, dues and claims belonging to it, and upon the order of a court may sell or compound all bad or doubtful

debts and, on a like order, may sell all the real and personal property of such bank or trust company on such terms as the court shall direct, and may, if necessary to pay the debts of such bank or trust company, sue for and enforce the individual liability of the stockholders. Such liquidator shall pay all money received by him to the state treasurer to be held as a special deposit for the use and benefit of the creditors subject to the order of the department, and shall also make quarterly reports, or when called upon, to the department of all of his acts and proceedings. The department immediately, upon appointing such liquidator, shall serve notice upon the president, or upon any vice president or cashier, or upon any director, or other person having the charge or management of any such bank or trust company, informing him or them in such notice of its action in appointing such liquidator, and notifying him or them, or it, that the department would apply on a date therein named not to exceed ten days from the date of service of such notice to some circuit judge having jurisdiction over the same for an order confirming its action, and the appointment of a liquidator for such banking institution or trust company; and such bank or trust company, at such hearing, may contest before such circuit judge the rightfulness and legality of such action of the department in appointing such liquidator; provided that this section shall not apply to stockholders in a bank or trust company which is a member of the federal deposit insurance corporation, a corporation under the laws of the United States, or which has an unimpaired surplus equalling the amount of its capital stock.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §653.45.

661.12 General liquidator.—The department may provide for the administration of the affairs of institutions under §§661.11 and this section by one general liquidator, who shall be designated by the department as a general liquidator for the administration of the affairs of several or all of the institutions in liquidation, whose compensation shall be paid by the department to be paid in such proportions out of the assets of the institution whose affairs are being administered as the department may determine, not exceeding in the aggregate seven thousand five hundred dollars per annum. The department may provide for the transfer at any time to the general liquidator of the affairs of any institution for which a particular liquidator, or receiver, has been heretofore, or shall hereafter, be designated, and the general liquidator shall thereupon be vested with all the rights conferred by law on such general liquidator as if he had been designated in the first instance to act as such.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §653.46.

661.13 Federal Deposit Insurance Corporation, as liquidator.—The Federal Deposit Insurance Corporation, created under the Fed-

eral Deposit Insurance Act, upon appointment by the department, may be and act without bond as receiver or liquidator of any banking institution, the deposits in which are to any extent insured by the corporation, and which shall have been closed by the department. The department may, in its discretion, in the event of such closing, tender to the corporation the appointment as receiver or liquidator of such banking institution, and if the corporation accepts the appointment, the corporation shall have and possess all the powers and privileges provided by the laws of this state with respect to a receiver or liquidator, respectively, of a banking institution, its depositors and other creditors.

History.—§4, ch. 28016, 1953; §1, ch. 67-247; §§12, 35, ch. 69-106.
Note.—See former §653.47.

661.14 Federal Deposit Insurance Corporation, subrogated.—Whenever any bank or trust company shall have been closed by the department and the Federal Deposit Insurance Corporation shall pay, or make available for payment, the insured deposit liabilities of the closed institution, the corporation, whether or not it shall have become receiver or liquidator of the closed bank or trust company, as provided in §661.13, shall be and become subrogated by operation of law to all rights against the closed bank or trust company of each owner of a claim for deposit, to the extent now or hereafter necessary to enable the Federal Deposit Insurance Corporation, under federal law, to make insurance payments available to depositors of closed insured banks or trust companies.

History.—§4, ch. 28016, 1953; §2, ch. 67-247; §§12, 35, ch. 69-106.
Note: See former §653.48.

661.15 Department's procedure as to unsound banks.—If, from any examination made by the department or any state bank examiner acting under its authority, of any bank or trust company, the department shall have reason to conclude that any such bank or trust company is in an unsound or unsafe condition, it shall forthwith take possession of the property and business of such bank or trust company, and retain such possession until its affairs are placed in a sound and safe condition, or until a receiver or liquidator is appointed, as provided by law, and pending such possession by the department, all the remedies at law or in equity of any creditor or stockholder against any such bank or trust company shall be suspended; provided, however, that the department may, upon conditions as may be approved by it, surrender possession of such bank or trust company for the purpose of permitting such bank or trust company to resume business, and the department shall have authority to authorize a reduction of capital in such suspended bank or trust company if found necessary for the resumption of business, and provided further, that upon consent in writing of the representatives of an amount of the deposits of any such bank or trust company, ag-

gregating seventy-five per cent or more, of the total deposits of such bank or trust company the department shall by order, freeze all deposits of such bank or trust company upon such reasonable terms and conditions as it may fix, as one of the terms of such resumption of business, and that the public officers of any town, city, county, state, special road and bridge district, special school district, or other municipal corporation of the state having control over any unsecured public moneys on deposit with any such bank or trust company, may sign and execute such consent to the freezing of such deposits of public money for the purpose herein contemplated, for and in behalf of the municipality, state, county, special road and bridge district, or special school district represented. Provided further, that before such freezing order shall become effective, the department shall give ten days' notice by publication of its intention to apply to the circuit court where the bank is located, or of Leon county, to have such order confirmed, at which time any person interested may appear and present objections why such order should not be confirmed.

History.—§4, ch. 28016, 1953; §24, ch. 57-1; §§12, 35, ch. 69-106.
Note: See former §653.55.

661.16 Transfer of non-liquid assets.—In all cases where any bank or trust company has resumed or continued business under the provisions of §661.15 and a "freezing" order obtained as to all deposits, such bank or trust company may set aside, transfer and convey to a trustee, corporation or liquidating agent, by and with the consent of the department, a part or all of the non-liquidating assets of said bank or trust company and held by such bank or trust company at the time of such "freezing" order, and responsible for the payment of all deposits included within such "freezing" order, for and in consideration of the surrender to such bank or trust company of all of the special certificates of deposit issued pursuant to the freezing order theretofore obtained; provided, however, that the consent in writing of the representatives of an amount of such frozen deposits representing seventy-five per cent or more of the total unpaid frozen deposits shall first be had and obtained.

History.—§4, ch. 28016, 1953; §§12, 35, ch. 69-106.
Note: See former §653.56.

661.17 Issue of stock certificates for pro rata share in frozen assets.—When the representatives of an amount of the frozen or unpaid deposits representing seventy-five per cent, or more, of the total unpaid or frozen deposits, shall have agreed in writing to the setting aside, transferring or conveying to a trustee, corporation or other liquidating agent selected by the creditors, the frozen assets of such bank, or trust company, then such trustee, corporation or other liquidating agent may issue to the holder or holders of such certificates of deposit, or other evidence of indebtedness, who have not consented in writing to such transfer,
